Description of Inspection:

OK to Release: Meter Solar (NET) Meter Vacancy Construction Loop 30 Day

Only Jefferson Parish Department of Inspection and Code Enforcement can authorize the pouring of any foundation, the closing of any walls or ceilings, the release of any utilities, the issuance of certificates of completion, and/or the issuance of certificates of occupancy.

This Inspection warranties compliance with the International Residential Code 2015, International Building Code 2015, International Existing Building Code 2015, International Mechanical Code 2015, International Fuel Gas Code 2015, International Plumbing Code 2015 and National Electrical Code 2014. All above referenced Codes are as amended locally and by Louisiana State Uniform Construction Code.

Any inspection report, once submitted to the Parish of Jefferson, becomes public record, and is subject to the Public Records Doctrine of the State of Louisiana.
