SECTION I. INTRODUCTION, PURPOSE AND BACKGROUND

A. INTRODUCTION

The Louisiana Workforce Development Board 11 (LWDB11) is one of fifteen (15) Workforce Development Boards in Louisiana designated by the Governor under the Workforce Innovation and Opportunity Act (WIOA). For the purposes of this Request for Proposal (RFP), the Louisiana Workforce Development Board 11 will be referred to as LWDB11.

The LWDB11 serves the workforce needs of Jefferson Parish. The LWDB11 is dedicated to identifying and promoting workforce development strategies that positively impact the economic wellbeing of the parish. The Board serves as a strategic leader and convener of employers, workforce professionals, education providers, economic development agencies and other stakeholders to drive innovation and build workforce alliances that can provide services to meet the needs of businesses. The Board is also the Quality Assurance Agent for public funds ensuring the public workforce system is demand-driven, efficient and effective, and is of value and has impact in our local communities.

Our Vision is sustainable employment through strategic human capital investments producing positive economic returns for our businesses and our communities.

Our Strategic Priorities

- ▶ Serve as a workforce broker, bringing employers and qualified applicants together. The focus is on identifying specific needs of employers, resulting in more market-driven programs and stronger employer support.
- ▶ Assist in building a better workforce, linking employers and individuals to education and training programs.
- ▶ Promote long-term employability and life-long learning by providing access to "skills" training allowing competitiveness in today's labor market.
- ▶ Prepare youth for employment in the region's most vital industries through various youth programs.

The LWDB11 has designated the **Workforce Connection** (also known as American Job Centers) as its primary service provider in the local area. These Centers offer career services for WIOA adult, dislocated worker, youth and discretionary grant programs as outlined in the WIOA law. These centers are located on the Eastbank and Westbank of Jefferson Parish at 1801 Airline Hwy., Suite F, Metairie, LA 70062 and 1900 Lafayette St., Suite 1, Gretna, LA 70056. The hours of operations are Monday through Friday, 8:30am till 4:30pm.

Under the leadership of the Workforce Board, the American Job Centers are charged with assisting employers in recruiting and retaining employees, and helping individuals learn high-demand skills, find employment and further their career opportunities.

Job seekers and employers have access to numerous workforce services through these centers which include, but are not limited to the following:

Job Seeker Services:

Career Planning and Counseling
Job Search Assistance
Job Referrals
Specialized Assessments
Resume Writing Assistance
Training Funds

Business Services:

Screening and Recruitment
Job Matching
Job Posting
Workforce Data
On-the-Job and Customized Training Fund
On-site recruiting events and Job Fairs

This Request for Proposal was prepared based upon the WIOA and associated U.S. Department of Labor Regulations and guidance. This federal law was implemented to consolidate, coordinate, and improve employment, training, literacy and vocational rehabilitation programs in the United States. WIOA provides the framework for a national workforce preparation system that is flexible, responsive, customer focused, and locally managed. Mandatory core partners include: WIOA Adult, Dislocated Worker, and Youth Programs, as well as Wagner Peyser, Adult Education and Literacy, and Vocational Rehabilitation.

Required Program Partners must participate in a Memorandum of Understanding (MOU) process and provide coordinated services with the comprehensive American Job Center. Required Program Partners include the four Core partners listed above, as well as Career and Technical Education (Community & Technical Colleges), Title V Older Americans, Job Corps, Native American Programs, Migrant Seasonal Farmworkers Program, Veterans, Trade Act, Community Services Block Grant (CSBG), Housing and Urban Development (HUD), Unemployment Compensation, Second Chance Act, and Temporary Assistance to Needy Families grant. In the event any of the required partners do not have funding in the parish, their participation is waived.

B. PURPOSE

The purpose of this RFP is to procure one (1) Contractor to serve as the One-Stop System Operator for the LWDB11. The primary role of the One-Stop System Operator is to coordinate the service delivery of core and required partners and other community partners working with the comprehensive and affiliate American Job Centers. Refer to Section II, Scope of Work for specific roles and responsibilities of the One-Stop Operator.

Respondents are strongly encouraged to read Training and Employment Guidance Letter 04-15 issued by the U.S. Department of Labor that outlines the vision for the One-Stop System under WIOA.

C. BACKGROUND

The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014, passed by Congress with a wide bipartisan majority. WIOA replaced the Workforce Investment Act (WIA) of 1998 and more strongly promotes program coordination and alignment of key employment, education and training programs at the Federal, State, local and regional levels.

Every year, the key programs forming the pillars of WIOA help tens of millions of jobseekers and workers to connect to good jobs and acquire the skills and credentials needed to obtain them,

and it connects employers with skilled workers needed for global economic competition. The enactment of WIOA provided an opportunity for reforms to ensure the entire One-Stop Delivery System is job driven, responding to the needs of employers, and preparing workers for jobs that are available now and in the future.

The successful respondent to this RFP will be expected to remain informed on WIOA regulations and requirements as it pertains to the role of the One-Stop Operator. Both WIOA and the regulations can be accessed on the Department of Labor's site (www.doleta.gov).

WIOA was built around the following key principles:

- ▶ Increase access and opportunity, particularly for those individuals with barriers to employment, to ensure success in the labor market
- ▶ Support the alignment of workforce investment, education, and economic development systems in the creation of a comprehensive, accessible, and high-quality workforce development system
- ▶ Promote improvement in the structure and delivery of services to better address the employment and skill needs of workers, jobseekers, and employers
- ▶ Increase the prosperity of workers, jobseekers, and employers
- ▶ Provide workforce investment activities, through local workforce development systems, that increase the employment, retention and earnings of participants, and increase attainment of recognized postsecondary credentials by participants.

The LWDB11 was required to submit a local and regional plan to the State of Louisiana which outlines the goals, strategies and objectives for 2020 through 2024 for providing access and resources of the workforce development system to our citizens. These Plans may be found on the LWDB11 website at www.jeffparish.net

SECTION II. SCOPE OF WORK

A. ONE-STOP OPERATOR ROLES & RESPONSIBILITIES

The One-Stop Operator will coordinate the service delivery of core and required partners and other community partners working with the comprehensive and affiliate American Job Centers. The WIOA MOU serves the key purpose of defining partner roles and focuses, in part, on the shaping of the workforce system. Service Model

The provider selected under this RFP will be expected to assist the LWDB11 in continuing to develop and enhance the workforce development system of the parish area by focusing on a fully coordinated and integrated customer service strategy. The focus of services will be driven by four (4) key points:

- Providing exceptional customer service;
- Meeting the needs of business and workers;
- Program integration to provide seamless access, increase service accessibility, leverage resources; and

- Accountability.

This comprehensive services model is designed to be an innovative and coordinated approach that focuses on a fully integrated service delivery strategy among the network of partners to ensure customers flow seamlessly along a continuum of services. It combines WIOA core partners and other required stakeholders, providing services with a collective impact approach that enhances the customer experience and helps them discover appropriate and meaningful services at single locations. The One-Stop Operator will be expected to work with the partner agencies to assist in attaining this holistic approach to customer service.

B. BUDGET

Proposals must include a budget detailing all costs related to One-Stop Operator services. Based on responsibilities assigned to the One-Stop Operator, it has been determined that all costs are program costs. In the event a proposal is submitted on behalf of/by a consortium, the budget must clearly show how any proposed shared costs of the One-Stop Operator will be funded. All proposals must include a lead staff person and associated expenses including wages, benefits and other costs. Staffing costs should consider the percentage of time an individual will spend on One-Stop Operator responsibilities. It is anticipated that approximately 15 hours a week (on average) would be needed to successfully meet requested needs.

SECTION VII. CONTRACT PROVISIONS

The following are examples of the contract provisions that will be included in the contract that will be developed as a result of this RFP. The exact text of the contract provisions may differ slightly from the examples shown.

Contract Costs – All costs that are approved in a contract must be reasonable and necessary to carry out the planned functions. The costs must be allowable and allocable to the proper grants and costs categories. If the contractor is a public entity or non-profit entity, the contract will not include a provision for profit. Profit margins with individuals and for-profit organizations may be negotiated. Profit margins must be reasonable and cannot be based on a percentage of actual costs.

The contract awarded under this RFP is subject to available funding. The LWDB11 does not guarantee any minimum or maximum amount of work and/or dollar value associated with this procurement. The specific method of payment for services to be rendered will be set for in the negotiated contract and will be contingent upon demonstration that the negotiated performance deliverables have been successfully accomplished.

Contract Renewal and Extension – The contract that results from this RFP may have a provision for extension. The terms and lengths of any extension will be established by the LWDB11 and will be included in the contract provisions. All extensions must be documented in a modification to the contract. Each extension must be for not more than one year and a maximum of three extensions are permitted.

Evaluations will be conducted after the second and fourth quarter of contract operations to ensure adequate performance of contract. Based upon these evaluations, an extension may be granted contingent upon continued contract performance.

Early Termination – The contract that results from this RFP will have provisions for termination of the contract for failure to satisfactorily perform the tasks that are required. The contract that results from this RFP may also have provisions which allow the contract parties to cancel the contract at any time by providing advanced notice to other contract parties. The contract will also provide for termination of the contract for lack of funds.

Modifications – The contract will have a provision for modifying the contract. Modifications may be necessary to incorporate changes required by Federal or State laws and policies. Modifications may be necessary to increase funds to the Contractor if funds become available through other sources.

Assignment and Subcontracting – A part of the proposal evaluation is based upon the previous experience of the proposer and its staff. The contract will contain a provision that prohibits subcontracting or assigning the work to be performed without the written permission of the LWDB11.

Indemnification – The contract will include an indemnification clause which will state that the Contractor shall indemnify and hold harmless the State of Louisiana/LWC, WIOA Administrative Entity/Fiscal Agency, Local Chief Operating Official, LWDB11, its officers, agents and employees from liability of any nature and kind, including costs, expenses, and attorney fees, for or on account of any actions, claims, suits, and damages of any character whatsoever arising out of any negligent act or omission of the Contractor or any of its employees, agents, volunteers, subcontractors, or representatives.

Dispute Resolution – The contract will have a provision for dispute resolution. This provision will require the Contractor to use administrative processes and negotiation in attempting to resolve disputes arising from this contract. The contract will require the contractor to continue to provide services while the dispute process is ongoing.

Audit Rights – The contract will have a provision which will allow the Fiscal Agent, the State of Louisiana, the U.S. Department of Labor, the United States Comptroller General, and of their duly authorized representatives, or other with statutory audit rights to perform audits after reasonable advanced notice to the Contractor at any time during the contract period or within three (3) years from the date of the final payment of the contract. At any time during normal business hours and as often as the Fiscal Agent or any of the above parties may deem necessary, the Contractor shall make available to their duly authorized representatives for examination, all its records with respect to all matters covered by the contract. The Fiscal Agent, the State of Louisiana, the U.S. Department of Labor, the United States Comptroller General, any of their duly authorized representatives, shall have the authority to audit, examine, and make excerpts or transcripts from, any books, documents, papers, and records of the Contractor which are directly pertinent to the contract, including all contracts, invoices, materials, payrolls, personnel records, conditions of employment, and other data relating to all matters covered by the contract. The LWDB11 reserves the right to monitor the contractor annually and anytime during the contract period.

Access to Records and Records Retention – The contract will have a provision relating to Records Retention. That provision will require the Contractor to maintain all records pertinent to the contract, including financial, statistical, property, participant records, and supporting documentation. These records shall be preserved and made available to the Fiscal Agent and its agents for a period of three (3) years after the date of the final closeout of the contract. However, in the event of an audit, records shall be kept by the Contractor until the audit is completely resolved, even if it requires a retention period longer than 3 years. If the Contractor is unable to retain the necessary records for the required period, the Contractor will transfer such records to the Fiscal Agent. Such records shall be transmitted to the Fiscal Agent for acceptance in an orderly fashion with documents properly labeled and filed, and in an acceptable condition for storage.

Performance – The Contractor will be measured for performance of the contract. Evaluations will be conducted on a regular basis throughout the contract period to determine whether the Contractor is meeting scheduled benchmarks. Contract performance will be negotiated prior to the beginning of the contract and may include measures relating to the following areas:

- Documented Partner meetings
- Documented Partner Cross Training Activities
- Progress toward integration of partner services
- Publication of Quarterly Partner newsletters
- Submission of monthly reports to Executive Director

Copyrights and Rights to Data – The contract will have a provision relating to Copyrights and Data. That provision requires Contractor to agree that the Fiscal Agent, State of Louisiana, and the U.S. Department of Labor shall have unlimited rights to any data first produced or delivered under the contract.

Deobligations – The contract that results from this RFP will contain clauses regarding availability of funds. Those clauses will allow the LWDB11 to decrease or eliminate funding to the contractor if funding made available to the LWDB11 is not sufficient to allow for full payment of the contract.

At the time the contract is written, the actual funding amounts provided to the workforce area will probably not be available. The contract may be modified prior to or subsequent to the beginning of the year to reflect changes that are necessary due to actual funding amounts received. The carryover of any funds is an item that must be negotiated with the LWDB11 and/or Fiscal Agent.

Price Adjustment – This provision will state that if the contract was negotiated in reliance upon cost data supplied by the Contractor, the Fiscal Agent can adjust the price to exclude any significant sum by which the prices were increased because the Contractor had submitted cost data in the original proposal which was not accurate, complete, or current.

Insurance – There is not requirement that proof of insurance be submitted with the proposal, but evidence of insurance must be provided prior to beginning the performance of work under the contract. The Fiscal Agent requirements may include proof of the following as applicable: general liability coverage, insurance for motor vehicles used by employees of the contractor, workers compensation, and blanket bond coverage.

EEO Requirements – The Contractor will be required to comply with certain EEO requirements. No person in the United States shall be, on the grounds of race, color, religion, sex, sexual orientation, national origin, age, handicap, political affiliation, belief, or marital status be excluded from participation in, be denied benefits of, be subject to discrimination under, or be denied employment in the administration or in the connection with any program or activity funded in whole or part with funds made available under the agreement.

Participant Grievances – The contract will include a provision that requires the Contractor to adopt procedures for hearing and resolving grievances and complaints arising out of this contract, in conformity with the LWDB11's established policies.

Duplicate Funding – The contract will have a provision requiring the Contractor to agree that any Contractor’s cost which are already allocated to other sources may not be included in the cost of the contract. The Contractor must inform the LWDB11 if the Contractor applies for or receives funds which affect the cost or performance of work under this contract and how the Contractor plans to allocate duplicated funds. The LWDB11 must have the right to renegotiate the contract relative to the changed costs.

Compliance with Law – In rendering the performance hereunder, the Contractor shall comply with the requirements of the Workforce Innovation and Opportunity Act (WIOA), Public Law 113-128, with the regulations promulgated thereunder, and with the following:

- Applicable Federal Laws and appropriate OMB Circulars
- Laws of the State of Louisiana
- WIOA policies as adopted by the Louisiana Workforce Commission
- Local Laws
- Regional and Local Plan
- JPWDB policies
- U.S. Dept. of Labor statement 29 CFR 37.20 regarding the non-discrimination and Equal Opportunity provisions of the WIA of 1998 as reauthorized.

In the event of a conflict between such laws and regulations and the terms of this agreement, precedence shall be given to the laws and regulations.

Reporting – A monthly Performance Report must accompany any requests for funds in order to demonstrate that objectives of the contract are being met. The contract that results from this RFP may have requirements that the contractor make regular presentations to the LWDB11, Local Elected Officials, or similar groups.

The Contractor will also be required to provide the LWDB11 any narrative, statistical, and financial reports related to the elements of the contract in a format and timeframe determined by the LWDB11.

Program Income – This provision will state that if the Contractor receives any program income as a result of activities funded under this contract, the income must be properly accounted for and cannot be spent without advanced approval from the Fiscal Agent. Program income must be accounted for according to the requirements of OMB Circular A-110, OMB Circular A-102, policies of the LWDB11, State of Louisiana, and/or the WIOA Act and Regulations.

Property/Capital Expenditures – The Contractor shall make no purchases over \$250 without prior authorization by WIOA Fiscal Agent. The LWDB11 procurement procedures must be followed.

Corrective Action – This provision will describe notices to the Contractor, corrective action steps, corrective action plans, timeframes, and similar provisions.

Patent Rights – This provision will state that if products are produced under this contract to which a patent is granted, the patent rights shall belong to the WIOA Fiscal Agent, the State of Louisiana, of the U.S. Department of Labor. This provision shall not apply to products produced by the Contractor other than this contract and which are used in the performance of the work required by this contract.

Disallowed Costs – The contract will have provisions that require the contractor to repay any expenditure that is found to be unallowable. The contract will have provisions requiring the contractor to remedy any deficiencies found in audits or monitoring reports prior to incurring additional expenditures or receiving additional funds.

Contractor Self-Monitoring – The Contractor will be required to periodically conduct a self-monitoring to ensure compliance with WIOA, local policies, budgets, performance measures, and similar measures. The JPWDB may require the Contractor to submit periodic reports on its self-monitoring activities.

Other Contract Provisions – The contract may have provisions which are not described in this RFP. Those provisions may be necessary due to applicable laws or regulations, provisions added or changed to reflect negotiations made subsequent to the issuance of this RFP, requirements not known at the time of the issuance of this RFP, or for other reasons.
