## Black History Month

As the saying goes, Black history is American history — and it's a varied and rich history. A wise nation honors and learns from its past. It refuses to let the most important facts about our shared and collective memory disappear into the depths of forgotten history. What happened in the past shapes and informs where we are heading in the future

## National Heart Health Month

Cardiovascular disease is the world's number one cause of death, killing over 17 million people every year. During this month wareness is created about the various heart conditions, and it goes a long way to help reduce the rate at which heart-related diseases are taking the lives of people. We need to use this month to take extra care of our heart health and help those who already suffer from heart diseases.

## National Self-Check Month

Self-checks serve as a means to increase the chances of avoiding chronic disease and other mostly preventable health conditions. National Self-Check Month helps to highlight a variety of self-empowering and proactive early detection and preventive resources as well as tools for guiding us through healthcare-related fears and concerns.

## David Aubrey

David Aubrey was selected by AT&T as their Louisiana President after having served as Director of External Affairs for AT&T Louisiana. In his current role Mr. Aubrey has worked tirelessly to accomplish his goal of giving all Louisianans the affordable access needed to thrive in the rapidly advancing digital age. Not only is AT&T expanding connectivity under Mr. Aubrey, but they have prioritized resiliency which can help commerce make a speedy recovery after major outages.
