

TORNADO SAFETY

TORNADO FACTS

- » A violently rotating column of air extending from a thunderstorm to the ground
- » May be rain-wrapped and may not be viewable until it is too late
- » Waterspouts form over water, but can move onshore and cause damage as they do.

SMALL DECISIONS MAKE A BIG IMPACT

- » Seek shelter in a small interior room with no windows on the lowest level of a building
- » Do not take cover under an overpass
- » Evacuate a mobile home to a sturdy building
- » Get under something sturdy to protect from flying debris
- » Cover your head with a helmet to protect from head injury
- » Sign up for Jefferson Parish Alerts
