#### **2. New Business:**

The Chairman recommended a procedure to begin deciding on the methods to be utilized by the task force to develop advice to the Parish Council. The procedure was outlined with 8 bullet points to discuss or agree upon.

Once the discussions began, the members presented their ideas on what the report to the council should encompass. Members discussed such items as emphasizing the projects benefit the entire Parish, whether funds should be divided amongst the Council members and Parish President and the lack of specific information on projects.

After much discussion there was some consensus that the task force needs to provide guidelines to the use of the funds and the worksheet needs to be revised and place projects into categories. Jerry Bologna suggested using the categories used in the JEDCO proposal.

The Chairman stated he would for the next meeting provide guidelines taken from the presentations and the comments of the member. He will revise the worksheet and put the projects into categories.

Member Jim Young requested to make a brief presentation in regard to the loss revenues experienced by the Greater New Orleans Senior Games. Due to COVID they have experience losses of \$6,308.46. The Chairman advised that he felt the council could make them whole with District Improvement funds as has been done many times in the past.
