

On motion of Mr. Bonano, seconded by Mr. Walker, the following ordinance was offered as amended:

SUMMARY NO. 26312 ORDINANCE NO. 26792

An ordinance to amend Chapter 13 Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials, Chapter 16 Garbage and Other Solid Waste, Chapter 33 Unified Development Code, Chapter 39 Waterways and Beaches, and Chapter 40 Zoning of the Code of Ordinances of the Parish of Jefferson, to create a set of new, modern industrial zoning districts and standards that work with existing industrial development patterns, to add and define new uses and assign these uses to existing and newly established districts in use matrices, apply new development standards to mitigate any impacts to surrounding uses, modify special permitted use procedures and requirements, modify regulations of the AIM Avondale Industrial Marine District and the U-1R Unrestricted Rural District, and provide for related matters; as recommended by a study authorized by Council Resolution No. 137617 on May 19, 2021 and Council Resolution No. 138807 on January 12, 2022. (Parishwide)

WHEREAS, the Jefferson Parish Council, through Resolution No. 136754 adopted December 9, 2020, initiated the study to evaluate the Jefferson Parish industrial zoning districts, including an analysis of the Parish's current industrial zoning districts, make recommendations that modernize the industrial zoning districts, acknowledge and define new uses in the Unified Development Code, assign these uses to existing or newly established districts in a use matrix, apply development standards to mitigate any impacts to surrounding uses, determine if changes are required to parish public hearing notification requirements for certain industrial uses, and to propose and draft amendments to the Code of Ordinances to effectuate recommendations; and

WHEREAS, the consultant, Camiros, Ltd., was selected on February 24, 2021 to perform this study via Resolution No. 137089, and on May 19, 2021 the Parish Council adopted Resolution No. 137617, which approved a two-year agreement with Camiros, Ltd. to perform the study; and

WHEREAS, the Jefferson Parish Council, through Resolution No. 101067 adopted on May 12, 2004, authorized the Planning Department and the Planning Advisory Board to conduct a text study of Chapter 40 of the Jefferson Parish Code of Ordinances, more particularly Article XXXI, Industrial District, M-2; Article XXXII, Industrial District M-3; Article XXXVII, Nonconforming Uses; and Article XL, Special Permitted Uses with respect to the processing, refining or bulk storage of flammable and combustible liquids and other hazardous chemicals and to provide any additional language, criteria and conditions deemed necessary, and providing for related matters; and

WHEREAS, the Jefferson Parish Council, through Resolution No. 115605 adopted on November 3, 2010, authorized the Planning Department and the Planning Advisory Board to conduct a text study of Chapter 8 Buildings and Building Regulations, Chapter 25, Article VI Comprehensive Plan, Chapter 33 Unified Development Code, and Chapter 40 Zoning of the Code of Ordinances of the Parish of Jefferson, with the intent of determining screening and buffering criteria or other performance standards that promote health, safety and welfare in the Industrial Districts M-1, M-2, and M-3 and compatibility between the industrial districts and other zoning districts, and providing for related matters; and

WHEREAS, the Jefferson Parish Council, through Resolution No. 133538 adopted on May 8, 2019, authorized the Planning Department and the Planning Advisory Board to conduct a text study of Chapter 25 Planning and Development, Chapter 33 Unified Development Code, and Chapter 40 Zoning of the Code of Ordinances of Jefferson Parish, with the intent of evaluating, updating, and establishing procedures for mandatory notice for PAB public hearings concerning developments of regional impact that because of their character, magnitude, or location may have a substantial effect upon the health, safety or welfare of persons

outside the Parish's current 300 feet mail notice, including establishing the definition and criteria for determining when a development shall be classified as a development of regional impact, and providing for related matters; and

WHEREAS, the Jefferson Parish Council, through Resolution No. 138807 adopted January 12, 2022, authorized the Planning Department and the Planning Advisory Board to study the zoning and future land use of the area encompassing property currently mapped with the AIM Avondale Industrial Marine Overlay District and Lot AV-7, Fairfield Plantation Subdivision, bounded by the Mississippi River and River Road, as shown on a map titled "AIM Overlay Study Area" dated 12/15/2021; more specifically evaluating the appropriateness of expanding the AIM Avondale Industrial Marine Overlay District on Lot AV-7, Fairfield Plantation Subdivision; to conduct a concurrent text study of Chapter 33 Unified Development Code and Chapter 40 Zoning of the Code of Ordinances of Jefferson Parish, with the intent of evaluating and clarifying the regulations of the AIM Avondale Industrial Marine Overlay District, and providing for related matters; and

WHEREAS, the Jefferson Parish Council, through Resolution No. 143179 adopted November 8, 2023, authorized the Planning Department and the Planning Advisory Board to conduct a text study of Chapter 33 Unified Development Code and Chapter 40 Zoning of the Code of Ordinances of Jefferson Parish, with the intent of evaluating provisions for existing residential dwellings in industrial zoning districts; establishing interim development standards during the study, and providing for related matters; and

WHEREAS, this consultant-led study (TXT-3-23) was initiated on December 9, 2020 to evaluate the Jefferson Parish industrial zoning districts, including an analysis of the Parish's current industrial zoning districts, make recommendations that modernize the industrial zoning districts, acknowledge and define new uses in the Unified Development Code, assign these uses to existing or newly established districts in a use matrix, apply development standards to mitigate any impacts to surrounding uses, determine if changes are required to parish public hearing notification requirements for certain industrial uses, and to propose and draft amendments to the Code of Ordinances to effectuate recommendations; and

WHEREAS, the current industrial zoning districts and regulations date back over 50 years, and in many cases, do not relate to the current built environment, do not contain adequate standards to facilitate compatibility with surrounding areas and uses, and do not allow for newer uses and development forms that are desired by the Parish; and

WHEREAS, issues with the existing regulations identified throughout the course of the study, include but are not limited to the following: Because our regulations are so outdated, certain uses, like coke ovens and grain elevators, are still listed as permitted uses, but new modern uses like microbreweries and distribution facilities, are not; the M-1 and M-2 zoning districts serve as a catch-all district, promotes an inconsistent land use pattern, which has been a source of ambiguity for the Parish, site selectors, etc., and keeps the current industrial districts from functioning as true industrial zoning districts; the bulk storage of flammable and combustible liquids is allowed as a SPU in the M-2 and M-3 zoning districts, provided specific criteria, mostly related to public health, safety, and welfare, are met. Broadening the use category to be inclusive of hazardous material and adding additional standards that promote transparency and education is consistent with other regulations in the Code; and the special permitted use (SPU) regulations are rigid and require legislative approval for any change to an approved site plan, which can be costly and lengthy for applicants and not necessary for minor changes to a site; and

WHEREAS, the proposed regulations create new, modern industrial districts that address the range of character seen in the industrial areas of the Parish, allow for modern industrial uses, and build more predictability into the zoning process; and

WHEREAS, the proposed regulations also create development standards within the districts that allow for both the growth of the industrial economy and facilitate compatibility with surrounding land uses; and

WHEREAS, the proposed regulations streamline the special permitted use review, allow administrative approval for minor changes, and refine the current regulations that make the process more efficient; and

WHEREAS, these recommendations support the following Envision Jefferson 2040 goals and objectives to provide sufficient land for residential, commercial, industrial, and recreational land uses, encourage redevelopment and reuse of existing commercial and industrial facilities and sites, minimize negative impacts of new development or redevelopment through up-to-date regulations and standards based on best practices, provide opportunities that leverage and expand existing warehousing and distribution hubs, protect prime industrial land with strategic port, rail, and roadway access from encroachment of inappropriate nonindustrial uses, and reduce and mitigate the risks of hazardous materials activities; and

WHEREAS, the Planning Director of this Parish has caused to be duly advertised, as prescribed by law, a public hearing in connection with the text amendment under Docket Nos. TXT-3-23 and TXT-4-23; and

WHEREAS, a public hearing was held by the Planning Advisory Board, in accordance with law.

NOW, THEREFORE, THE JEFFERSON PARISH COUNCIL HEREBY ORDAINS:

SECTION 1. That Chapter 13 Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials, Article VIII Processing or Storage of Hazardous Materials in Bulk, is hereby amended, to read as follows:

ARTICLE VIII. PROCESSING OR STORAGE OF HAZARDOUS MATERIALS IN BULK

Sec. 13-120. Requirements for processing or storage of hazardous materials in bulk.

* * *

Sec. 13-121. Definitions.

* * *

Sec. 13-122. Special permitted use.

Approval of special permitted use shall be obtained from the parish council for all plants involving the processing or storage of hazardous materials in bulk as defined in this article. Any such plant that does not have a currently valid special permitted use that covers all of the containers and equipment subject to this article shall file an application for approval of a special permitted use with the planning department within ~~two (2)~~ three (3) years after the approval of this ordinance by the Jefferson Parish Council.

* * *

Sec. 13-123. List of materials for processing or storage of hazardous materials in bulk.

* * *

Sec. 13-124. Changes to the list of materials.

* * *

Sec. 13-125. Access.

* * *

Sec. 13-126. Vehicular access within the plant.

* * *

Sec. 13-127. Emissions and odor control.

* * *

Sec. 13-128. Failure to control emissions or odors.

* * *

Sec. 13-129. Community warning system plan.

* * *

Sec. 13-130. Reporting of emissions, releases, leakages or spillages.

* * *

Sec. 13-131. Emergency plans.

* * *

Sec. 13-132. Plans and procedures.

* * *

Sec. 13-133. Testing and inspection prior to first use of new tanks.

* * *

Sec. 13-134. Testing and inspection of all containers.

* * *

Sec. 13-135. State or federal action(s).

* * *

Sec. 13-136. Compliance with other standards.

* * *

Sec. 13-137. Transition inspection schedule plan

- (1) Complete documentation of non-compliance with inspection certification requirements as follows:

* * *

- (2) A narrative that describes the methods to be used to bring each of the non-compliant items in the plant into compliance and
- (3) A detailed schedule for completion of all corrective actions over a reasonable time period.

* * *

- b. Completion schedule shall include projected dates for completion of significant steps, including all corrective actions, within the overall schedule. If these incremental completion dates, as approved in the special permitted use, are not achieved, the plant shall be considered in violation of this subsection and shall be subject to fines and penalties. Such violations may result in revocation of the special permitted use as provided in Chapter 4033.

Sec. 13-138. ~~Authority to issue violation notices.~~ Additional standards for bulk storage of hazardous materials in the HM-O District.

An emission reporting plan and air permit compliance website is required for any bulk storage of hazardous materials located within the HM-O district that meets the applicability criteria provided below:

- (a) *Purpose.* The purpose of an emission reporting plan and air permit compliance website is to:
 - (1) Report levels of various criteria and toxic/hazardous air pollutant concentrations, at or near the property of certain industrial facilities, as required by state or federal law, rules, or regulations, or a Facility's air permit;
 - (2) Provide compliance data and information to the public and local response agencies in a way that is easy to understand and interpret;
 - (3) Provide context on what, how, and why industrial facility owners and operators monitor for permitted emissions; and

- (4) Provide a means for contacting the facility owner or operator with concerns or requests for additional information.
- (b) *Applicability.*
- (1) The following standards shall apply to any facility designated as a Title V major source as of [INSERT THE EFFECTIVE DATE OF THIS ORDINANCE] of this ordinance, [INSERT THIS ORDINANCE NO.], or any new facility designated as a Title V major source that involves bulk storage of hazardous materials and requires the installation of a continuous emission monitoring system (CEMS) by either federal or state law, rule, regulation, or by the Facility's permit.
 - (2) In the event that any of the regulations or provisions contained in this section conflict with one another or with other parish regulations, or with state or federal regulations, the more restrictive shall govern.
- (c) *Definitions.* For purpose of this section, certain words and terms are hereby defined:
- (1) *Air permit compliance website* shall mean a website or web-based system, hosted by a Facility that presents existing monitoring, recordkeeping, and reporting requirements and resources.
 - (2) *Annual emissions inventory* shall mean an emissions inventory for any facility required by the Louisiana Administrative Code (LAC) Title 33, Part III, covering a calendar year.
 - (3) *Criteria pollutant* shall mean any air pollutant specified in LAC 33: III.111.
 - (4) *Emissions inventory* shall mean a listing of actual air pollutant emissions associated with a specific facility for a specific time interval.
 - (5) *Emission reporting plan* shall mean a site-specific plan that:
 - a. Explains how a Facility complies with state and federal air emission laws and permitting requirements;
 - b. Includes a list of permitted criteria and toxic/ hazardous air pollutants that are emitted by the Facility;
 - c. Includes a description of the equipment and/or methods used to monitor, record, and report emissions, air pollutant levels, as required by the state or federal law;
 - d. Includes a reference to procedures for implementing data quality assurance and quality control (QA/QC); and
 - e. Includes a presentation for providing data to the public in the form of an air permit compliance website.
 - (6) *Facility* shall mean shall mean any facility engaged in the bulk storage of hazardous materials, considered a Title V major source facility, and considered a special permitted use in Jefferson Parish.
 - (7) *Minor source facility* shall mean any stationary source that is not a major source.
 - (8) *Source* shall mean the point at which emissions are generated, typically a piece of, or a closely related set of equipment.
 - (9) *Title V major source facility* shall mean any stationary source or any group of stationary sources that are located on one or more contiguous or adjacent properties, which are under the common control of the same person or persons, and defined as a major source under the Federal Clean Air Act, as amended, 42 U.S.C. 7401 et seq., the Louisiana Air Control Law, or any rule or regulation promulgated pursuant to either of these laws.
 - (10) *Toxic/hazardous air pollutant (TAP/HAP)* shall mean any pollutant that is defined as a toxic air pollutant in LAC 33: III. 5103.
 - (11) *Volatile organic compound (VOC)* shall mean any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, which participates in atmospheric photochemical reactions as defined in 40 CFR 51.10.
- (d) *Emission reporting plan.* An emission reporting plan is required for any existing or new Facility that is subject to the requirements of this section.
- (1) *Components.* An emission reporting plan shall include the following five (5) components:

- a. *Air permit or air permit application.* A copy of the Facility's Title V air permit or air permit application, including any and all information that demonstrates how a Facility complies or will comply with state and federal air emission laws and permitting requirements;
 - b. *List of pollutants.* A list of permitted criteria and toxic/hazardous air pollutants that are emitted or proposed to be emitted by the Facility;
 - c. *Equipment and methods for monitoring, recording, and reporting emissions.* A description of the equipment and/or methods used to monitor, record, and report emissions, air pollutant levels, as required by state or federal law, rule or regulation, or the Facility's permit;
 - d. *Reference to QA/QC procedures.* A reference to the applicable data quality assurance and quality control (QA/QC) procedures associated with any emissions monitoring system operated at the Facility; and
 - e. *Air permit compliance website proposal.* Presentation for providing data to the public in the form of an air permit compliance website as specified in this section.
- (2) *Plan review.* The Facility owner, operator, or applicant shall submit an emission reporting plan to Jefferson Parish for review in accordance with the requirements below.
- a. *Submittal requirements.*
 - 1. *Existing facilities.*
 - i. The Facility owner, operator, or applicant of an existing Title V major source facility shall submit a site-specific emission reporting plan to the Jefferson Parish Department of Environmental Affairs within one (1) year from the [INSERT THE ADOPTION DATE OF THIS ORDINANCE].
 - ii. The Facility owner, operator, or applicant of an existing Title V major source facility shall submit a modified or new emission reporting plan for any change in emissions requiring a new Title V Air permit or a significant modification of such permit to the Department of Environmental Affairs as a part of their special permitted use application to Jefferson Parish. The Department of Environmental Affairs shall review the emission reporting plan in accordance with the review procedures provided in this section.
 - 2. *New facilities.* Facility owner, operator, or applicant of any new Facility established after [INSERT THE ADOPTION DATE OF THIS ORDINANCE] shall submit an emission reporting plan to the Department of Environmental Affairs as a part of their special permitted use application to Jefferson Parish. The Department of Environmental Affairs shall review the emission reporting plan in accordance with the review procedures provided in this section.
 - b. *Review procedures.*
 - 1. *Review for completeness.*
 - i. Within forty-five (45) business days of receipt of the emission reporting plan, the Jefferson Parish Department of Environmental Affairs shall review the emission reporting plan for completeness and make any additional comments, as needed.
 - ii. Within forty-five (45) business days of receipt of the emission reporting plan, the Jefferson Parish Department of Environmental Affairs shall provide written notification to the owner/operator that said plan is deemed complete or if any corrective action is necessary.
 - iii. If a notification containing specific deficiencies is not sent by Jefferson Parish Department of Environmental Affairs to the owner, operator, or applicant, within forty-five (45) business days after the Jefferson Parish's receipt of the emission

reporting plan, the review of the emission reporting plan shall be deemed complete, and the owner or operator may create and publish the air permit compliance website.

2. Plans that necessitate corrective action.

- i. If the Jefferson Parish Department of Environmental Affairs determines that the submitted plan is missing required information, the Jefferson Parish Department of Environmental Affairs shall notify the owner, operator, or applicant in writing. The notification shall specify the basis for this determination and the required corrective action.
- ii. *Corrective action.* Upon receipt of such notification, the owner, operator, or applicant shall correct the plan and resubmit the proposed plan within forty-five (45) business days. If the Jefferson Parish Department of Environmental Affairs determines that the owner/operator failed to correct any deficiency identified in the notification, or provide a written response that states how the applicant will address the findings, the Jefferson Parish Department of Environmental Affairs may cancel the review of the emission reporting plan.

(3) *Implementation.*

- a. After the emission reporting plan is deemed complete by the Jefferson Parish Department of Environmental Affairs, an air permit compliance website shall be established for the Facility.
- b. Once the air permit compliance website is active, Jefferson Parish Department of Environmental Affairs shall review the air permit compliance website in accordance with the emission reporting plan and the provisions of this section.
- c. A link to the Facility's air permit compliance website and a copy of the emission reporting plan shall be posted on Jefferson Parish's website.

(4) *Amendments.* Any change in emissions requiring a Title V Air permit or a major modification of such permit shall be considered a major amendment to the special permitted use and shall require the review of the Jefferson Parish Department of Environmental Affairs for a modified or new emission reporting plan.

(e) *Air permit compliance website.* The Facility shall host an air permit compliance website that is available to the public. The data displayed on the web-based system shall include, but is not limited to the following:

- (1) A copy of the Facility's emission reporting plan(s) reviewed by Jefferson Parish Department of Environmental Affairs.
- (2) List of permitted criteria and toxic/hazardous air pollutants that are emitted by the facility;
 - a. An easy-to-understand description of each pollutant, how it affects human health, and a description of non-industrial background sources;
 - b. Links to the Occupational Safety and Health Administration (OSHA) health standards for each pollutant;
 - c. Permitted emission rates for each pollutant; and
 - d. Annual emission reports submitted to Louisiana Department of Environmental Quality (LDEQ).
- (3) For monitoring/recordkeeping programs:
 - a. An easy-to-understand description of what is monitored, how it is monitored and why it is monitored; and
 - b. Monitoring reports submitted to LDEQ.
- (4) For other compliance demonstrations:
 - a. Description of how the facility complies with other air permit requirements (unrelated to emissions or monitoring systems);
 - b. Compliance reports posted on the LDEQ website; and
 - c. Enforcement actions taken by LDEQ or the Environmental protection agency (EPA) in regards to the Facility's air permit.

- (5) Meteorological Data:
 - a. If available, a link to on-site, real-time monitoring data (temperature, wind speed and direction); and
 - b. Links to nearby National Oceanic and Atmospheric Administration (NOAA) meteorological systems.
- (6) Description of emergency response procedures:
 - a. In-house emergency response capabilities;
 - b. Mutual aid/municipal response capabilities;
 - c. Communicating with the public in the event of an emergency; and
 - d. Shelter-in-place and evacuation procedures.
- (7) Site contact information:
 - a. Who to reach out to in the event of an emergency or concern; and
 - b. Who to reach out to for general information.
- (f) *Reporting and recordkeeping.*
 - (1) *General.* Once the air permit compliance website is operational, the facility owner/operator shall ensure that the website is operated in accordance with the emission reporting plan reviewed by the Jefferson Parish Department of Environmental Affairs. Air permit compliance website data shall also be reported to the Jefferson Parish Department of Environmental Affairs, as specified in this section and the Facility's plan.
 - (2) *Emissions inventory.* The emissions inventory and the certification statements required by LDEQ for each Title V major source facility shall be submitted to the Jefferson Parish Department of Environmental Affairs annually in accordance with deadlines set forth by LDEQ and posted on the air permit compliance website.
 - (3) *Annual compliance certification.* The annual compliance certification required by LDEQ for each Title V major source facility shall be submitted to the Jefferson Parish Department of Environmental Affairs annually in accordance with deadlines set forth by LDEQ and posted on the air permit compliance website.
 - (4) *Semiannual monitoring.* The semiannual monitoring report required by LDEQ for each Title V major source facility shall be submitted to the Jefferson Parish Department of Environmental Affairs every six (6) months in accordance with deadlines set forth by LDEQ and posted on the air permit compliance website.
 - (5) *Recordkeeping.* All facility owners or operators required to create an emission reporting plan and host an air permit compliance website pursuant to this section, shall maintain records related to compliance, emissions, and monitoring reports formally submitted to Jefferson Parish including the time periods any emission monitoring system was inoperable due to malfunction or maintenance, for a period of five (5) years after the data is collected.
 - (6) *Designation of Confidential Information.* The facility owner/operator shall designate as confidential any information claimed to be exempt from public disclosure under state law.

Sec. 13-1389. Authority to issue violation notices.

The Jefferson Parish's Hazardous Material Risk Coordinator, the Department of Environmental Affairs, or the appropriate fire department(s) shall have authority to issue a notice of violation to a plant for any violation of this article. The Jefferson Parish Sheriff's Office and the Louisiana State Police may also enforce violations of this article.

Sec. 13-13940. Fines and penalties.

- (a) If it is determined that a plant has violated any provisions of this article the plant shall be subject to actions and/or penalties in accordance with Chapter 1, section 1-10. The plant may also be subject to any correctives orders and actions including, but not limited to, closure of the plant, as deemed necessary to insure the wellbeing of the public.
- (b) *Adjudication.* Citations issued for the violation of any of the provisions of this article may be adjudicated by the Jefferson Parish Administrative

Hearing Officer or in the appropriate Parish Court or in the Environmental Division of the Twenty-Fourth Judicial District Court for the Parish of Jefferson, State of Louisiana or in any other division of the Twenty-Fourth Judicial District Court for the Parish of Jefferson, State of Louisiana.

Sec. 13-14041. Limitation of liability.

No procedure or provision of this article or any action taken by the parish to enforce this article shall constitute, or be construed by any individual or enforcement agency, as a warranty or guarantee regarding the safety or fitness of the operation or equipment of any plant processing or storing hazardous materials in the parish. Further, no procedure or provision of this article or any action taken, or the failure by the parish to take action, to enforce this article shall constitute, or be construed by any individual or enforcement agency, as a basis for liability of the parish. Each plant is responsible for the safety of the operation and the equipment related in any way to it.

Sec. 13-14142. Administrative authority.

Minor amendments to reporting and documentation requirements in this article shall become effective when approved by the Jefferson Parish Director of Fire and the Director of the Department of Environmental Affairs.

Sec. 13-14243. Conflict.

In the event that any of the regulations or provisions contained in this article conflict with one another or with other parish regulations, or with state or federal regulations, the more restrictive shall govern.

SECTION 2. That Chapter 16 Garbage and Other Solid Waste, Sec. 16-4 Solid waste storage, is hereby amended, to read as follows:

Sec. 16-4 Solid waste storage.

(a) *General.*

* * *

(d) *Bulk waste containers.* Bulk waste containers normally used with mechanical collection equipment shall be of a type and design specified in section 6-2, definitions, of this chapter.

(1) No bulk waste container shall be placed on any premises unless the owner or leaseholder of the property has made application for a permit with the director of the department of building permits. A placard or other permit certification, shall be kept on the premises and produced upon request of the director or his designee.

* * *

(8) Enclosures required. All users of bulk waste containers shall provide an on-site enclosure, unless there are either garages or other enclosed areas suitable for storage of waste containers, or the dumpster is located in the rear of the property and blocked from public view by opaque fencing around the property. The dumpster enclosure must be completely enclosed on four (4) sides. The height of each enclosure shall be twelve (12) inches greater than the highest part of any dumpster or container contained therein, but not less than six (6) feet in height. A building permit must be obtained with the department of building permits prior to the construction and/or installation of the enclosure and subject to the design regulations in this section. The permit for the dumpster enclosure will also include a permit for the dumpster.

Exception. The enclosure requirements of section 16-4(d)(8), shall not apply to industrial properties zoned M4I-L or less restrictive if the solid waste storage container is not visible from, adjacent to or located directly across the right of way from a more restrictive zoning district. This exception shall not apply to those containers placed in the front yard area of any property or the street side yard area of a corner lot.

* * *

SECTION 3.That 33 Unified Development Code, Sec. 33-1.21. Parish Council., is hereby amended, to read as follows:

Sec. 33-1.21. Parish Council.

Any action of the Parish Council shall require the affirmative vote of the majority of the entire Parish Council. Specific responsibilities assigned by this UDC include the following:

- (1) Decide on all Comprehensive Plan or zoning text or map amendments;
- (2) Decide on all special permitted uses ~~or conditional use permits~~;

* * *

SECTION 4.That Chapter 33 Unified Development Code, Sec. 33-1.25. Old Metairie Commission (OMC)., is hereby amended, to read as follows:

Sec. 33-1.25. Old Metairie Commission (OMC).

- (a) *Creation.* The Old Metairie Commission (“OMC”) is hereby established in accordance with Section 4.06 Advisory and Quasi-Judicial Boards of the Jefferson Parish Charter (“Charter”).
- (b) *Powers and Responsibilities.*

- (1) *Powers.* It shall be the duty of the OMC to:

* * *

- (2) *Responsibilities.* The OMC shall act in an advisory capacity to the Parish Council and BZA in conformance with the Charter, this Code, and State law. In addition to the powers enumerated in this UDC, these responsibilities shall include the following activities:

- a. Conduct public hearings and recommend action to the:
 - 1. Parish Council on development proposals requiring OMC review;
 - 2. PAB and the Parish Council on:
 - i. Text or map amendments related to or for property located in the OMNCD;
 - ii. Major subdivisions for property located in the OMNCD; and
 - iii. Special permitted use ~~or conditional use permits~~ for property located in the OMNCD;

* * *

SECTION 5.That Chapter 33 Unified Development Code, Sec. 33-1.27. Planning Director., is hereby amended, to read as follows:

Sec. 33-1.27. Planning Director.

In addition to the responsibilities established in the Jefferson Parish Code of Ordinances, the Planning Director shall have the responsibility and authority to administer and enforce certain provisions of this UDC, as stated herein, including, but not limited to, the following powers and duties:

- (1) Provide written reports and technical recommendations to the Parish Council, PAB, and Old Metairie Commission stating whether the proposed land use action requiring Council approval is consistent with the Comprehensive Plan and conforms with this UDC.

* * *

- (3) Where meaning or applicability is unclear, render interpretations to provisions of this UDC related to the Comprehensive Plan, the Future Land Use Map, the Zoning Map, subdivisions, special permitted ~~conditional uses~~ permits, site plans where required by a zoning district, landscaping standards applicable to private property, and zoning text, supplemental conditions, and development standards when applicable to a zoning district or land use that requires site plan review by the Planning Department, except those responsibilities assigned to the Public Works Director, Building Permits Director, or Code Compliance and Enforcement Director.

* * *

- (6) Review rezonings; special permitted conditional uses; concept, development, or site plans; preliminary and final subdivision plats; and any other matters before the LURTC for conformance with this UDC; make written recommendations to the LURTC; and make written findings and recommendations that incorporate all LURTC recommendations to the OMC, PAB and Parish Council, if council approval is required.

* * *

SECTION 6.That Chapter 33 Unified Development Code, Sec. 33-1.28. Public Works Director., is hereby amended, to read as follows:

Sec. 33-1.28. Public Works Director.

In addition to the responsibilities established in the Jefferson Parish Code of Ordinances, the Public Works Director or directors under his authority shall have the responsibility and authority to administer and enforce certain provisions of this UDC and this Code, as stated herein, and including, but not limited to, the following powers and duties:

- (1) Assist the Planning Director, Building Permits Director, and LURTC with development review responsibilities.
- (2) Review subdivisions; revocations, vacations or abandonment of streets; servitudes; rights-of-way; public facilities; special permitted conditional uses; concept, development, or site plans; and preliminary and final plats before the LURTC for conformance with this UDC and make written recommendations to the LURTC.

* * *

SECTION 7.That Chapter 33 Unified Development Code, Sec. 33-1.29. Building Permits Director., is hereby amended, to read as follows:

Sec. 33-1.29. Building Permits Director.

In addition to the responsibilities established in the Jefferson Parish Code of Ordinances, the Building Permits Director shall have the responsibility and authority to administer and enforce certain provisions of this UDC and this Code, as stated herein, and including, but not limited to, the following powers and duties:

- (1) Administer and enforce codes mandated by state and local laws, including, but not limited to, residential, building, mechanical, fuel gas, plumbing, and electrical codes.

* * *

- (6) Where meaning or applicability is unclear, render interpretations to provisions of this UDC regarding building regulations, and zoning text, supplemental conditions, and development standards when applicable to a zoning district or land use that does not require site plan review by the Planning Department, except those responsibilities assigned to the Public Works Director, Planning Director, or ~~Property Maintenance Zoning/Quality of Life~~ Code Compliance and Enforcement Director.

* * *

- (9) Review rezonings; special permitted conditional uses; concept, development, or site plans; preliminary and final subdivision plats; and any other matters before the LURTC for conformance with this UDC or Code and make written recommendations to the LURTC.

* * *

- (13)To remedy a violation of this UDC, the ~~Inspection and Code Enforcement~~ Building Permits Director shall:

SECTION 9. That Chapter 33 Unified Development Code, Sec. 33-2.6. Notice., is hereby amended, to read as follows:

Sec. 33-2.6. Notice.

(a) *PAB and OMC.*

- (1) *Notice of public hearings.* Except as otherwise provided, the following notices shall be provided for PAB and public hearings. Parish Council hearing notice shall be provided by the Jefferson Parish Council Clerk in accordance with the Jefferson Parish Code of Ordinances. No other mandatory types of notice shall be required; however, the PAB, OMC, or Planning Director, by rule, may provide for additional discretionary forms of notice.:

* * *

- (3) *Substitute, alternative or modified proposal.* Notice of the original proposal in shall also constitute notice of any substitute, alternative, or modified amendment, supplement, or change that may be adopted by the Council, or recommended by the Planning Director, other department director, PAB or OMC following the public hearing if the said substitute, alternative, or modified proposal meets the following criteria:

a. *Map amendment.*

1. It does not increase the amount of land involved from that indicated in the notice;

* * *

4. If a zoning map change:

- i. Has been initiated and the change is to or from a base zoning district listed between and including (9) RR-3 through (23~~2~~) 1 MU OW-4 of Sec. 40-32 (a), then the MUCD may be approved as a substitute, alternative or modified proposal; or
- ii. Has been initiated and the change is to a MUCD, then any district listed between and including (9) RR-3 through (21) C-2 may be approved as a substitute, alternative or modified proposal; or

* * *

SECTION 10. That Chapter 33 Unified Development Code, Sec. 33-2.9. Waiting period for subsequent applications., is hereby amended, to read as follows:

Sec. 33-2.9. Waiting period for subsequent applications.

(a) There shall be a waiting period of two (2) years following the Date of Decision wherein an applicant shall not submit any petition, appeal, or application requesting or proposing the same. For the purpose of this section, the “same” shall mean:

- (1) For a map amendment, the same zoning classification or future land use category;
- (2) For a text amendment, language that would have the same effect;
- (3) For a special permitted conditional use permit, the criteria outlined for minor amendments in Sec. 33-2.2324(8);

* * *

(b) The Date of Decision shall be the date on which the petition, appeal, or application requesting or proposing an amendment to this ordinance, a special permitted conditional use permit, or a waiver, variance, or exception from the requirements of this ordinance has:

* * *

SECTION 11. That Chapter 33 Unified Development Code, Sec. 33-21.4. Decision makers., is hereby amended, to read as follows:

Sec. 33-2.21.4. Decision makers.

(a) *Planning Director action.* Prior to the public hearing, the Planning Director shall submit the Planning Department’s technical findings and recommendation regarding the proposed amendment for consideration by the PAB, and the OMC if the amendment pertains to the OMNCD, for a public hearing and recommendation.

* * *

(e) *Approval criteria.* In determining its recommendation or decision, the Planning Director, PAB, OMC, and Council shall consider:

(1) For all proposed amendments, whether the proposed amendment:

* * *

(2) For a proposed map amendment, whether the proposed zoning district and future land use map category are compatible, possibly compatible, or not compatible, in accordance with Table 33-2.21.4-1: *Zoning and Future Land Use Compatibility Matrix*, for the seven FLU categories that correspond to levels of intensity. In all cases, the Council shall consider the FLU category description. When the proposed zoning district is possibly compatible with the FLU category, the Council shall also consider the following criteria:

a. *Rural (RUR) future land use category.*

1. *R-1B, R-1A, R-1MH.* The R-1B, R-1A, and R-1MH zoning districts may be consistent with the Rural FLU category in the following circumstances, provided that adequate public facilities are available:

* * *

2. *C-1, C-2, I-MU, I-L M-1.* The C-1, C-2, I-MU, and I-L M-1 zoning districts may be consistent with the Rural FLU category in the following circumstances, provided that adequate public facilities are available:

- (i) The site has frontage on a major or minor arterial;
- (ii) The site is located at a strategic intersection of different modes of transportation, particularly rail and water;
- (iii) The site is contiguous with an existing C-1 or C-2 area; or

(iv) The site would serve as a transition or buffer between residential and non-residential uses.

* * *

d. *Commercial (COM) future land use category.*

1. *R-1CO, CD-R, R-3.* The R-1CO, CD-R, and R-3 zoning districts may be consistent with the Urban Residential FLU category in the following circumstances:

* * *

2. *I-L and I-H M-2.* The *I-L and I-H M-1* and *M-2* zoning districts may be consistent with the Commercial FLU category in the following circumstances:

- (i) The surrounding commercial area is characterized by heavy, non-retail commercial activity;
- (ii) The site is readily accessible from a major or minor arterial on streets that do not pass through residential areas; or
- (iii) The site is adjacent to conforming industrial uses.

e. *Mixed-use (MU) future land use category.*

1. *R-1A, R-1MH, R-2, RR-3, R-1TH, R-1CO, R-3.* The R-1A, R-1MH, R-2, RR-3, R-1TH, R-1CO, AND R-3 zoning districts may be consistent with the Mixed-Use FLU category in the following circumstances:

* * *

2. *I-MU, I-L, and I-H OW-1, M-1, M-2.* The *I-MU, I-L, and I-H OW-1, M-1, and M-2* zoning districts may be consistent with the Mixed-Use FLU category in the following circumstances:

- (i) The site would serve as a transition or buffer between the mixed-use area and higher intensity zoning districts;
- (ii) The site is adjacent to conforming industrial uses; or
- (iii) The site is located in a defined area that is characterized by a mix of uses and zoning districts and would contribute to the mixed-use character of the area.

* * *

g. *Heavy industrial (HI) future land use category.*

1. *I-L M-1.* The *I-L M-1* zoning district may be consistent with the HI FLU category in the following circumstances:

- (i) The site is contiguous with an existing *I-L M-1* area; or
- (ii) The site would serve as a transition or buffer between the heavy industrial and less intense uses.

SECTION 12. That Chapter Unified Development Code, Sec. 33-2.23 Special use permit., is hereby amended, to read as follows:

Sec. 33-2.23. Special permitted uses permit (reserved).

Sec. 33-2.23.1. Purpose.

This section applies to certain uses, that because of unique characteristics or potential impacts on adjacent and nearby land uses, are not permitted as a matter of right but which may, under appropriate standards and factors, be approved. Compliance with the generally applicable requirements may not be sufficient, and additional measures and conditions may be necessary to mitigate the impact of the proposed development. These uses shall be permitted through the an application for approval of a special permitted use

(SPU) with a site plan approved by the Parish Council after ensuring that the use can be appropriately accommodated on the specific property; that it will conform to the Comprehensive Plan; that it can be constructed and operated in a manner that is compatible with the surrounding land uses and overall character of the community; and that the public interest, health, safety, and general welfare will be promoted.

Sec. 33-2.23.2. Applicability and Initiation.

- (a) The special permitted use procedures apply only to any special permitted use authorized by this UDC or Chapter 40 of this Code. The provisions of this section apply to any application for approval of a special permitted use enumerated by a "SPU" in the applicable use matrix.
- (b) An owner of real property in unincorporated Jefferson Parish or the owner's authorized applicant may apply for a special permitted use for that property by filing an application with the Planning Department. The application shall include the material required for a site plan in the Appendix of the UDC and shall provide substantial competent evidence in the form of data, reports, or impact assessments to support findings related to the suitability of the use.
- (c) A property with a special permitted use, including but not limited to any lot, plant, development site, facility, and/or vacant or undeveloped property, may be sold, leased, or otherwise transferred to a new owner, lessee, tenant, or transferee and such transfer shall not adversely affect or restrict the right of the transferee to conduct the use associated with the approved special permitted use on the property in accordance with the existing authorization as of the date of the transfer and/or renewal of such special permitted use in accordance with the requirements of this section.

Sec. 33-2.23.3. General review criteria.

In deliberating on any application, the Parish Council shall not grant approval of any special permitted use unless it makes findings based upon the evidence presented to it that each case shall indicate all of the following:

- (a) The permit, if granted, will not cause any diminution or depreciation of property values of any surrounding property or will not alter the essential character of the locality.
- (b) The permit, if granted, will tend to preserve and advance the prosperity and general welfare of the neighborhood and community.
- (c) The granting of the special permitted use will not be detrimental to the public welfare or seriously affect or be injurious to other property or improvements in the neighborhood in which the property is located, in that it will not impair an adequate supply of light and air, or increase substantially the congestion in the public streets, create a traffic hazard, or permit inadequate parking, or increase the danger of fire, or substantially affect or overburden existing drainage or sewerage systems, or endanger the public safety, nor cause serious annoyance or injury to occupants of adjoining premises by reason of emission of odors, fumes, gases, dust, smoke, noise or vibration, light, or glare or other nuisances.
- (d) The proposed use shall comply with all applicable regulations of this Code.
- (e) The establishment, maintenance, or operation of the proposed use shall not have adverse impacts on the health, safety, comfort, or general welfare of persons living or working in the area, and shall not be injurious to property or improvements in the area. In making such a determination, consideration shall be given to:
 - (1) The location, type, and height of buildings, structures, or facilities.
 - (2) The type and extent of landscaping, screening, and buffering on the site.
- (f) Adequate public facilities shall be provided as set forth in Article 7, Adequate public facilities required of this UDC.
- (g) Adequate measures shall be taken to provide ingress, egress, and interior circulation so designed as to minimize traffic hazards and congestion on the public streets and facilitate safe and convenient multi-modal transportation for vehicles, pedestrians, and cyclists, as appropriate.
- (h) The proposed use shall not impede the orderly development and improvement of surrounding property or the area.

Sec. 33-2.23.4. Procedures.

- (a) Approval of a special permitted use shall be by passage of an ordinance by the Jefferson Parish Council in accordance with Article 2, Procedures, Division 1. Common Procedures, of this UDC.
- (b) No more than one (1) special permitted use shall be allowed per dwelling or lot, tract, plot, or development site.
- (c) A special permitted use may not be permitted on premises containing a home occupation, as regulated in Article 5, Supplemental Conditions, Division 1. Specific Use Standards.

Sec. 33-2.23.5. Conditions.

In approving any special permitted use, the Council may:

- (a) Impose such reasonable standards, conditions, or requirements, in addition to or that supersede any standard specified in this Code, or within federal or state regulations and standards if federal or state provisions allow additional or stricter application, as the Council may deem necessary to protect the public interest and welfare. Such additional standards may include, but are not limited to:
 - (1) Availability and financing of adequate public facilities.
 - (2) Dedication or reservation of land.
 - (3) Creation of special assessment districts.
 - (4) Creation of restrictive covenants, easements, or servitudes.
 - (5) Special setbacks, yard, or area requirements.
 - (6) Increased screening, landscaping, or buffering requirements.
 - (7) Development phasing.
 - (8) Standards pertaining to traffic, circulation, lighting, hours of operation, vibration, noise, odor, dust, smoke, gas, or other performance-related impact, or protection of environmentally sensitive areas and similar characteristics.
 - (9) Provision of sustainable features.
- (b) Require that a performance security be posted and a development agreement be entered into by the applicant to ensure continued compliance with all conditions and requirements as may be specified, in accordance with Article 2 Procedures, Division 4 Development agreements of this UDC.

Sec. 33-2.23.6. Renewal of special permitted use.

Unless exempted in a zoning district or specific use standard, or otherwise provided, a special permitted use shall be renewed every three (3) years subject to the following provisions:

- (a) An application for renewal shall be filed within three (3) years of approval in accordance with this section. Uses not renewed within this three (3) year period shall terminate and must be resubmitted for approval in accordance. This does not apply when a use is exempted in a zoning district or specific use standard from this required renewal.
- (b) The Planning Department shall receive the application for renewal. The applicant shall submit to the Planning Department an affidavit stating that there have been no changes to the special permitted use, a copy of the site plan and/or floor plan submitted with the original application, and any other materials necessary to depict the current operation of the special permitted use. If the Special Permitted Use requires a 24-hour manned hotline number, the applicant shall also include evidence of the required hotline and postings.
- (c) The Department of Code Compliance and Enforcement shall review the site and any necessary supplemental material to complete the review. For the renewal of bulk storage of hazardous materials special permitted uses, the Department of Hazardous Materials, and the Department of Environmental Affairs, shall also review the site and any necessary supplemental material to complete the review, as part of the renewal.
- (d) Upon completion of reviews, the Department of Code Compliance and Enforcement shall either renew the permit or shall deny the permit, stating its reasons therefore and shall notify the applicant and the Planning Department of this decision by letter.

- (e) Should the Department of Code Compliance and Enforcement deny the renewal or revoke the permit for a special permitted use, the applicant may within thirty (30) days of the denial for renewal or revocation appeal the denial to the Parish Council. The use shall be allowed to continue operation during the appeal process.
- (f) If a minor amendment to the special permitted use has been approved prior to the renewal date, this does not modify the timeframe for renewal per this Section. When there has been a major amendment to the special permitted use prior to the renewal timeframe, the date of such major amendment approval will serve as the start date for the required three (3) year renewal timeframe.

Sec. 33-2.23.7. Amendments.

- (a) *Permitted minor amendments.* The Planning Director may approve a minor amendment to an approved special permitted use in accordance with the procedures provided in Sec. 33-2.3. Approval categories and site plan when it is determined by the Planning Director that such change is not related to the operation, physical design, or any conditions related to the special permitted use and is in substantial conformance with the original approval. The Planning Director may require any minor amendment, even if it meets the criteria of this section, to be approved as a major amendment to the special permitted use. Any of the actions allowed by this section as a minor amendment must meet all zoning regulations in order to qualify. The following qualify as minor amendments:
 - (1) Installation of site elements, such as parking, landscape, signs, and fencing.
 - (2) Changes in the location of vehicle and pedestrian circulation ways, and parking areas that meet the requirements of this Code.
 - (3) Construction of accessory structures and mechanical equipment that meet the requirements of this Code.
 - (4) Construction of a new or expansion of an existing principal building or structure where no direct operation of the special permitted use occurs, and that meets the requirements of this Code.
 - (5) Establishment of an additional principal use that is either a permitted or special permitted use within the district and is unrelated to the special permitted use and meets any applicable standards for that use.
 - (6) Demolition of any structure(s) or building(s).
 - (7) The following changes are also permitted as minor amendments:
 - a. A change in the location of a building, structure, or impervious surface by no more than ten (10) percent of the width or depth of the lot(s) within the SPU boundary, or any change in the location of an accessory structure.
 - b. A change of ten (10) percent or less increase in either building footprint(s), gross floor area, or impervious surface calculated cumulatively over what was approved in the initial application.
 - c. Minor amendments specific to bulk storage (LBCS function code 3630) include:
 - 1. Installation of new or reconstruction of existing water storage tanks.
 - 2. Repair or replacement of a tank holding any material with one (1) of the exact same size and footprint in the exact location.
 - (8) A change in ownership of a previously approved special permitted use, provided an affidavit is submitted to the Parish stating that the new owners acknowledge the special permitted use and the prior approval of such on the site.
- (b) *Minor amendment additional criteria.* Minor amendments must also comply with the following criteria:
 - (1) There will be no detrimental impact on any adjacent property caused by significant change in appearance or use of the property or any other contributing factor.

- (2) The change does not involve the storage of hazardous materials as determined by the Department of Hazardous Materials, Department of Environmental Affairs, and/or Fire Department except as allowed in item (a)(7)(c) above.
 - (3) Nothing in the currently valid approval precludes or otherwise limits such expansion or enlargement; and
 - (4) The proposal conforms to the requirements of this UDC, complies with all regulations of this Code, and is in keeping with the intent of the Comprehensive Plan.
- (c) *Major amendment.*
- (1) Any changes in the use of the products or products themselves as well as a significant modification in an existing or new air emission or water discharge permit from any state or federal agency, shall be submitted to the Parish Council for approval as a major amendment; and
 - (2) Any proposed amendment other than those provided in this section for minor amendment are considered a major amendment and shall be approved in the same manner and under the same procedures as are applicable to the issuance of the initial development approval.

Sec. 33-2.23.8. Emergency exception.

Installation or construction of temporary structure(s) or equipment necessary to address an operational emergency and/or natural disaster provided that the structures/equipment will not remain on the site for more than ninety (90) days. If a longer time period is needed, then a minor amendment to the special permitted use is required with evidence as to why such longer period is necessary. The property owner or applicant shall provide proof of the removal of the temporary equipment structures to the Planning Department within ten (10) business days of the expiration date.

Sec. 33-2.23.9. Validity.

- (a) The approved special permitted use site plan shall be valid for a period of three (3) years. Where the special permitted use requires approvals from agencies outside the Parish, the Planning Director may extend the period of validity for an additional one (1) or two (2) year(s) upon submittal of evidence in the form of a formal letter that the permits or approvals have been submitted for review.
- (b) Approval of a special permitted use site plan will expire when no building permit has been issued or the building permit lapses and has not been reactivated. The special permitted use site plan will then be deemed null and void.
- (c) This expiration provision only applies to any new special permitted use applications received after (*EFFECTIVE DATE OF THIS ORDINANCE*).

Sec. 33-2.23.10. Nonconforming uses.

For an existing and currently valid special permitted use that is no longer allowed as a special permitted use in the zoning district in which it is located, the Parish Council, upon receipt of an application forwarded by the Planning Director, may review and approve an amendment to said development approval, provided that such amendment does not allow the use to be enlarged, expanded, increased in intensity, relocated, or continued beyond any limitation specified in the existing use development approval or established in Chapter 40, Zoning, Article XXXVII Nonconforming uses of this Code.

SECTION 13. That Chapter 33 Unified Development Code, Sec. 33-2.24, Conditional use permit., is hereby amended, to read as follows:

Sec. 33-2.24. Conditional use permit Reserved.

[Sec. 33-2.24 Conditional use permit. is deleted but not shown in strike-through]

SECTION 17.That Chapter 33 Unified Development Code, Sec. 33-3.3.2. Overlay zoning districts., is hereby amended, to read as follows:

Sec. 33-3.3.2. Overlay zoning districts.

The following overlay zoning districts are established for unincorporated Jefferson Parish. These districts impose additional requirements on certain properties within one or more underlying base zoning districts:

- (1) CPZ Commercial Parkway Overlay Zone is an overlay zoning district which may be superimposed on any base zoning district and may be approved as a modified proposal for any requested zoning change in accordance with the zoning procedures of this Chapter.

* * *

- (5) FOD Fairfield Overlay District is an overlay zoning district with boundaries defined in Sec. 33-3.69. Fairfield Overlay District (FOD) of this UDC.
- (6) ~~AIM Avondale Industrial Marine District is an overlay zoning district with boundaries defined by the ordinance that maps the district.~~ Hazardous Materials Overlay HM-O is an overlay zoning district which may be superimposed on any existing bulk storage of hazardous materials SPU's established prior to the effective date, [INSERT EFFECTIVE DATE OF THIS ORDINANCE], of this ordinance, [INSERT THIS ORDINANCE NO.] and any I-H zoning district in accordance with the zoning procedures of this chapter.

SECTION 18. That Chapter 33 Unified Development Code, Sec. 33-3.4. Use regulations., is hereby amended, to read as follows:

Sec. 33-3.4. Use regulations.

Sec. 33-3.4.1. Interpretation in general.

The use of land, buildings, and structures is regulated in accordance with the following matrices, and subject to the standards and regulations within this Code:

- (1) ~~The Master Use Matrix matrices (Table 33-3.4.4-1) lists all uses that are permitted or prohibited in any of the zoning districts in this UDC. A function and structure code of the Land Based Classification Standards (LBCS) of the American Planning Association (APA) corresponds to each use and shall be used to define each use (Table 33-3.4.1-1). The function code refers to the economic function or type of establishment. The structure code refers to the type of structure or building. In the zoning district use matrices, the structure code is sometimes provided to augment the function with a structural or building characteristic.~~
- (2) Zoning district use matrices each list all of the uses in the Master Use Matrix and identify whether each use is permitted by-right, permitted with supplemental use regulations, permitted with the approval of a conditional special permitted use permit, or prohibited. The zoning district use matrices are as follows:
- a. Sec.33-3.10. Residential Zoning Districts Use Matrix.
 - b. Sec.33-3.25. Commercial Zoning Districts Use Matrix.
 - c. Sec. 33-3.40. Industrial Zoning Districts Use Matrix.
 - d. Sec. 33-3.50. Mixed-use Base Zoning Districts Use Matrix.

Sec. 33-3.4.2. Interpretation in general.

(a) *LBCS hierarchy.*

(1) *No entry.* The LBCS function codes establish a four-digit hierarchy of uses with digits to the right expressing greater specificity. Where no entry appears in the zoning district columns (for example 1000, 1100 and 1110), the uses described more specifically in the rows below (1111 and 1112 in the above example) indicate whether or not a specific use is authorized.

(2) *Entry.* Where an entry appears in the zoning district columns for a general use (for example 2520) and also for a more specific use (for example 2521) within the same classification, the more specific code and its entry shall govern.

(b) *Entries for permitted uses.*

(1) A "P" indicates the listed use is allowed by right within the respective zoning district.

(2) An "S" indicates that the listed use is allowed subject to the supplemental use regulations established in the zoning district standards, in Article 5 of this UDC, or elsewhere in the Jefferson Parish Code of Ordinances.

(c) *Entry for special permitted conditional uses.* ~~A "C"~~ An "SPU" indicates the listed use is allowed within the respective zoning district only after review and approval of a special permitted conditional use permit by the Parish Council in accordance with Sec. 33-2.234 ~~Conditional-Special permitted uses Permit.~~ ~~For purposes of this UDC, a special permitted use is the same as a conditional use.~~ Note that supplementary conditions for some of these uses are established in Article 5 of this UDC and within regulations for specific zoning districts.

(d) *Entry for prohibited uses.* An "X" indicates the listed use is not allowed within the respective zoning district, unless otherwise expressly allowed within this UDC. When a zoning district allows mixed-use buildings as a specific development pattern, an "X" indicated for a Private Dwelling (LBCS function codes 1100) refers to stand-alone single use dwellings with either detached or attached dwelling units. For a mixed-use building, the number of dwelling units permitted is provided in Sec. 33-5.20 Mixed-use buildings of this UDC.

Sec. 33-3.4.3. Uses not specifically listed.

In the case where a use is not listed in the zoning district use matrices of this Chapter Master Use Matrix (Table 33-3.4.4-1), and such use is not otherwise prohibited by law, the Planning Director and the Building Permits Director shall determine whether a substantially similar use exists in the Use Matrix. If the Directors determine that a substantially similar use exists, then the regulations governing that use shall apply to the particular use not listed. If the Directors determine that a substantially similar use does not exist, then the Planning Director shall refer to the following documents and rules of construction to address the matter:

- (1) LBCS Tables, American Planning Association, LBCS Project, 07-Oct-09 or latest edition
- (2) North American Industry Classification System (NAICS), United States, 2007 or latest edition.
- (3) If the Planning Director determines that the LBCS Tables do not address the use at the appropriate level of specificity, then she shall refer to the NAICS for guidance. If a use is listed for a general classification while a more specific classification within the same industry classification is also listed, the specific classification shall govern.

- (4) In referring to the NAICS, the Planning Director shall consider the industry description and illustrative examples of the most specific NAICS classification that may apply to the use, and shall compare uses across similar levels of specificity within the same NAICS classification and between NAICS and LBCS classifications.
- (5) If all nine (9) LBCS codes within a classification are populated with uses to the fourth or most specific digit, then the Planning Director shall determine the most appropriate location among existing codes for a use not specifically listed, based on the NAICS and LBCS descriptions and illustrative examples.
- (6) If LBCS has unpopulated codes within a classification and none of the listed codes are appropriate for the unlisted use, then the Planning Director shall assign a new LBCS code based on the national standardization of the NAICS and LBCS descriptions and the Parish's needs for zoning and land use classification.
- (7) If the Planning Director determines that a new LBCS code is needed in the zoning district use matrices of this Chapter Master Use Matrix (Table 33-3.4.4-1), then he or she shall call a text study of the use matrix in accordance with section 33-2.23 to establish a specific listing for the use and the appropriate district or districts where such use shall be allowed.

SECTION 20. That Chapter 33 Unified Development Code, Sec. 33-3.41. Office Warehouse (OW-1)., is hereby amended to read as follows:

Sec. 33-3.41. ~~Office Warehouse Industrial Mixed-Use District (OW-1 I-MU).~~

See Chapter 40, Article XXIX of this Code.

Sec. 33-3.41.1. Purpose.

The I-MU Industrial Mixed-Use District is intended to accommodate those areas that have originally developed as industrial areas, but are transitioning from an exclusively industrial orientation to a broader mix of light industrial, artisan industrial, commercial, and even moderate density residential uses. As such, the broader mix of allowed uses in the I-MU District encourages and accommodates the adaptive reuse of existing structures.

Sec. 33-3.41.2. Authorized uses.

(a) *Use matrix.* For the table of authorized uses in this district, see Table 33-3.40-1, Authorized Land Uses for Industrial Zoning Districts, of this UDC.

(1) However, any existing standalone single-family, two-family, three-family, or four-family dwelling in existence prior to the effective date [INSERT EFFECTIVE DATE] of this ordinance [INSERT THIS ORDINANCE NO.], shall be recognized as a conforming use; and furthermore, shall be allowed to:

- a. Be granted permits for repair and maintenance.
 - 1. If an expansion is included in the repair or maintenance, the area regulations of the R-3 Multiple-Family Residential District shall apply.
- b. Be restored if it is demolished or destroyed beyond seventy-five (75) percent of its value or more, without having to go through the restoration of a nonconforming status procedure, provided that the new construction meets the minimum dimensional standards provided below:
 - 1. The restoration of residential dwelling shall be subject to the area regulations of the R-3 Multiple-Family Residential District; and
 - 2. The restoration of the dwelling shall be the same dwelling type as prior to the demolition or destruction (i.e., a single-family dwelling may only be restored as a single-family dwelling).

(b) *Accessory uses or structures.* Accessory buildings and uses, including offices, restaurants, cafeterias, retail, and wholesale outlets, when operated in conjunction with and located on the same site as a permitted use in this district.

(c) *Mechanical equipment.* Mechanical equipment is allowed in accordance with Sec. 33-6.9. Site design, of this UDC.

Sec. 33-3.41.3. Dimensional standards.

The dimensional standards within the I-MU Industrial Mixed-Use Zoning District are provided in Tables 33-3.41.3-1 and 33-3.41.3-2.

| Minimum Front Yard Setback | 10' |
| Minimum Corner Side Yard Setback | 10' |
| Minimum Interior Side Yard Setback | 10', unless abutting residential district, then 20' |
| Minimum Rear Yard Setback | 10', unless abutting residential district, then 20' |

¹ Any structures integral to the operation of a use, such as smokestacks, chimneys, cooling towers, water towers, elevator houses, mechanical stacks, and other similar items that exceed the maximum height allowed in the district are allowed. Any such structures that are freestanding must be set back from all lot lines a distance equal to the height of the structure.

Sec. 33-3.41.4. Development standards.

(a) *Purpose.* It is the intent of these standards to promote design practices that support a variety of uses and character of the zoning district.

(b) *Building and Site Design.*

(1) *Building Design.* Sec. 33-6.8. Building design shall apply.

(2) *Site Design.* Sec. 33-6.9. Site design shall apply. For business park or campus developments over two (2) acres in size in the I-MU District, the following design elements are required:

a. Internal sidewalk connections are required between buildings and from buildings to all on-site facilities (parking areas, bicycle facilities,

plazas, and open space, etc.). All internal sidewalks must have a hard surface constructed of concrete, asphalt, or other similar material and at least five (5) feet in width.

- b. Remaining open space within the site must be sixty (60) percent covered in a combination of the following: grass and groundcover; shrubs and trees; usable outdoor hardscape features, such as courtyards, seating areas, patios, and water features.

(c) *Landscaping and screening.*

(1) *Generally.*

- a. Section 33-6.25, Landscaping, buffering, and screening, shall apply,
- b. Where there is a conflict between Sec. 33-6.25. and standards of this section, the standards of this section shall govern.
- c. Where this section is silent on a standard, Sec. 33-6.25. shall apply.

(2) *Property buffers.* A property buffer is required when the I-MU District abuts any district other than an I-MU, I-L, I-H, or I-LF District. Property buffers are required for new development and for expansions as described in Section 33-6.25.2 (b).

- a. Table 33-6.25.5-2: Property Buffer Requirements by Use shall apply.
- b. *Property buffer fencing.* A solid fence or wall, constructed of wood, brick, masonry, chain-link fence with vegetative screening, or stone a minimum of six (6) feet in height to a maximum of ten (10) feet shall be erected along the applicable lot line of the development site for one hundred (100) percent of the property buffer length, with the exception of required ingress/egress points. Where chain-link fence with vegetative screening is used, vegetative screening must be evergreen vines or climbing plants and maintained in healthy condition.

(d) *Parking and clear vision areas.* Off-street parking shall be provided as set forth in Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Requirements, of Chapter 40, Zoning, of this Code.

(e) *Group Development and Outparcels.* Sec. 33-5.22. Group development of this Code shall apply.

Sec. 33-3.41.5. Signs.

The sign regulations provided in Article XXVI. Commercial Parkway Overlay Zone of Chapter 40 shall apply to the I-MU District. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.41.6. Development approval.

Sec. 33-3.41.6.1. Site plan review.

(a) *Site plan review required.* In accordance with this section and Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC, site plan review is required when the following actions occur:

- (1) New development.
- (2) For existing development:
 - a. Change of use that requires an increase in the number of parking needed to service the structure, shall result in greater compliance with the I-MU District requirements for the portion of the building, structure, or site area that is proposed to be altered, to the maximum extent practical, given the type and extent of the alteration, and the constraints of the site, as determined by the Planning Director after considering LURTC comments.
 - b. Any additions to developments or structures, including construction of parking area(s) or lots, which add fifty (50) percent or more to the size, in terms of total area or total number of parking spaces, of the original development. Any addition shall fully comply with the provisions of the I-MU District.
 - c. Any amendments made to an approved site plan.

(b) *Site plan review not required.* The following developments or activities shall not be subject to site plan review.

- (1) Interior renovations;

- (2) Any routine exterior maintenance as determined by the Planning Director, including excavation, filling, or grading;
- (3) Change of use that does not increase required parking; or
- (4) Sign permits for signs meeting all requirements of these standards except detached signs, which are subject to site plan review.

Sec. 33-3.41.6.2. Variances.

- (a) The Parish Council may grant variances to the I-MU dimensional, development, signs, and parking regulations provided the following criteria are met:
 - (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
 - (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
 - (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures, or buildings in the same zone.
 - (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
 - (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
 - (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.
- (b) The Parish Council shall not grant a variance for more than fifty (50) percent of the required minimum property buffer depth.

SECTION 21. That Chapter Unified Development Code, Sec. 33-3.42. Industrial (M-1)., is hereby amended, to read as follows:

Sec. 33-3.42. Light Industrial District (M-1 I-L).

~~See Chapter 40, Article XXX of this Code.~~

Sec. 33-3.42.1. Purpose.

The I-L Light Industrial District is intended to accommodate a variety of light manufacturing, fabricating, processing, distributing, and warehousing uses, as well as, limited commercial, recreational, and agricultural uses. Light industrial processes are conducted within enclosed buildings, may include some limited outdoor storage, and do not create nuisances, hazards, or other outside impacts.

Sec. 33-3.42.2. Authorized uses.

- (a) *Use matrix.* For the table of authorized uses in this district, see Table 33-3.40-1, Authorized Land Uses for Industrial Zoning Districts, of this UDC.
 - (1) However, any existing stand-alone residential dwelling in existence prior to the effective date, [INSERT EFFECTIVE DATE], of this ordinance, [INSERT THIS ORDINANCE NO.], shall be recognized as a conforming use; and furthermore, shall be allowed to:
 - a. Be granted permits for repair and maintenance.
 - 1. If an expansion is included in the repair or maintenance, the area regulations of the R-3 Multiple-Family Residential District shall apply.
 - b. Be restored if it is demolished or destroyed beyond seventy-five (75) percent of its value or more, without having to go through the restoration of a nonconforming status procedure, provided that the new construction meets the minimum dimensional standards provided below:
 - 1. The restoration of residential dwelling shall be subject to the area regulations of the R-3 Multiple-Family Residential District; and
 - 2. The restoration of the dwelling shall be the same dwelling type as prior to the demolition or destruction (i.e., a single-family dwelling

may only be restored as a single-family dwelling).

(b) *Accessory uses or structures.* Accessory buildings and uses, including offices, restaurants, cafeterias, retail, and wholesale outlets, when operated in conjunction with and located on the same site as a permitted use in this district.

(c) *Mechanical equipment.* Mechanical equipment is allowed in accordance with Sec. 33-6.9. Site design of this UDC.

Sec. 33-3.42.3. Dimensional standards.

The dimensional standards within the I-L Light Industrial Zoning District are provided in Table 33-3.42.3-1.

| Table 33-3.42.3-1. Dimensional Standards - I-L Light Industrial Zoning District. | |
|---|--|
| Lot Standards | |
| Minimum Lot Area | 5,000sf |
| Minimum Lot Depth | None |
| Minimum Lot Width | None |
| Height | |
| Maximum Building Height ¹ | None, except that when a building is on a lot in the I-L District that adjoins or abuts another lot within a residential district such building shall not exceed the maximum height permitted in the adjoining or abutting residential district unless it is set back from all yard lines required in the following sections one (1) foot for each foot of additional height in excess of the height so permitted. |
| Setbacks | |
| Minimum Front Yard Setback | 10' |
| Minimum Corner Side Yard Setback | 10' |
| Minimum Interior Side Yard Setback | 10', unless abutting residential district, then 20' |
| Minimum Rear Yard Setback | 10', unless abutting residential district, then 20' |

¹ Any structures integral to the operation of a use, such as smokestacks, chimneys, cooling towers, water towers, elevator houses, mechanical stacks, and other similar items that exceed the maximum height allowed in the district are permitted. Any such structures that are freestanding must be set back from all lot lines a distance equal to the height of the structure.

Sec. 33-3.42.4. Development standards.

(a) *Landscaping and screening.*

(1) *Applicability.* Sec. 33-6.25, Landscaping, buffering, and screening. shall apply when:

- a. The I-L district abuts or is located across the street right-of-way from any district other than an I-L, I-H, or I-LF District; and
- b. When site plan review is required, according to Sec. 33-3.42.6. Development approval.

(2) *Generally.*

- a. Where there is a conflict between Sec. 33-6.25. and standards of this section, the standards of this section shall govern.
- b. Where this section is silent on a standard, Sec. 33-6.25. shall apply.

(3) *Property buffers.* A property buffer is required when the I-L District abuts any district other than an I-MU, I-L, I-H, or I-LF District. Property buffers are required for new development and for expansions as described in Section 33-6.25.2 (b).

- a. Table 33-6.25.5-2: Property Buffer Requirements by Use shall apply.
- b. *Property buffer fencing.* A solid fence or wall, constructed of wood, brick, masonry, chain-link fence with vegetative screening, or stone

a minimum of six (6) feet in height to a maximum of ten (10) feet shall be erected along the applicable lot line of the development site for one hundred (100) percent of the property buffer length, with the exception of required ingress/egress points. Where chain-link fence with vegetative screening is used, vegetative screening must be evergreen vines or climbing plants and maintained in healthy condition.

- (b) *Parking and clear vision areas.* Off-street parking shall be provided as set forth in Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Requirements, of Chapter 40, Zoning, of this Code.
- (c) *Group Development and Outparcels.* Sec. 33-5.22. Group development of this Code shall apply.

Sec. 33-3.42.5. Signs.

The sign regulations provided in Article XXVIII. General Commercial District C-2 of Chapter 40 shall apply to the I-L District. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.42.6. Development approval.

Sec. 33-3.42.6.1. Site plan review.

- (a) *Site plan review required.* In accordance with this section and Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC, site plan review is required when the following actions occur:

- (1) When the I-L District abuts or is located across the street right-of-way from any district other than an I-L, I-H, or I-LF District and when the following actions occur:

- a. New development.

- b. For existing development:

- 1. Change of use that requires an increase in the number of parking spaces needed to service the structure, shall result in greater compliance with the I-L District requirements for the portion of the building, structure, or site area that is proposed to be altered, to the maximum extent practical, given the type and extent of the alteration, and the constraints of the site, as determined by the Planning Director after considering LURTC comments.

- 2. Any additions to developments or structures, including construction of parking area(s) or lots, which add fifty (50) percent or more to the size, in terms of total area or total number of parking spaces, of the original development. Any addition shall fully comply with the provisions of the I-L District.

- c. Any amendments made to an approved site plan.

- (b) *Site plan review not required.* The following developments or activities shall not be subject to site plan review.

- (1) Interior renovations;

- (2) Any routine exterior maintenance as determined by the Planning Director, including excavation, filling, or grading;

- (3) Change of use that does not increase required parking; or

- (4) Sign permits for signs meeting all requirements of these standards or the underlying zoning district, except monument or freestanding directional signs, which are subject to site plan review.

Sec. 33-3.42.6.2. Variances.

- (a) The Parish Council may grant variances to the I-L District dimensional, development, signs, and parking regulations provided the following criteria are met:

- (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.

- (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.

- (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.

- (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
- (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
- (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.
- (b) The Parish Council shall not grant a variance for more than fifty (50) percent of the required minimum property buffer.

SECTION 22. That Chapter 33 Unified Development Code, Sec. 33-3.43. Industrial (M-2)., is hereby amended, to read as follows:

Sec. 33-3.43. Heavy Industrial District (M-2 I-H).

See Chapter 40, Article XXXI of this Code.

Sec. 33-3.43.1. Purpose.

The I-H Heavy Industrial District is intended to accommodate general manufacturing, fabricating, processing, distributing, and warehousing uses, including those uses that may be hazardous or noxious. Such uses typically have significant external impacts and may include large areas of outdoor storage or operation. Therefore, screening and buffering requirements ensure adequate separation and mitigation of potential impacts on surrounding areas.

Sec. 33-3.43.2. Authorized uses.

(a) *Use matrix.* For the table of authorized uses in this district, see Table 33-3.40-1, Authorized Land Uses for Industrial Zoning Districts, of this UDC.

(1) However, any existing stand-alone residential dwelling in existence prior to the effective date, [INSERT EFFECTIVE DATE], of this ordinance, [INSERT THIS ORDINANCE NO.], shall be recognized as a conforming use; and furthermore, shall be allowed to:

- a. Be granted permits for repair and maintenance.
 - 1. If an expansion is included in the repair or maintenance, the area regulations of the R-3 Multiple-Family Residential District shall apply.
- b. Be restored if it is demolished or destroyed beyond seventy-five (75) percent of its value or more, without having to go through the restoration of a nonconforming status procedure, provided that the new construction meets the minimum dimensional standards provided below:
 - 1. The restoration of residential dwelling shall be subject to the area regulations of the R-3 Multiple-Family Residential District; and
 - 2. The restoration of the dwelling shall be the same dwelling type as prior to the demolition or destruction (i.e., a single-family dwelling may only be restored as a single-family dwelling).

(b) *Accessory uses or structures.* Accessory buildings and uses, including offices, restaurants, cafeterias, retail, and wholesale outlets, when operated in conjunction with and located on the same site as a permitted use in this district.

(c) *Mechanical equipment.* Mechanical equipment is allowed in accordance with Sec. 33-6.9. Site design of this UDC.

Sec. 33-3.43.3. Dimensional standards.

The dimensional standards within the I-H Heavy Industrial Zoning District are provided in Table 33-3.43.3-1.

| Table 33-3.43.3-1. Dimensional Standards - I-H Heavy Industrial Zoning District. | |
|---|---------|
| Lot Standards | |
| Minimum Lot Area | 5,000sf |
| Minimum Lot Depth | None |

| Table 33-3.43.3-1. Dimensional Standards - I-H Heavy Industrial Zoning District. | |
|---|--|
| Minimum Lot Width | None |
| Height | |
| Maximum Building Height ¹ | None, except that when a building is on a lot in the I-H District that adjoins or abuts another lot within a residential district such building shall not exceed the maximum height permitted in the adjoining or abutting residential district unless it is set back from all yard lines required in the following sections one (1) foot for each foot of additional height in excess of the height so permitted. |
| Setbacks | |
| Minimum Front Yard Setback | 25' |
| Minimum Corner Side Yard Setback | 25' |
| Minimum Interior Side Yard Setback | 25', unless abutting residential district, then 50' |
| Minimum Rear Yard Setback | 25', unless abutting residential district, then 50' |

¹ Any structures integral to the operation of a use, such as smokestacks, chimneys, cooling towers, water towers, elevator houses, mechanical stacks, and other similar items that exceed the maximum height allowed in the district are permitted. Any such structures that are freestanding must be set back from all lot lines a distance equal to the height of the structure.

Sec. 33-3.43.4. Development standards.

(a) *Landscaping and screening.*

(1) *Applicability.* Sec. 33-6.25, Landscaping, buffering, and screening, shall apply when:

- a. The I-H District abuts or is located across the street right-of-way from any district other than an I-L, I-H, or I-LF District; and
- b. When site plan review is required, according to Sec. 33- 3.43.6. Development approval.

(2) *Generally.*

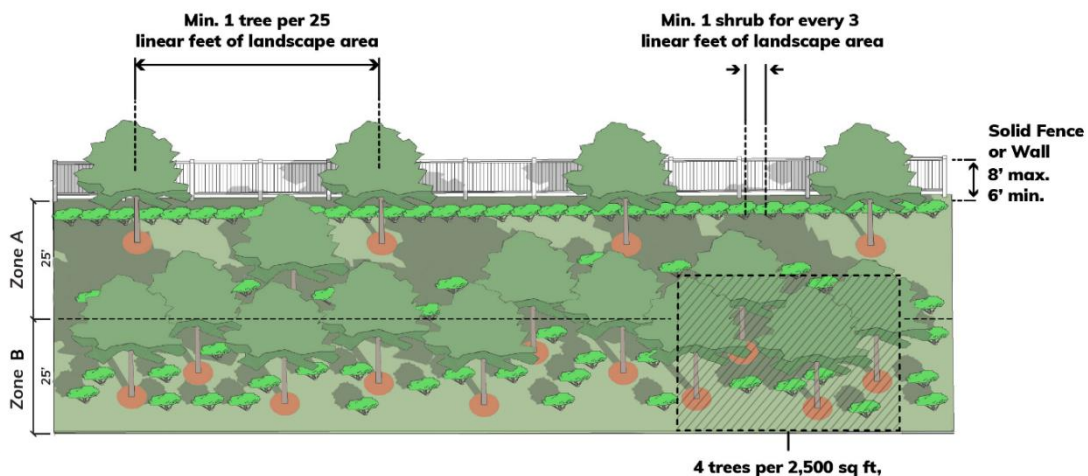

- a. Where there is a conflict between Sec. 33-6.25. and standards of this section, the standards of this section shall govern.
- b. Where this section is silent on a standard, Sec. 33-6.25. shall apply.

(3) *Property buffers.* A property buffer is required when the I-H District abuts any district other than an I-L, I-H, or I-LF District. Property buffers are required for new development and for expansions as described in Section 33-6.25.2 (b). The property buffer must be a minimum width of either twenty-five (25) feet or fifty (50) feet as specified below and measured perpendicularly from the rear or side lot line.

- a. The property buffer shall be divided into Zone A and Zone B.
 1. Zone A and Zone B shall apply when abutting a residential district.
 2. Zone A shall apply when abutting any other district.
- b. Zone A comprises the first twenty-five (25) feet of the property buffer, measured perpendicularly from the rear or side lot line. Requirements for plantings within Zone A are as follows:
 1. One (1) Class A tree must be planted every twenty-five (25) linear feet. Trees may be spaced at various intervals, but the total number of trees planted must be no less than one (1) per twenty-five (25) linear feet of property buffer length.
 2. One (1) shrub must be planted for every three (3) linear feet of landscape area, spaced linearly. Shrubs may be spaced at various intervals, but the total number of shrubs planted must be

- no less than one (1) per three (3) linear feet of buffer yard length.
3. The remainder of the yard must be planted in live groundcover, perennials, grass, or additional trees or shrubs.
 4. A solid fence or wall, constructed of wood, brick, masonry, chain-link fence with vegetative screening, or stone a minimum of six (6) feet in height to a maximum of ten (10) feet shall be erected along the applicable lot line for one hundred (100) percent of the property buffer length, with the exception of required ingress/egress points. A berm is permitted; if constructed on a berm, the height of the berm is included in the calculation of fence height. Where a chain-link fence with vegetative screening is used, vegetative screening must be evergreen vines or climbing plants and maintained in healthy condition.
- c. Zone B comprises an additional twenty-five (25) feet of the property buffer measured from the boundary of Zone A. Requirements for plantings within Zone B are as follows:
1. Four (4) Class A trees are required per two-thousand five-hundred (2,500) square feet of property buffer area within Zone B.
 2. The remainder of the yard must be planted in live groundcover, shrubs, or additional trees.
 3. Trees shall be planted in a cluster pattern with an example illustrated in Figure 33-3.43.4-1 below.

Figure 33-3.43.4-1: I-H District Property Buffer.

- (b) *Parking and clear vision areas.* Off-street parking shall be provided as set forth in Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Requirements, of Chapter 40, Zoning, of this Code.
- (c) Group Development and Outparcels. Sec. 33-5.22. Group development of this Code shall apply.

Sec. 33-3.43.5. Signs.

The sign regulations provided in Article XXVIII. General Commercial District C-2 of Chapter 40 shall apply to the I-H District. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.43.6. Development approval.

Sec. 33-3.43.6.1. Site plan review.

- (a) *Site plan review required.* A site plan is required in accordance with this section and Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC, when the following actions occur:

- (1) When the I-H District abuts or is located across the street right-of-way from any district other than the I-L, I-H, or I-LF District, and when the following actions occur:
 - a. New development.
 - b. For existing development:
 1. Change of use that requires an increase in the number of parking spaces needed to service the structure, shall result in greater compliance with the I-H District requirements for the portion of the building, structure, or site area that is proposed to be altered, to the maximum extent practical, given the type and extent of the alteration, and the constraints of the site, as determined by the Planning Director after considering LURTC comments.
 2. Any additions to developments or structures, including construction of parking area(s) or lots, which add fifty (50) percent or more to the size, in terms of total area or total number of parking spaces, of the original development. Any addition shall fully comply with the provisions of the I-H District.
 - c. Any amendments made to an approved site plan.
- (b) *Site plan review not required.* The following developments or activities shall not be subject to site plan review.
 - (1) Interior renovations;
 - (2) Any routine exterior maintenance as determined by the Planning Director, including excavation, filling, or grading;
 - (3) Change of use that does not increase required parking; or
 - (4) Sign permits for signs meeting all requirements of these standards or the underlying zoning district, except monument or freestanding directional signs, which are subject to site plan review.

Sec. 33-3.43.6.2. Variances.

- (a) The Parish Council may grant variances to the I-H dimensional, development, signs, and parking regulations provided the following criteria are met:
 - (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
 - (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
 - (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.
 - (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
 - (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
 - (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.
- (b) The Parish Council shall not grant a variance for more than fifty (50) percent of the required minimum property buffer.

SECTION 23. That Chapter 33 Unified Development Code, Sec. 33-3.44. Industrial (M-3)., is hereby amended, to read as follows:

Sec. 33-3.44. Landfill Industrial District (M-3 I-LF).

~~See Chapter 40, Article XXXII of this Code.~~

Sec. 33-3.44.1. Purpose.

The Landfill Industrial District (I-LF) is a specialized zoning district for industrial activities that involve waste collection, handling, disposal, and resource recovery facilities. The I-LF District is intended to allow for the normal operation of state permitted landfills, other waste handling, recycling, and disposal establishments, and renewable or sustainable energy facilities, arrays, and systems.

Sec. 33-3.44.2. Authorized uses.

- (a) *Use matrix.* For the table of authorized uses in this district, see Table 33-3.40-1, Authorized Land Uses for Industrial Zoning Districts, of this UDC.
- (b) *Accessory uses or structures.* Accessory buildings and uses, including offices or cafeterias, when operated in conjunction with and located on the same site as a permitted use in this district
- (c) *Mechanical equipment.* Mechanical equipment is allowed in accordance with Sec. 33-6.9. Site design, of this UDC.

Sec. 33-3.44.3. Dimensional standards.

The dimensional standards within the I-LF Landfill Industrial Zoning District are provided in Table 33-3.44.3-1. However, all uses must comply with any setbacks, buffering, and security requirements mandated by federal and/or state law; in the event any of conflict with local, state, or federal regulations, the more restrictive control governs.

| Table 33-3.44.3-1. Dimensional Standards - I-LF Landfill Industrial Zoning District. | |
|---|---|
| Lot Standards | |
| Minimum Lot Area | 30 acres |
| Minimum Lot Depth | None |
| Minimum Lot Width | None |
| Height | |
| Maximum Building Height | None |
| Setbacks | |
| Minimum Front Yard Setback | 200' |
| Minimum Corner Side Setback | 200' |
| Minimum Interior Side Setback | 200', unless abutting residential district, then 500' |
| Minimum Rear Setback | 200', unless abutting residential district, then 500' |

Sec. 33-3.44.4. Development standards.

- (a) *Landscaping and screening.* The I-LF District is not subject to the standards of Section 33-6.25. The following screening and buffering is required:
 - (1) The first twenty (20) feet from any property line which abuts an improved public street shall be landscaped and buffered by trees, shrubs, earth berms, or a combination of the same. In no event shall such buffer be less than seven (7) feet in height.
 - (2) Within the required setback areas, existing vegetation shall not be disturbed or removed except for paved access areas, landscaping, and security fencing.
 - (3) A solid fence or wall, constructed of wood, brick, masonry, chain-link fence with vegetative screening, or stone a minimum of six (6) feet in height to a maximum of ten (10) feet shall be erected along any property line which abuts an improved public street for one hundred (100) percent of the property line length, with the exception of required ingress/egress points. The fence may be located farther from the edge but additional plantings groundcover, perennials, grass, or additional trees or shrubs are required within the area. A berm is permitted; if constructed on a berm, the height of the berm is included in the calculation of fence height. Where chain-link fence with vegetative screening is used, vegetative screening must be evergreen vines or climbing plants and maintained in healthy condition.

- (4) In the event any of the above are in conflict with other local, state, or federal regulations, the more restrictive shall govern.
- (b) *Parking and clear vision areas.* Off-street parking shall be provided as set forth in Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Requirements, of Chapter 40, Zoning, of this Code.
- (c) *Group Development and Outparcels.* Sec. 33-5.22. Group development of this Code shall apply.

Sec. 33-3.44.5. Signs.

The sign regulations provided in Article XXVIII. General Commercial District C-2 of Chapter 40 shall apply to the I-LF District. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.44.6. Development approval.

Sec. 33-3.44.6.1. Site plan review.

Site plan review is required for all new development and any expansion or alteration of a structure in the I-LF in accordance with Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC. If the Planning Director determines that the I-LF regulations are fully met, the Planning Director may grant ministerial approval and the development may proceed to the building permit process.

Sec. 33-3.44.6.2. Variances.

- (a) The Parish Council may grant variances to the I-LF District dimensional, development, signs, and parking regulations provided the following criteria are met:
- (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
 - (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
 - (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.
 - (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
 - (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
 - (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.
- (b) Variances to the minimum setback requirements shall only be granted when, in addition to meeting the standards above, the Parish Council also finds that granting the variance will not be detrimental to the public welfare or seriously affect or be injurious to other property or improvements in the area in which the property or improvements in the area in which the property for which the variance is sought is located.

SECTION 24. That Chapter 33 Unified Development Code, Sec. 33-3.45 Industrial (M-4), is hereby amended, to read as follows:

Sec. 33-3.45. ~~Industrial (M-4)~~ Avondale Industrial Marine District (AIM).

~~See Chapter 40, Article XXXII.5 of this Code.~~

Sec. 33-3.45.1. Purpose and findings.

The Avondale Industrial Marine (AIM) District is a base zoning district intended to recognize and protect the historically productive industrial site commonly known as the "Avondale Shipyard."

- (a) The AIM District promotes the redevelopment of the site as a strongly performing, value-added logistics hub that encompasses production, distribution and repair and takes advantage of the existing multi-modal transportation infrastructure that provides direct access to port, rail, and roadway systems. The Avondale site is suitable for the AIM district by having the following characteristics:
- (1) At least seventy-five (75) percent of the land area in the district was zoned and improved for industrial uses at least twenty-five (25) years ago. For this purpose, improved shall mean developed with buildings or other structures, paving, or storage for industrial uses;
 - (2) It is at least two hundred (200) contiguous acres, has a minimum frontage on the Mississippi River of one (1) mile, and contains or is within three hundred (300) feet of an active rail line measured from the property line of the site.
- (b) The AIM district has the following purposes:
- (1) Protect and promote active or prime industrial land along the Mississippi River to take advantage of port and rail facilities and services that represent indispensable nodes in the global economic network;
 - (2) Provide industrial businesses greater ease and more certainty in their ability to remain and prosper in their current locations;
 - (3) Facilitate a wide variety of production uses and activities and promote integrated, value-added logistics hubs;
 - (4) Promote strong distribution and repair infrastructure with efficient freight and warehousing networks;
 - (5) Facilitate modern and state-of-the-art processes, controls, buildings, and equipment for production, distribution, and repair that minimize nuisance complaints and keep impacts on adjacent and nearby areas to a minimum;
 - (6) Discourage an inappropriate level of non-industrial uses and encourage appropriate commercial activity that could improve employment opportunities and the physical condition of the district without conflicting with production, distribution, and repair activities;
 - (7) Improve employment diversity, the quality of jobs, and wages in Jefferson Parish;
 - (8) Promote orderly development to efficiently bring regional assets back into commerce; and
 - (9) Promote the health, safety, and general welfare of residents and businesses.

Sec. 33-3.45.2. Authorized uses.

- (a) *Use matrix.* For the table of authorized uses in this district, see Table 33-3.40-1, Authorized Land Uses for Industrial Zoning Districts, of this UDC, with the following exceptions:
- (1) Any bulk storage of culinary and medicinal materials (LBCS Function Code 3632), or bulk storage of hazardous materials (3633) that comprises 27.2% or more of the total area of the AIM zoned property shall be considered a special permitted use and shall be subject to the procedures of Sec. 33-2.23 Special permitted uses of this UDC.
 - (2) Less than 27.2% of the total area of the AIM zoned property may be used for the bulk storage of culinary or medicinal materials (LBCS Function Code 3632), and/or bulk storage of hazardous materials (3633) as a permitted use, provided the following criteria are met:
 - a. For the bulk storage of culinary and medicinal materials (LBCS Function Code 3632), the development standards in Sec. 33-5.3 shall be met.
 - b. For the bulk storage of hazardous materials (LBCS Function Code 3633), the development standards in Sec. 33-3.70.4 shall be met.

- c. The provisions related to SPUs in Sec. 33-5.3.6.3. and the provisions related to SPUs, emission reporting plan, and air permit compliance website in Sec. 33-3.70.4 shall not apply.
- d. The property owner or applicant provides the Parish the necessary documentation to verify that less than 27.2% of the AIM zoned property is being used for any of the uses listed above.

Sec. 33-3.45.3. Dimensional standards.

The dimensional standards within the AIM Industrial Marine District are provided in Table 33-3.45.3-1.

| Table 33-3.45.3-1. Dimensional Standards – AIM Avondale Industrial Marine District | |
|---|---------|
| Lot Standards | |
| Minimum Lot Area | 5,000sf |
| Minimum Lot Depth | None |
| Minimum Lot Width | None |
| Height | |
| Maximum Building Height ¹ | None |
| Setbacks | |
| Minimum Front Yard Setback | 10' |
| Minimum Corner Side Yard Setback | 10' |

Sec. 33-3.45.4. Development standards.

- (a) *Parking and clear vision areas.* Off-street parking shall be provided as set forth in Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Requirements, of Chapter 40, Zoning, of this Code.
- (b) Group Development and Outparcels. Sec. 33-5.22. Group development of this Code shall apply.

Sec. 33-3.45.5. Signs.

The sign regulations provided in Article XXVIII. General Commercial District C-2 of Chapter 40 shall apply to the AIM District. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.45.6. Development approval.

Sec. 33-3.45.6.1. Site plan review.

Site plan review is not required unless a special permitted use is triggered. Site plan review is required for special permitted uses, in accordance with Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC.

Sec. 33-3.45.6.2. Variances.

- (a) The Parish Council may grant variances to the AIM dimensional, development, signs, and parking regulations provided the following criteria are met:
 - (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
 - (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
 - (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.
 - (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
 - (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.

(6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.

SECTION 25. That Chapter 33 Unified Development Code, Sec. 33-3.50. Mixed-use base zoning districts use matrix., is hereby amended, to read as follows:

Sec. 33-3.50. Mixed-use base zoning districts use matrix.

Table 33-3.50-1, Authorized Land Uses for Mixed-Use Base Zoning Districts, lists the principal uses, as described in section 33-3.4.4, Master Use Matrix, permitted by-right (P), permitted with supplemental use regulations (S), permitted with approval of a ~~conditional use permit~~ special permitted use (SPU), or prohibited (X) within the mixed-use base zoning districts, in accordance with the interpretation provided in Section 33-3.4.2, Interpretation of zoning district use matrices.

SECTION 26. That Chapter 33 Unified Development Code, Sec. 33-3.58. Unrestricted Suburban District (U-1S), is hereby amended, to read as follows:

Sec. 33-3.58. Unrestricted Suburban District (U-1S).

* * *

Sec. 33-3.58.3. Authorized uses.

(a) *Use Matrix.* See Table 33-3.50-1, Authorized Land Uses for Mixed-Use Base Zoning Districts of this UDC for authorized uses.

(1) *Interpretation.*

- a. A “P” indicates that the listed use is allowed by-right within the respective zoning district; however, a use indicated with a “P” in the U-1S district shall be considered ~~require~~ a special permitted conditional use (SPU) permit if the criteria described in 33-3.58.3. (a) (2) (below) apply to the use.
- b. An “S” indicates that the listed use is allowed subject to the supplemental use regulations established in the zoning district standards, in Article 5 of this UDC, or elsewhere in the Jefferson Parish Code of Ordinances. Supplemental use regulations may be required ~~for~~ a special permitted conditional use (SPU) permit in addition to any supplemental conditions established for the specific use.
- c. An “CSPU” ~~“CSPU”~~ indicates that the listed use is allowed only after review and approval as of a special permitted conditional use permit ~~by the Parish Council in accordance with Sec. 33-2.234 Special permitted Conditional uses permit~~, except that the two-year renewal requirement for conditional special permitted uses ~~conditional special permitted uses~~ shall not apply.

(2) Special permitted Conditional uses (SPUs) permit required.

* * *

(b) *Development patterns.* The following development patterns are permitted in the U-1S district subject to the supplemental standards in Article 5 Supplemental conditions, Division 2 Development patterns of this UDC:

- (1) Mixed-use buildings, except that a building containing a residential component that exceeds 40 dwelling units, or on a development site that exceeds thirty thousand (30,000) square feet, or a building containing a commercial component that exceeds 25,000 square feet of gross floor area or on a development site exceeding thirty thousand (30,000) square feet shall be a special permitted conditional use;
- (2) Mid-rise to high-rise buildings, except that any application to exceed height allowed by right shall require a special permitted use conditional use permit.

(c) *Accessory uses or structures.* Accessory uses or structures are allowed in accordance with ~~Sec. 33-5.3.1, Accessory uses in a dwelling, and Sec. 33-5.3.2, Accessory buildings, structures, and uses, Division 1. Specific Use Standards of Article 5. Supplemental Conditions~~, of this UDC.

* * *

(e) *Home occupations.* Home occupations are allowed in accordance with ~~Division 1. Specific Uses—Standards~~, of Article 5 Supplemental e Conditions, of this UDC.

Sec. 33-3.58.4. Supplemental conditions for specific uses.

A bar or drinking place, including a drive-through alcoholic beverage service (LBCS function code 2540 or 2541) and breweries, distilleries, micro-breweries, micro-distilleries, micro-wineries, and wineries (LBCS function codes 3121- 3127) shall be located at least three hundred (300) feet measured radially from the property line of the ~~bar or drinking place~~ establishment to the property line of any residential district, dwelling, day care center (LBCS function code 6562), grade school (LBCS function code 6120), social assistance, welfare, or charitable service (LBCS function code 6560), religious institution (LBCS function code 6600), or public recreational day camp, park, or playground.

* * *

Sec. 33-3.58.6. Development standards.

Sec. 33-3.58.6.1. Development standards by development type.

In addition to the general development standards of this UDC, the following standards shall apply to each development type. Where there is a conflict, the following standards shall govern.

(1) *Residential development.*

- a. *Multiple family developments (LBCS function code 1150) and housing services (LBCS function code 1200).* Where exceeding forty (40) dwelling units or on a development site exceeding thirty thousand (30,000) square feet, multi-family developments and housing services shall be considered special permitted conditional uses (SPUs) subject to the following development standards:

* * *

(3) *Industrial development.* Industrial development shall be subject to the following development standards:

- a. All manufacturing, processing, testing, assembling, finishing, and transforming of materials, substances, or components shall be contained and conducted completely within buildings or structures;
- b. The storage of materials, substances, or components, except for hazardous, flammable, or toxic materials as defined in Chapter 13 Fire prevention and protection; emergency services and communication; and hazardous materials, Sec. 13-121 Hazardous material of this Code, and heavy equipment associated with construction-related uses (LBCS function code 7000), may occur in open areas outdoors, subject to the requirements of Sec. 33-3.58.6.5. B. Buffers of this district;
- c. Authorized storage in open areas outdoors excludes sand yards, gravel yards, coal yards, lime yards, gypsum yards, railroad yards, automobile wrecking yards, junkyards, scrap metal or recycling yards, waste storage yards; or yards that store any chemicals defined in Chapter 13, Fire prevention and protection; emergency services and communication; and hazardous materials, Sec. 13-121 Hazardous material of this Code. Any area that stores cement, concrete, or similar material as a powder shall be designed and maintained to minimize the emission of dust into the air, and roads providing access to the area shall be maintained in a dust-free condition by surfacing or treatment on a regular basis as may be specified by the Parish Environmental Affairs Department;
- d. See Chapter 16 Garbage and other solid waste of this Code for regulations pertaining to solid or bulk waste storage. Solid or bulk waste storage shall be set back from any adjacent residential district, dwelling, or institutional development by a buffer a minimum width of thirty (30) feet pursuant to Sec. 33-3.58.6.5. B. Buffers of this district.

- e. Noise, unshielded light, smell, dust, or any other airborne nuisance shall not be perceptible beyond the property line of the industrial development site;
- f. There shall be no emission of any fume, vapor, or gas of a noxious, toxic, or corrosive nature that can cause damage or irritation to humans, animals, vegetation, or to any form of property; see Chapter 17 Health and sanitation Article III Air pollution control of this Code for prohibitions and limitations on emissions and escapes into the air;
- g. See Chapter 27 Water, sewerage and drainage of this Code for prohibitions and limitations on discharges into the water, sewer, and drainage systems;
- h. Landscaping and buffers are required pursuant to Sec. 33-3.58.6.5. Landscaping of this district;
- i. Exterior wall material including brick, stone, architectural block, stucco, glass, wood, fiber-cement siding, and vinyl siding, and excluding prefabricated or corrugated metal panels and mirrored glass, shall apply to all building sides that face a street and to all building facades where located within one hundred fifty (150) feet measured radially from the property line to a residential district or to a residential subdivision of at least ten (10) lots;
- j. Heliports and helistops shall meet all applicable federal, state, and local regulations and be located at least three thousand (3,000) feet from any residential district, dwelling, or institutional development, except that a hospital (LBCS function code 6530) may have accessory helistops.

Sec. 33-3.58.6.2. Utilities and utility services.

Utilities and utility services shall be subject to the provisions of Sec. 40-748, Regulations for public utility structures in Chapter 40 Zoning of this Code, except that transmission lines for any utility shall ~~require~~ be considered a special permitted conditional use (SPU) permit. Production of electric power from sources including alternative sources such as solar or wind is permitted as an accessory use or structure, except that nuclear sources are prohibited.

* * *

Sec. 33-3.58.8. Development approval.

(a) *Site plan required.* In accordance with Article 2, Sec. 33-2.25. Site Plan of this UDC, a site plan is required where the application:

- (1) ~~Requires~~ Involves a special permitted conditional use (SPU) permit;

* * *

(b) *Amendments.*

- (1) *Minor Amendments.* Minor amendments to an approved site plan, except for a special permitted conditional use (SPU), include adjustments to achieve greater compliance with this UDC, technical codes, or other applicable regulations or best practices, but do not:

SECTION 27. That Chapter 33 Unified Development Code, Sec. 33-3.59. Unrestricted Rural District (U-1R)., is hereby amended, to read as follows:

Sec. 33-3.59. Unrestricted Rural District (U-1R).

~~See Chapter 40, Article XXXIV of this Code.~~

Sec. 33-3.59.1. Purpose.

This district is composed of certain lands in the parish where it has been determined that development will be restricted due to the natural

topography of the area. These districts may be rezoned upon determination by the planning director that changes have been accomplished which will allow development and use of the area proposed for rezoning.

Sec. 33-3.59.2. Authorized uses.

- (a) *Use Matrix.* See Table 33-3.50-1, Authorized Land Uses for Mixed-Use Base Zoning Districts of this UDC for authorized uses. These uses shall be permitted, provided that any use located on the unprotected side of the Pontchartrain and Vicinity Hurricane Protection Levee, the West Bank and Vicinity Hurricane Protection Levee, the Mississippi River and Tributaries Flood Protection Levee and the Jefferson Parish Urban Growth Limit Line, as established in Sec. 25-43 and regulated in Sec. 25-44 of this Code, shall be subject to the regulations of Sec. 39-10 Parish Infrastructure and Environmental Review (PIER) certificate required.
- (b) Accessory buildings and uses customarily incidental to the above uses.
- (c) Home occupations are permitted in accordance with *Division 1. Specific Use Standards, of Article 5 Supplemental Conditions*, of this UDC.
- (d) Mechanical equipment. Mechanical equipment is allowed in accordance with Sec. 33-6.9 Site design of this UDC.

Sec. 33-3.59.3. Supplemental conditions for specific uses.

The following uses shall be permitted only with the approval of the Jefferson Parish Council, and only when not located within three hundred (300) feet of any use other than commercial or industrial: Chemicals, and Metals, Machinery, and Electronics Manufacturing (LBCS Function Code 3300 et seq.), Junk/salvage yard (LBCS Function Code 4400), and in general all uses which may be offensive or obnoxious by reason of emission of odor, dust, smoke, gas, excessive glare, light or noise or vibration.

Sec. 33-3.59.4. Dimensional standards.

Dimensional standards are provided in Table 33-3.59.3-1: Dimensional Standards - U-1R.

Table 33-3.59.3-1: Dimensional Standards- U-1R.

Sec. 33-3.59.5. Parking, loading, and clear vision areas.

See Article XXXV, Off-street parking, loading, and clear vision area regulations in Chapter 40, Zoning of this Code.

Sec. 33-3.59.6. Signs.

The sign regulations provided in Article XXXVIII. General Commercial District C-2 of Chapter 40 shall apply. The general sign regulations of Article XXXVI. General Sign Regulations shall also apply for any standards that are not provided in this section.

Sec. 33-3.59.7. Development approval.

Sec. 33-3.59.7.1. Site plan review.

Site plan review is not required unless a special permitted use is triggered. Site plan review is required for special permitted uses, in accordance with Section 33-2.25, Site plan, in Article 2, Procedures, of this UDC.

Sec. 33-3.59.7.2. Variances.

(a) The Parish Council may grant variances to the U-1R dimensional, development, signs, and parking regulations for nonresidential development, provided the following criteria are met:

- (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
- (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
- (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.
- (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
- (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
- (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.

SECTION 28. That Chapter 33 Unified Development Code, Sec. 33-3.66.7.3. Planning Department subdivision and SPU requirements and procedures., is hereby amended, to read as follows:

Sec. 33-3.66.7.3. Planning Department subdivision and SPU requirements and procedures.

All subdivision and special permitted use applications shall be reviewed and processed according to the standard procedures of the Planning Department as established in Chapters 33 and 40:

- (a) Chapter 33, Article 2, Division 3. *Subdivision* shall apply to major and minor subdivisions.
- (b) In addition to the requirements for special permitted uses provided in Sec. 33-

2.23. Special permitted uses. ~~Article XL~~, the following standards shall apply:

- (1) If the Special Permitted Use application requires a site plan, the additional requirements specified for the survey regarding location of trees may be shown on this site plan.
- (2) The submitted site plan shall meet the requirements for site plans for major construction activity and include the tree protection plan requirements.
- (3) The site plan and tree protection plan submittals for special permitted uses in the MRTPD district, once approved by the Parish Council, may fulfill the required site plan and tree protection plan of major construction activity permit applications unless substantial changes occur at the construction activity permit stage altering the tree protection plan significantly, in which case an amended site plan shall be required.

SECTION 29. That Chapter 33 Unified Development Code, Sec. 33-3.69.3. Authorized uses. (FOD), is hereby amended, to read as follows:

Sec. 33-3.69.3. Authorized uses.

Permitted uses in the FOD are those uses permitted in the underlying zoning district, except that the following modifications shall apply where uses described in this section are authorized in the underlying zoning district:

- (1) ~~Conditional special permitted uses permit required.~~ Any use that is permitted as a ~~requires a conditional special permitted use permit in the U-1S district shall be permitted as a~~ require a conditional special permitted use permit in the FOD in accordance with Sec. 33-2.243. ~~Conditional special permitted uses permit~~ of this UDC. See Table 33-3.50-1. Authorized Land Uses for Mixed-Use Base Zoning Districts, and Sec. 33-3.58.3. Authorized uses of this UDC for uses that require a ~~conditional special permitted use permit~~ the U-1S district. Any type of development meeting the criteria listed in Sec. 33-3.58.3. A. 2. shall require a ~~conditional special permitted use permit~~ in the FOD.
- (2) *Prohibited uses.* Any use prohibited in the underlying zoning district or in the U-1S district shall be prohibited in the FOD.
- (3) *Development patterns.* The following development patterns are permitted in the Fairfield Overlay District subject to the supplemental standards in Article 5 Supplemental conditions, Division 2 Development patterns of this UDC:
 - a. Mixed-use buildings, except that a building containing a residential component that exceeds 40 dwelling units or on a development site that exceeds thirty thousand (30,000) square feet, or a building containing a commercial component that exceeds 25,000 square feet of gross floor area or on a development site exceeding thirty thousand (30,000) square feet shall be a ~~conditional special permitted~~ use;
 - b. Mid-rise to high-rise buildings, except that any application to exceed height allowed by right shall be a ~~conditional special permitted~~ use.
- (4) *Accessory uses or structures.* Accessory uses or structures are allowed in accordance with Division 1. Specific Use Standards of Article 5. Supplemental Conditions, of this UDC ~~Sec. 33-5.3.1, Accessory uses in a dwelling, and Sec. 33-5.3.2, Accessory buildings, structures, and uses, within Article 5. Supplemental conditions of this UDC.~~

SECTION 30. That Chapter 33 Unified Development Code, Sec. 33-3.70. Avondale Industrial Marine (AIM) District., is hereby amended, to read as follows:

Sec. 33-3.70. Avondale Industrial Marine Hazardous Materials Overlay (AIM HM-O) District.

Sec. 33-3.70.1. Purpose and findings.

~~The Avondale Industrial Marine (AIM) District is an overlay district intended to recognize and protect the historically productive industrial site commonly known as the “Avondale Shipyard.”~~

~~The AIM District promotes the redevelopment of the site as a strongly performing, value-added logistics hub that encompasses production, distribution and repair and takes advantage of the existing multi-modal transportation infrastructure that provides direct access to port, rail, and roadway systems. The Avondale site is suitable for the AIM district by having the following characteristics:~~

~~At least seventy-five (75) percent of the land area in the district was zoned and improved for industrial uses at least twenty-five (25) years ago. For this purpose, improved shall mean developed with buildings or other structures, paving, or storage for industrial uses;~~

~~It is at least two hundred (200) contiguous acres, has a minimum frontage on the Mississippi River of one (1) mile, and contains or is within three hundred (300) feet of an active rail line measured from the property line of the site.~~

~~The AIM district has the following purposes:~~

- ~~(1) Protect and promote active or prime industrial land along the Mississippi River to take advantage of port and rail facilities and services that represent indispensable nodes in the global economic network;~~
- ~~(2) Provide industrial businesses greater ease and more certainty in their ability to remain and prosper in their current locations;~~
- ~~(3) Facilitate a wide variety of production uses and activities and promote integrated, value-added logistics hubs;~~
- ~~(4) Promote strong distribution and repair infrastructure with efficient freight and warehousing networks;~~
- ~~(5) Facilitate modern and state-of-the-art processes, controls, buildings, and equipment for production, distribution, and repair that minimize nuisance complaints and keep impacts on adjacent and nearby areas to a minimum;~~
- ~~(6) Discourage an inappropriate level of non-industrial uses and encourage appropriate commercial activity that could improve employment opportunities and the physical condition of the district without conflicting with production, distribution, and repair activities;~~
- ~~(7) Improve employment diversity, the quality of jobs, and wages in Jefferson Parish;~~
- ~~(8) Promote orderly development to efficiently bring regional assets back into commerce; and~~
- ~~(9) Promote the health, safety, and general welfare of residents and businesses.~~

~~Sec. 33-3.70.2. Generally.~~

~~Development standards of the base zoning district shall apply.~~

- ~~(1) Where there is a conflict between the standards of the AIM district and the standards of the base district, the standards of the AIM district shall apply.~~
- ~~(2) Where the AIM district is silent on a standard, the standard of the base district shall apply.~~

~~Sec. 33-3.70.3. Authorized uses.~~

~~All uses listed in Sec. 40-582 of this Code are allowed by right, including a logistics cluster or hub and logistics facilities, establishments, or activities comprised of or engaged in one or more of manufacturing, production, product finishing, value-added services, packaging, labeling, assembly, distribution, freight handling, transshipment, wholesaling, warehousing, recycling, repair, marketing, or information technologies, with the following exceptions:~~

- ~~(1) The processing, refining, or bulk storage of flammable and combustible liquids that comprises thirty (30) percent or more of the total area of the~~

- ~~development site is a conditional use subject to the procedures of Sec. 33-2.24 of this UDC. If the application is an amendment to an approved conditional use, the thirty (30) percent limitation shall apply cumulatively.~~
- ~~(2) The following uses are accessory or ancillary uses, provided that the maximum site coverage of all accessory or ancillary uses shall not exceed thirty (30) percent of the total area of the site, and that the location of these uses is governed by the same area requirements of the base zoning district where sharing block frontage with or abutting a residential zoning district:~~
- ~~a. Hotels, Motels, or Other Accommodation Services (LBCS Code 1300);~~
 - ~~b. General Sales or Services (LBCS Code 2000);~~
 - ~~c. Arts, Entertainment, and Recreation (LBCS Code 5000);~~
 - ~~d. Education, Public Administration, Health Care, and Other Institutions (LBCS Code 6000); and~~
 - ~~e. Agriculture, Forestry, Fishing, and Hunting (LBCS Code 9000).~~
- ~~(3) Gaming establishment is a prohibited use.~~

Sec. 33-3.70.1. Purpose.

The Hazardous Materials Overlay District (HM-O) is intended to protect the public health, safety, and environment by controlling uses that store hazardous materials in bulk. The HM-O District provides additional standards and safeguards regarding the storage of hazardous materials to protect public health and safety, and the environment. The district provides opportunities for existing uses to continue to operate and expand with the limited establishment of new bulk storage of hazardous materials within specific parameters.

Sec. 33-3.70.2. Applicability of base district.

The standards of the base district apply unless otherwise modified by this overlay district. In the case of conflict between the standards of the base district and this overlay, the HM-O District controls.

Sec. 33-3.70.3. Authorized uses.

- (a) *Authorized uses.* Authorized uses in this district are those uses authorized in the underlying zoning district with the following exception:
- (1) Bulk storage of hazardous materials (LBCS function code 3633) may be permitted as a special permitted use in accordance with Sec. 33-2.23. Special permitted uses and in compliance with the standards of this Section.

Sec. 33-3.70.4. Specific use standards.

The following specific use standards shall apply to the bulk storage of hazardous materials within the HM-O District.

- (a) All requirements of Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials, are complied with.
- (b) The site has a minimum of one hundred thousand (100,000) square feet and the total floor area of all structures used for bulk storage of hazardous materials does not exceed fifty (50) percent of the total site area.
- (c) At a minimum, bulk storage tanks must be located three (3) times the minimum distance required by NFPA 30 distance in feet from all property lines.
- (d) There is ready access for fire and emergency equipment in accordance with Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials.
- (e) In the event the use for which a special permitted use is being sought pursuant hereto requires any air emission or water discharge permit from any state or federal agency, the application therefor, together with proof of submission, and the issued permit, if available shall be made a part of the application for the special permitted use.
- (f) The proposed use complies with the standards of the National Fire Protection Association Code, as adopted by the Jefferson Parish Council, and applicable standards of the National Association of Corrosion Engineers (NACE), the American Petroleum Institute (API), the American Society of Testing and Materials (ASTM), and requirements found in the

Clean Water Act, the Clean Air Act, and Resource Conservation and Recovery Act.

- (g) Adequate safeguards are provided to limit obnoxious or offensive emissions of smoke, gases, vibration, light, noise, glare, dust, and odors or other noxious or offensive fumes or spilled liquids.
- (h) An odor control plan is required, to be submitted to and approved by the Department of Environmental Affairs. At the time of special permitted use renewal, if an odor control plan is not in place, it is required as part of the renewal. The odor control plan consists of five components. The Department of Environmental Affairs may modify these plan components.
 - (1) Conduct a product odor assessment, including review of product safety data sheets (SDS) to identify odor related information.
 - (2) Identify odor sources within the facility, including temporary odor sources from activities such as cleaning and maintenance.
 - (3) Provide a work program that describes how site monitoring and investigation of odor complaints will be conducted. This should describe processes such as routine inspections and/or odor patrol, as well as how the facility will document odor complaints and conduct follow-up investigations.
 - (4) Describe the operational procedures to control odors.
 - (5) Catalog potential additional emission and odor control equipment that may be necessary if there are excessive offsite impacts of odors from the facility.
- (i) Where bulk storage of hazardous material includes or primarily conducts storage of hazardous materials in drums, tote tanks, boxes, or other intermediate bulk containers (IBC), the general location of such storage areas must be shown on the site plan and/or special permitted use. If locations are changed, an amendment to the site plan and/or special permitted use is required. All locations of such storage areas must be updated as part of special permitted use renewal.
- (j) A 24-hour manned hotline number for the public to contact is required and must be posted on the site in multiple locations that are clearly visible to the public. At the time of special permitted use renewal, if a 24-hour manned hotline number for the public is not posted, it is required as part of the renewal. The 24-hour manned hotline number must be that of the state required emergency contact.
- (k) In the event any of the above criteria, standards, or regulations are in conflict with each other or with local, state or federal regulations, the more restrictive shall govern.
- (l) An emission reporting plan and air permit compliance website is required in accordance with Sec. 13-138. Additional standards for bulk storage of hazardous materials in the HM-O District.

Sec. 33-3.70.5. Replacement of existing bulk storage tanks.

Existing bulk storage tanks may be replaced for maintenance, safety reasons, or where new technologies contribute to safer and/or more efficient storage. Site plan review for such replacement is required per Sec. 33-2.23.7. Any increase in capacity or change of the list of approved materials stored within such tanks requires a major amendment to the special permitted use in accordance with Sec. 33-2.23. Special permitted uses.

Sec. 33-3.70.6. Required separation.

- (a) Bulk storage tanks or containers, containing hazardous materials, must be located a minimum of two thousand (2,000) feet from the lot line of any other adjoining or abutting lot that is zoned a district other than the I-L, I-H, or I-LF District
- (b) These separation requirements for bulk storage tanks or containers, containing hazardous materials, apply when abutting or adjoining a lot zoned a district other than I-L, I-H, or I-LF, for:
 - (1) Any new facility, approved as a new SPU, as of the effective date, [INSERT EFFECTIVE DATE], of this ordinance, [INSERT THIS ORDINANCE NO.] (See Figure 33-3.70.7-3); or

- (2) Any expansion of an existing special permitted use boundary as of this effective date (See Figure 33-3.70.7-4).
- (c) These requirements shall not apply within any existing special permitted use boundary, established prior to this effective date (See Figure 33-3.70.7-2).
- (d) When a special permitted use is expanded, the required separation shall apply on an incremental basis, which means that the separation requirement shall only be applied to the expansion.
- (e) However, adjoining or abutting lots under the same ownership that are not zoned the I-L, I-H, or I-LF District may be used to meet this separation requirement.
- (f) The required landscape buffer (Sec. 33-3.70.7) may be located within this separation area.

Sec. 33-3.70.7. Required landscape buffer.

A landscape buffer is required to create a physical separation between hazardous material and the surrounding area.

- (a) The landscape buffer must be a minimum width of five hundred (500) feet. The landscape buffer shall be divided into Zone A and Zone B. The buffer is measured perpendicularly from any lot line that shared with another lot that is not part of the development site and zoned a district other than I-L, I-H, or I-LF.
 - (1) Zone A comprises the first two hundred (200) feet of the landscape buffer, measured perpendicularly from the lot line.
 - (2) Zone B comprises the remainder of the required landscape buffer outside of Zone A.
 - (3) Required plantings in the landscape buffer are as follows:

| Zone | Required Trees |
|--------|---------------------|
| Zone A | 4 trees per 2,500sf |
| Zone B | 4 trees per 5,000sf |

- (4) The remainder of both zones must be planted in live groundcover, shrubs, or additional trees.
- (5) Trees shall be planted in a cluster pattern with an example illustrated in Figure 33-3.45.7-1 below.
- (6) In Zone A, a solid fence or wall, constructed of wood, brick, masonry, chain-link fence with vegetative screening, or stone a minimum of six (6) feet in height to a maximum of ten (10) feet shall be erected along the applicable lot line for one hundred (100) percent of the property buffer length, with the exception of required ingress/egress points. A berm is permitted; if constructed on a berm, the height of the berm is included in the calculation of fence height. Where chain-link fence with vegetative screening is used, vegetative screening must be evergreen vines or climbing plants and maintained in healthy condition.
- (7) Where the required landscape buffer is located along a rail line and landscape is prohibited along such rail lines by the owner/operator, landscape is not required only in that area controlled by the rail owner/operator. Such area is included in the total dimension of the landscape buffer. The remaining area outside of such control must be landscaped in accordance with this section.
- (b) The landscape buffer is required when abutting or adjoining a lot zoned a district other than I-L, I-H, or I-LF, for:
 - (1) Any new facility, approved as a new SPU, as of the effective date, [INSERT EFFECTIVE DATE], of this ordinance, [INSERT THIS ORDINANCE NO.] (See Figure 33-3.70.7-3); or
 - (2) Any expansion of an existing special permitted use boundary as of this effective date (See Figure 33-3.70.7-4).
- (c) These requirements shall not apply within any existing special permitted use boundary, established prior to this effective date (See Figure 33-3.70.7-2).

(d) When a SPU is expanded the required landscape buffer shall apply on an incremental basis, which means that the landscape buffer requirement shall only be applied to the expansion.

Figure 33-3.70.7-1. HM-O District Landscape Buffer

Figure 33-3.70.7-2. Existing facility with an SPU in the HM-O District; No expansion.

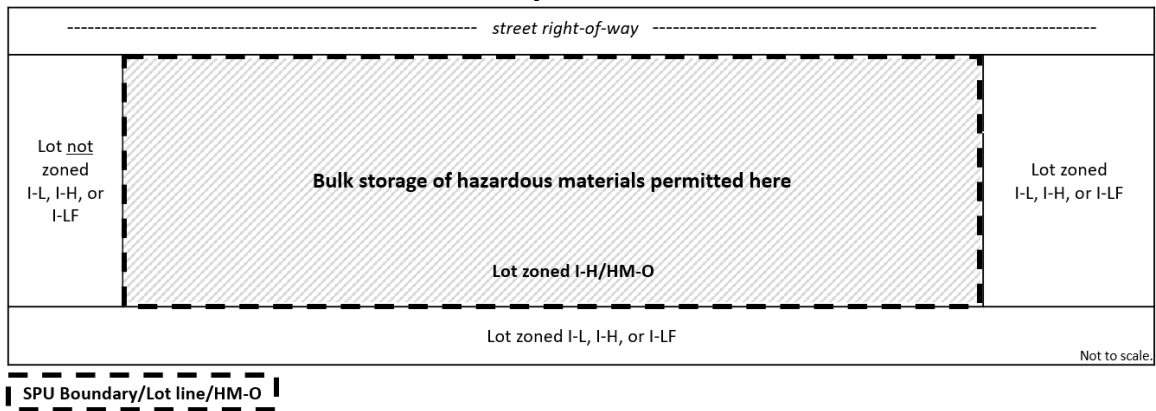

Figure 33-3.70.7-3. New facility, approved as an SPU in the HM-O District.

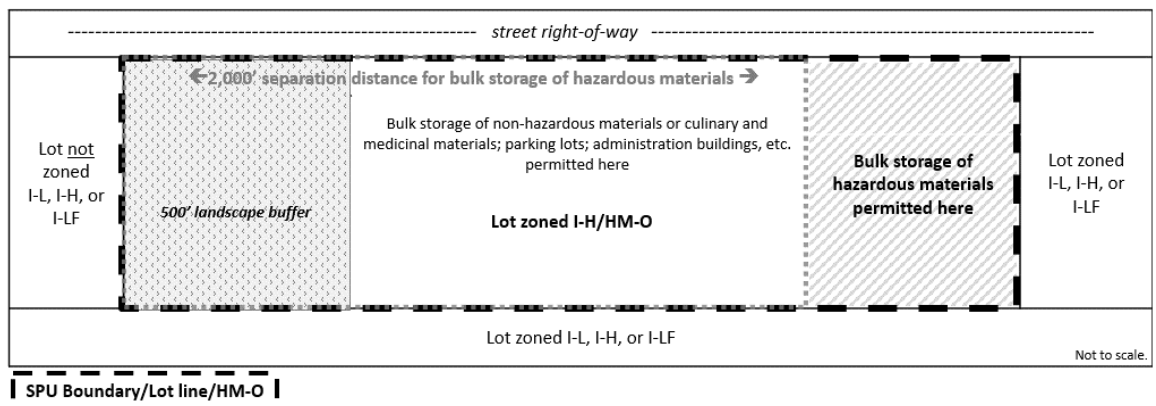

Figure 33-3.70.7-4. Expansion scenarios of an existing SPU in the HM-O District.

- ① Expansion towards property not zoned I-L, I-H, or I-LF would trigger 2000' separation distance and 500' landscape buffer; if the expansion is less than 2000', then the bulk storage of hazardous materials cannot be placed within expansion area.
- ② Expansion towards property zoned I-L, I-H, or I-LF would not trigger 2000' separation distance or 500' landscape buffer.

Sec. 33-3.70.8. Variances.

- (a) The Parish Council may grant variances to the HM-O District dimensional, development, signs, separation requirement, landscape buffer, and parking regulations provided the following criteria are met:
 - (1) The proposal complies with the requirements to the maximum extent possible taking into account space limitations of existing structures.
 - (2) The proposal does not adversely affect the harmony or compatibility of surrounding land uses.
 - (3) That special conditions and circumstances exist peculiar to the land, structures or buildings which are not applicable to other land, structures or buildings in the same zone.
 - (4) The granting of the variance will not be contrary to the public interest, will not adversely affect property values, will not adversely affect other property in the vicinity, and will be in harmony with the intent and purpose of this UDC.
 - (5) If the applicant complies strictly with the provisions of this UDC, then the applicant will be unable to make reasonable use of the affected property.
 - (6) The requested variance will not conflict with the purposes of this district, UDC, or the comprehensive plan.
- (b) The Parish Council shall not grant variances to the following standards within the HM-O District:
 - (1) Specific use standards (Sec. 33-3.70.4)

Sec. 33-3.70.9. HM-O District Zoning Map Amendment Criteria.

- (a) A map amendment per Sec. 33-2.21. for the HM-O District is subject to the following additional requirements:
 - (1) The HM-O District may only be applied as an overlay to the I-H District.
 - (2) Mailed notice for the proposed amendment, per Sec. 33-2.6, is required for all owners of property located within one-thousand (1,000) feet, measured radially from the lot lines of the subject property.
 - (3) A neighborhood meeting for the proposed rezoning shall be required. The neighborhood meeting shall be held prior to review by the Planning Advisory Board.
 - a. Mailed notice for the neighborhood meeting is required for all owners of property located within one-thousand (1,000) feet, measured radially from the lot lines of the subject property. Mailed notice must be provided a minimum of fifteen (15) days up to a maximum of thirty (30) days before the meeting. The applicant is responsible for all notice.
 - b. The neighborhood meeting shall be open to the public and open for public comment.
 - c. The public meeting shall include a review of the plan for the development site. The plan shall include:
 - i. A summary of types of products or services to be stored and/or produced, a physical description of proposed building and site,

- and an overview of anticipated environmental impact, controls to comply with environmental regulations, and any voluntary activities undertaken to go beyond legally required environmental control standards.
- ii. A written statement that lists all federal, state, and local permits on the current development site and those to be applied for.
- iii. The expected schedule of construction.
- d. Public comment shall be documented, including attendance sheets .
- e. Following the public meeting, the applicant shall submit the following materials to the Planning Department to be included as part of the public record. No application will be advertised for Planning Advisory Board review until such documentation is received:
 - i. A copy of the mailed notice provided to property owners.
 - ii. A copy of the materials required under c. above and any other materials distributed at the meeting.
 - iii. Attendance sheets from the meeting.
 - iv. An affidavit signed by the applicant attesting that the required notice procedure was followed.
 - v. A report summarizing the public outreach conducted, including:
 - (A) The dates, times, and locations of all meetings held with interested parties.
 - (B) The total number of people that participated in the process (the number of people who attended all meetings, as well as any others who made contact via other means, as evident from sign-in sheets, emails, etc.).
 - (C) A list of any concerns, issues, and problems expressed by the participants. A statement as to how each concern, issue, and problem is addressed and how the applicant intends to continue to address them.
- f. Any opinions or advice provided at the meeting shall be in no way binding with respect to any official action that may be taken on the subsequent formal application. Any failure to observe formal procedures shall not affect the ultimate validity of any future formal action.
- (b) The following elements of design, construction, and operation intended to mitigate, minimize, or avoid negative environmental impacts in the following categories shall be considered as part of a map amendment for the HM-O District:
 - (1) Air pollution reduction technologies for stacks, exhaust pipes, or other such equipment or facilities.
 - (2) Plans to minimize odors, emissions, noise, dust, and glare.
 - (3) Energy efficiency or renewable energy elements.
 - (4) Waste minimization or re-use programs
 - (5) On-site or off-site green stormwater infrastructure.
- (c) A map amendment for the HM-O District and the application/amendment for a special permitted use for the bulk storage of hazardous materials may be applied for simultaneously at applicant's option.

SECTION 31. That Chapter 33 Unified Development Code, Article 5 Supplemental Conditions, is hereby amended, to read as follows:

Article 5. Supplemental Conditions

Sec. 33-5.1. Purpose.

This Article provides supplemental conditions, standards, or criteria for certain uses, structures, facilities, or alternative forms of development to achieve the following purposes:

- (1) Protect surrounding property values and uses;
- (2) Produce a distinct pattern of development;
- (3) Protect the public health, safety, and general welfare; and

(4) Implement the comprehensive plan.

Sec. 33-5.2. General conditions.

The regulations of this Article shall supplement the requirements of the zoning district, overlay, if applicable, and other standards of this Code. They are in addition to, and do not replace, other development standards unless otherwise provided. To the extent that a conflict exists between a standard in another Article of the UDC or Code and a standard in this Article, the standard of this Article shall govern unless otherwise indicated. No ~~conditional~~ special permitted use or use subject to supplemental conditions may be initiated, established, or maintained unless it complies with the standards set forth for such use in this Article. In some cases, these standards apply to uses allowed by right in the zoning districts subject to the supplemental standards, as indicated by an “S” in the applicable use table. In other cases, the supplemental regulations address the unique challenges of certain uses and structures or the distinct pattern of certain development whether permitted as a special permitted ~~conditional~~ use, as indicated by a ~~“C”~~ an “SPU” in the applicable use table, or allowed by right in the supplemental use regulations of the zoning district or overlay.

* * *

Sec. 33-5.3. Specific use standards.

Sec. 33-5.3.1. Accessory uses in a dwelling.

In the zoning districts listed in Table 33-5.3-1, the following uses may be established as a subordinate use of a dwelling, clearly incidental to the principal residential use, and, unless otherwise permitted, conducted in the principal residential building, subject to the criteria or conditions listed below. A site plan, floor plan, sign drawing, or elevation drawing, as applicable, shall be required for these accessory uses, which shall be reviewed in accordance with the applicable development approval procedure indicated in Tables 33-2.3-1 & 2 and provided in Article 2 Procedures of this UDC.

Table 33-5.3.1-1: Development Approval for Accessory Uses in a Dwelling.

| Accessory Use | Zoning District Permitted | Development Approval Procedure |
|--|--|---------------------------------------|
| Ceramic article manufacture | R1A, OBM1 | Site plan |
| Hair care | R-1A, OBM1 | Conditional use <u>SPU</u> |
| Secondary culinary facility | R-1A, <u>R-1B</u> , <u>R-1C</u> , <u>R-1D</u> , OBM1 | Conditional use <u>SPU</u> |

Sec. 33-5.3.1.1. Accessory ceramic article manufacture or similar arts and crafts.

* * *

Sec. 33-5.3.1.2. Accessory hair care.

- (a) All accessory hair care services shall be considered special permitted ~~conditional~~ uses in all of the zoning districts in which they are authorized; requests for approval of such services shall be processed pursuant to Sec. 33-2.234. ~~Conditional~~ Special permitted uses in Article 2 Procedures of this UDC;
- (b) At the time of special permitted ~~conditional~~ use application, the applicant shall show proof that all applicable state licenses have been applied for or obtained, and the operator shall maintain such licenses for the duration of the use; and the two-year renewal requirement shall apply;

* * *

Sec. 33-5.3.1.3. Accessory second culinary facility.

- (a) All accessory second culinary facilities shall be considered special

- permitted conditional uses in all of the zoning districts in which they are authorized; and requests for approval of such facilities shall be processed pursuant to Sec. 33-2.234. Special permitted Conditional uses in Article 2 Procedures of this UDC and the two-year renewal requirement shall apply.
- (b) Renewal. A permit for a second culinary facility may be renewed in accordance with Sec. 33-2.23 and the following provisions:
- (1) The applicant shall submit the following materials to the Planning Department which will be forwarded to the Director of Code Compliance and Enforcement.
 - a. A certified true copy of the original covenant or agreement submitted with the original application.
 - b. A letter from the applicant stating that the need to continue the facility is still in existence.
- ~~(b)~~ (c) As shown on the required site plan and floor plan, the second culinary facility shall:
- (1) Be permitted only in the principal structure of a single-family dwelling;
 - (2) Not be greater than twenty-five (25) percent of the floor area of the principal structure;
 - (3) Be accessible only through the principal structure; and
 - (4) Not protrude into required yards.
- ~~(c)~~ (d) The second culinary facility shall only be granted to the owner or occupant of the principal structure and shall not be transferable; and
- ~~(d)~~ (e) It shall comply with all Parish codes and ordinances and require a building permit.

* * *

Sec. 33-5.3.2. Home occupations.

Sec. 33-5.3.2.1. Purposes.

- (a) Permit and regulate the conduct of home occupations as a secondary use to a dwelling unit, whether owner- or renter-occupied, but with the property owner's consent;
- (b) Ensure that home occupations are compatible with, and do not have a harmful effect on nearby residential properties and uses;
- (c) Adequately protect existing residential neighborhoods from dust, odors, noise, traffic, or other potentially adverse effects of home occupations;
- (d) Allow residents of the community to use their homes as a work place and a source of livelihood, under certain specified standards, conditions, and criteria;
- (e) Enable the fair and consistent enforcement of these home occupation regulations; and
- (f) Promote and protect the public health, safety and general welfare.

Sec. 33-5.3.2.2. Applicability.

The home occupations permitted in this section below are allowed in any dwelling unit. Home occupations include any permitted occupation within a dwelling unit, clearly incidental and secondary to the use of the dwelling unit for residential purposes, and carried on by a member of the family residing in the dwelling unit.

Sec. 33-5.3.2.3. Standards.

- (a) Only residents of the premises shall be employed;
- (b) No more than fifteen (15) percent of the gross floor area of the dwelling unit

- shall be used for the home occupation;
- (c) The occupation shall be conducted entirely within the interior of the residence;
 - (d) Storage of goods and materials shall be inside and shall not include flammable, combustible, or explosive materials;
 - (e) No generation of dust, odors, noise, vibration, or electrical interference or fluctuation shall be perceptible beyond the property line;
 - (f) Electronically amplified sounds from the occupation shall not be audible from adjacent properties or public streets;
 - (g) No mechanical equipment shall be used except equipment normally used for family, domestic, or household purposes;
 - (h) Deliveries and pickups shall be those normally associated with residential services and occurring during normal residential hours and shall not block traffic circulation;
 - (i) One (1) parking space shall be provided for the home occupation in addition to the parking required for the residential use;
 - (j) No exterior indication of the occupation shall be perceptible except one (1) non-illuminated sign or nameplate limited to no more than two (2) square feet mounted flush against the wall of the dwelling unit.

Sec. 33-5.3.2.4. Permitted home occupations.

The following home occupations are allowed subject to the standards established in the section above:

- (1) Accounting, tax preparation, bookkeeping, and payroll services (LBCS function code 2412);
- (2) Advertising, media, and photography services (LBCS function code 2417);
- (3) Architectural, engineering, landscape architectural, drafting, and related services (LBCS function code 2413);
- (4) Artist, writer, or performer (LBCS function code 5160);
- (5) Computer training (limited to no more than one (1) student at a time; LBCS function code 6143);
- (6) Consulting services (LBCS function code 2415);
- (7) Day care home
 - a. Subsection (b) of Home Occupation Standards shall be calculated to only include the indoor play area.
 - b. Subsection (c) of Home Occupation Standards. shall not apply.
 - c. In addition to the requirements of the State, the outdoor play area shall be a minimum of seventy-five (75) square feet per child using the space at a time, or whatever the State requires, whichever is more strict, and shall be enclosed by a permanent opaque fence or barrier with a minimum height of six (6) feet.
- (8) Diet, weight reduction, and exercise services (limited to no more than one (1) client at a time; LBCS code 2612);

Sec. 33-5.3.2.5. Prohibited home occupations.

The following uses are prohibited as home occupations:

- (1) Band instrument group instruction;
- (2) Convalescent home;
- (3) Dancing instruction;
- (4) Mortuary establishment;
- (5) Physician or dentist office in which mechanical equipment is used;
- (6) Real estate office;
- (7) Short-term rental; except limited short-term rental is allowed subject to the following restrictions and conditions:

- a. Short-term rental is prohibited in the following zoning districts: Batture District (B-1), Suburban (S-1), Single-Family Residential (R-1A), Suburban Residential (R-1B), Rural Residential (R-1C), Rural Residential (R-1D), Manufactured Home (R-1MH), Two-Family Residential (R-2), Three- and Four-Family Residential (RR-3), Multiple-Family Residential (R-3), Townhouses (R-1TH), Condominiums (R-1CO), Core District Residential (CD-R), ~~Office-Warehouse (OW-1)~~ Industrial Mixed-Use (I-MU), Light Industrial (I-L M-1), ~~Industrial District (M-2)~~, Heavy Industrial District (I-H M-3), Avondale Industrial Marine District (AIM), Landfill Industrial (I-LF M-4), Gaming and Entertainment District (GED), Penal and Criminal Correctional Institution (P-1); and with the following exceptions:

- 1. *Short-term rentals associated with film and movie production.* Short-term rentals shall be permitted in all zoning districts when associated with film, motion picture, television, or commercial production activities, as defined in Chapter 26, Article VI-Film and Movie Production, and shall adhere to the following requirements:
 - (i) The operator of the short-term rental and the duration of stay shall coincide with a valid, active Jefferson Parish film permit(s) and location permit(s).
 - (ii) The dwelling unit of the short-term rental shall be the primary residence of the operator.
 - (iii) There shall be no external evidence that the building or dwelling unit is being used as a short-term rental.
 - (iv) Each short-term rental shall be equipped with a hardwired smoke detector, hardwired carbon monoxide detector, and fire extinguisher on the premises. Short-term rentals shall meet or exceed all applicable building codes.
 - (v) Regulations do not apply to the temporary use of private property for filming purposes.
- 2. Fishing and/or hunting camps located on the unprotected side of, or within three hundred (300) feet of, the Pontchartrain and Vicinity Hurricane Protection Levee, the West Bank and Vicinity Hurricane Protection Levee, the Mississippi River and Tributaries Flood Protection Levee, or the Jefferson Parish Urban Growth

Limit Line.

3. Real estate agreement arrangement where either the seller pays the new owner to stay at the property after the close of escrow; or the buyer pays the seller to move in before the sale has actually closed.
- b. Short-term rental is allowed in the following zoning districts: Old Bucktown Mixed-Use Residential District (OBM-1), Old Bucktown Mixed-Use Commercial District (OBM-2), Pedestrian-Core (FC-1), Residential Mixed-Use (FC-2), and Commercial Mixed Use (FC-3), Town Center Mixed Use (TCMU), Medical Services (H-1), Medical Services (H-2), Neighborhood Commercial (C-1), General Offices (GO-1), General Offices (GO-2), Business Core (BC-1), Business Core (BC-2), Mixed-Use Corridor (MUCD), General Commercial (C-2), Unrestricted Suburban (U-1S), and Unrestricted Rural (U-1R) subject to the following standards:
 1. Short-term rental shall be subject to the standards for home occupations provided for in Sec. 33-5.3.9.3. Standards, except subsections B and J.
 2. The dwelling unit of the short-term rental shall be the primary residence of the operator in accordance with the requirements of Chapter 17.5 Lodging Accommodations of this Code, except in zoning districts that allow hotels and/or motels.
 3. In the C-1 zoning district, short-term rental is prohibited within three hundred (300) feet of the residential or industrial zoning districts listed in subsection 1 above, measured radially from the property line of the C-1 lot.
 4. Short-term rental shall not be located in recreational vehicles or travel trailers.
 5. Short-term rental shall not include rental for meetings, such as luncheons, banquets, parties, weddings, fundraisers, or other similar gatherings for direct or indirect compensation.
 6. There shall be no external evidence that the building or dwelling unit is being used as a short-term rental.
 7. Short-term rental shall be subject to the provisions of Chapter 17.5 Lodging Accommodations, Chapter 20 Offenses and Miscellaneous Provisions, and Chapter 35 Taxation of this Code.
- c. Amortization of short-term rentals.
 1. Findings. The Parish Council finds that:
 - (i) Generally, Jefferson Parish is characterized by a suburban development pattern of homogenous land uses concentrated in neighborhoods and along transportation corridors.
 - (ii) Where appropriate, mixed land uses are allowed to promote a denser, urban development pattern.
 - (iii) The most prevalent land use in Jefferson Parish is the detached single-family home, which comprises many quiet, well-maintained, and family-oriented neighborhoods.
 - (iv) The short-term rental of a home is a business that generally is not compatible with the homogenous residential character of many of Jefferson Parish's neighborhoods.
 - (v) Subject to use standards, the short-term rental of a home is compatible in mixed-use and commercial areas where residential and non-residential uses co-exist.
 - (vi) To promote health, safety, and the general welfare, and in accordance with the comprehensive plan, the amortization of existing short-term rentals, within a reasonable timeframe, is necessary so these activities either cease operations where

prohibited or come into compliance where allowed by the provisions of this Code.

2. Purpose. The purposes of this section are to:

(i) Provide an adequate timeframe for operators of permitted short-term rentals to come into compliance with the standards and approval and licensing requirements provided for in this Code; and

(ii) Establish a fair and equitable process for the elimination of short-term rentals existing prior to the adoption date of this ordinance and prohibited by new regulations.

3. Amortization. Any short-term rental operating prior to [date of adoption of ordinance] shall have either twelve (12) months to cease operations or six (6) months from said date to come into compliance with one of the following, as applicable:

(i) If located in a zoning district where short-term rental is prohibited, shall cease operations. During the twelve (12)-month period, the short-term rental shall be considered a nonconforming use and shall not be required to adhere to the standards set forth in Sec. 33-5.3.9.5.G. However, upon termination of the amortization period, the short-term rental shall cease operation immediately.

(ii) If located in a zoning district where short-term rental is permitted, the short-term rental shall have six (6) months, to come into compliance with the standards set forth in Sec. 33-5.3.9.5.G. including all required licenses.

d. Long-term rental. Nothing in these short-term rental provisions is intended to apply to or prohibit the long term rental of a dwelling unit for thirty (30) or more consecutive days and where typically the method of rental involves an extended period of time and tenant obligations such as payment of utility bills in the name of the tenant.

(8) Stores;

(9) Tearoom;

(10) Trades; or

(11) Business of any kind not expressly permitted in Sec. 33-5.3.2.4. herein prohibited.

Sec. 33-5.3.23. Accessory buildings, structures, and uses.

(a) For the purpose of this section, provisions related to accessory structures shall not apply to fences.

(b) Except as otherwise provided in this Code:

(1) Interior side yards. No more than one (1) accessory building or structure, excluding a swimming pool, shall cover any part of a required side yard. Any accessory building that is not a part of the principal building, or swimming pool, may be built in a required side yard, provided that such accessory building, structure, or swimming pool is:

a. At least sixty (60) feet from the front lot line; and

b. Located at least three (3) feet from the nearest interior side lot line.

(2) Rear yards. Accessory buildings, structures, or swimming pools may be built in a required rear yard provided:

a. Excluding swimming pools, no more than forty (40) percent of the required rear yard shall be covered by accessory buildings or structures; and

b. In residential districts, such accessory buildings, structures, and swimming pools shall not be located less than three (3) feet from either side or rear lot line.

- (3) Corner side yards.
- a. On a corner lot, any minimum corner or exterior side yard setback shall apply to the accessory building or structure.
 - b. Sec. 33-6.37. Clear vision area shall apply.
- (4) Height. Accessory buildings or structures allowed in a required rear or side yard shall not exceed thirteen (13) feet in height.
- (5) Location. In the Fat City districts, accessory or support buildings and structures shall not be located on the same side of the development as residential development unless the Property buffer greenspace area in compliance with Sec. 33-6.25.4. Standards is provided.
- (6) Design. In the Fat City districts and the CPZ-Ped overlay district, any part of an accessory or support building visible from street right-of-way that is not screened by fencing or landscaping that meets the district requirements shall be constructed of the same materials as the principal building.
- (7) Screening. In the Fat City districts and the CPZ-Ped overlay district, any part of an accessory or support structure that is not a building that is visible from street right-of-way shall be screened by a wood, brick, or masonry fence with a minimum height of seven (7) feet, except that the following are not required to be screened:
- a. Playground equipment accessory to permitted uses; or
 - b. Structures used for drive-up service (e.g. gas pumps, vacuum stations, ATMs).
- (8) An accessory building may be attached to a dwelling provided that:
- a. The connection or attachment shall not be less than six (6) feet in width; and
 - b. The connection or attachment shall be made by a common wall, an extension of the main roof designed as an integral part of the building, or other substantial attachment or connection as determined by the department of inspection and code enforcement.
 - c. For setback purposes, an attached enclosed accessory building shall be considered part of the principal structure, and therefore shall meet the area requirements of the underlying zoning district, except that Sec. 40-738 (e) shall apply, when applicable.
- (9) Private garages. The following regulations shall apply to all private garages accessory to single-, two-, three-, four-family dwellings, including manufactured homes and townhouses and shall supersede any conflicting regulations applicable to accessory structures:
- a. Location.
 1. Attached garages shall comply with the side yard setback requirements of the principal structure and shall not be closer to the rear lot line than the side yard setback of the principal structure;
 2. If located in front of the principal structure, a detached garage shall comply with the side yard setback requirements of the principal structure and shall not be less than sixty (60) feet from the front lot line.
 - b. Garage doors.
 1. Garage doors shall not exceed ten (10) feet in height, except when modified to accommodate existing one- or two-family dwellings, including townhouses, elevated to reduce potential flood damage;
 2. Garage doors on street-facing attached garages shall not comprise more than fifty (50) percent of the total width of the street-facing principal structure façade;

3. The portion of the garage doors viewable from the street on street-facing detached garages shall not comprise more than fifty (50) percent of the total combined width of the facades of the principal structure and portion of street-facing garage structure viewable from the street;
 4. On corner lots, only the front street-facing garage door shall comply with subsections (b) and (c).
- c. Variance. In accordance with Article XLII, Board of Zoning Adjustments in Chapter 40, Zoning of this Code, the Board of Zoning Adjustments may grant a variance to the height of a private garage subject to the following criteria:
1. The entire structure shall be set back from the side and rear lot lines an additional one (1) foot for every additional one (1) foot or fraction thereof in height over thirteen (13) feet, but shall not exceed the minimum side or rear yard setback requirement of the principal structure and in no case shall exceed nineteen (19) feet in height in a required yard; and
 2. The garage shall not contain a second or higher floor used as a place of habitation or a living room, kitchen, dining room, parlor, bedroom, or library.

Sec. 33-5.3.4. Residence or Accommodations.

Sec. 33-5.3.4.1. Residential dwelling units.

Sec. 33-5.3.4.1.1. General criteria (reserved).

Sec. 33-5.3.4.1.2. Townhouses (LBCS Function Code 1112).

- (a) Townhouses allowed in the R-2, RR-3, R-3, FC-2, TCMU, and U-1S zoning districts are subject to the dimensional standards outlined in Table 33-5.3.4.1.2-1, which supersedes the requirements for lot area, width, and depth in the applicable zoning district.

Table 33-5.3.4.1.2-1: Dimensional Standards for Townhouses.

| <u>Zoning District</u> | <u>R-2</u> | <u>RR-3</u> | <u>R-3</u> | <u>FC-2</u> | <u>TCMU</u> | <u>U-1S</u> |
|--|-------------------|--------------------|-------------------|--------------------|--------------------|--------------------|
| <u>Lot Size (minimum, square feet)</u> | <u>3,000</u> | <u>2,000</u> | <u>1,350</u> | <u>na</u> | <u>na</u> | <u>1,350</u> |
| <u>Lot Width (minimum, feet)</u> | <u>18</u> | <u>18</u> | <u>18</u> | <u>18</u> | <u>18</u> | <u>18</u> |
| <u>Lot Depth (minimum, feet)</u> | <u>90</u> | <u>90</u> | <u>75</u> | <u>na</u> | <u>75</u> | <u>75</u> |
| <u>Grouped Dwelling Units, number (minimum)</u> | <u>na</u> | <u>na</u> | <u>na</u> | <u>5</u> | <u>na</u> | <u>na</u> |

| <u>Grouped Dwelling Units, length (feet) (maximum)</u> | <u>na</u> | <u>na</u> | <u>na</u> | <u>180</u> | <u>na</u> | <u>na</u> |

- (b) Setback requirements are the same as the applicable zoning district; however, interior dwelling units are not subject to the side setback requirements of the zoning district.
- (c) The facades of dwelling units in townhouses shall have variations in materials and design and be varied by changed front yards of not less than two (2) feet so that no more than two (2) abutting units have the same front yard depth.
- (d) Non-public area for the common use and enjoyment of the occupants of townhouses and not in individual ownership by the occupants shall be maintained in a satisfactory manner without expense to the general taxpayers. A homeowners' association shall be required for such

maintenance in accordance with Sec. 33-6.3, Maintenance of common areas, in Article 6, General Development Standards, of this UDC.

(e) A townhouse dwelling and the individual lot it occupies may be sold separately if separate utilities systems are provided and if separate lots for each dwelling unit in a group are lots of record.

(f) The following additional standards shall apply in the FC-2 district:

(1) Front entryways shall face the public street.

(2) Vehicular access.

a. Vehicular access from the public street to the front of each townhouse is prohibited.

b. Vehicular access to the rear of each townhouse lot is required and shall be provided by an alley or driveway that:

(i) Has a minimum width of eighteen (18) feet of hard surface;

(ii) Is considered a private drive; and

(iii) May be subject to a Parish-approved maintenance plan.

Sec. 33-5.3.4.1.3. Manufactured homes.

See Article XXXVIII Manufactured homes and mobile homes in Chapter 40 Zoning of this Code.

Sec. 33-5.3.4.1.4. Zero lot line (reserved).

Sec. 33-5.3.4.2. Board and care home (include LBCS function code 1231).

(a) Board and care homes shall be considered special permitted conditional uses in the OBM-1 Old Bucktown Mixed Use Residential District and the FC-2 Residential Mixed Use District in accordance with 33-3.50. Mixed-Use Base Zoning Districts Use Matrix.

(b) Facilities shall provide personal assistance or protective care and/or lodging and meals to not more than six (6) adults who are ambulatory and unrelated to the resident licensee, operator or administrator.

(c) Facilities are subject to the requirements of Chapter 11 -Board and Care Homes, Article III Regulation and Inspection of Board and Care Homes of this Code.

(d) Any dwelling, building or structure used for residential overnight care facilities and/or housing or treating persons as a part of, condition of, or prerequisite for probation, parole or suspension of sentence; mental and psychiatric care facilities; halfway houses; community rehabilitation centers; juvenile rehabilitation centers; adult rehabilitation centers; drug and alcohol treatment centers; detoxification centers; detoxification houses; and similar correctional and treatment facilities shall not be considered a board and care home.

Sec. 33-5.3.4.3. Bed and breakfasts (LBCS Function Code 1310).

(a) Manager must reside on premises.

(b) Meals may be served to registered guests provided applicable parish and state codes for food services are met.

(c) Cooking facilities are prohibited in individual guest rooms.

(d) Bed and breakfasts shall not include rental for meetings, such as luncheons, banquets, parties, weddings, fundraisers, or other similar gatherings for direct or indirect compensation.

(e) There shall be no external evidence that the building is being used as bed and breakfast, except one (1) non-illuminated wall, hanging or projecting sign limited to no more than four (4) square feet in area.

(f) Bed and breakfasts shall be subject to the parking requirements of Chapter 40 Zoning, Article XXXV Off-Street Parking, Loading and Clear Vision Area Regulations of this Code.

(g) Bed and breakfasts shall be subject to the provisions of Chapter 17.5 Lodging Accommodations, Chapter 20 Offenses and Miscellaneous

Provisions, and Chapter 35 Taxation of this Code.

Sec. 33-5.3.5. General Sales or Services.

Sec. 33-5.3.5.1. Auto-oriented development.

Sec. 33-5.3.5.1.1. Purpose.

Auto-oriented development includes uses that are inherently dependent on vehicular access. These uses, properly located and designed, fulfill the public and market needs for vehicles, particularly automobiles, automobile maintenance, and services that depend on automobile access. It is the intent of these development standards to accommodate auto-oriented building forms with site layouts that provide safe and efficient vehicular circulation, minimize traffic, noise, and other nuisances, and promote design practices that blend these uses more effectively into their locations.

Sec. 33-5.3.5.1.2. Filling, gas, or service station (LBCS function code 2116).

- (a) Applicability. Drive-through facilities in the CPZ-PED and TCMU zoning districts are subject to the standards outlined in this section
- (b) If the principal building contains a general sales or service use (LBCS function code 2000), the principal building shall be:
 - (1) Oriented to the street; and
 - (2) Have a customer entrance that provides direct access from the sidewalk.
- (c) Fuel pumps and canopied areas shall not be located between the principal building and the street.
- (d) Fuel pumps and pump islands shall be set back a minimum distance of fifteen (15) feet from any property line.
- (e) All accessory service and repair operations shall occur within a building enclosed by a roof and a wall on all sides.
- (f) Service bay doors shall not face any residential zoning district.
- (g) Canopies intended for drive-in, drive-up, or drive-through use shall be architecturally integrated with the principal building and all other accessory structures on the site through the use of the same or compatible materials, colors, and roof pitch.
- (h) Lighting fixtures or sources of light that are a part of the underside of the canopy shall be recessed into the underside so as not to protrude below the canopy ceiling surface more than two (2) inches.
- (i) Along all property lines abutting a residential zoning district, a masonry wall shall be constructed not to exceed eight (8) feet high and may be three (3) feet high extending in stepped segments from the right-of-way line to a distance and exact height to be determined during site plan review.

Sec. 33-5.3.5.1.3. Truck stops (LBCS Function Code 2118).

- (a) All truck stops shall be considered ~~conditional~~ special permitted uses in all of the zoning districts in which they are authorized; requests for approval of such uses shall be processed pursuant to Sec. 33-2.243 Special permitted ~~Conditional~~ uses permit in Article 2 Procedures of this UDC, except that the three-year renewal requirement shall not apply.
- (b) As shown on the required site plan, landscape plan, or floor plan, the truck stop shall:
 - (1) Consist of at least ten (10) developed contiguous acres and sell fuel, lubricating oil, and other vehicular merchandise, such as batteries, tires, or vehicle parts of eighteen-wheel tractor trailers;
 - (2) Be located adjacent to a major state highway or interstate highway;
 - (3) Be located a minimum of five hundred (500) feet from any residential zoning district or use, school, church, park, or recreation area, as measured radially from the property line of the truck stop site;
 - (4) Have an on-site restaurant with all of the following features:
 - a. Seating for at least fifty (50) patrons;
 - b. Full table service for sit-down meals;

- c. Twenty-four hours a day operation; and
 - d. A varied menu.
 - (5) Have a stable parking area of at least one hundred seventy thousand (170,000) square feet, providing at least one hundred (100) eighteen-wheel tractor-trailer parking stalls. Such parking shall adhere to the following:
 - a. Standard truck parking space size shall be fifteen (15) feet by seventy (70) feet with a seventy-foot travel aisle;
 - b. Ten (10) percent of the truck parking spaces shall be fifteen (15) feet by seventy-five (75) feet with a seventy-foot travel aisle;
 - c. The parking and vehicular use area shall be of sufficient size to allow for safe ingress and egress with a minimum access of eighty (80) feet at the roadway intersection.
 - d. Truck parking and access to truck parking must be separated from all other vehicular uses;
 - e. Parking areas located around business entrance ways and exits shall not constitute parking areas for eighteen-wheelers;
 - f. Lighting must be provided in parking areas and access ways to buildings. Parking area lighting must be oriented inward so not to intrude on abutting property. Sixty feet is the maximum height for lighting. All parking areas and all parts of parking areas must be fully illuminated; and
 - g. The proper number of off-street parking spaces for the land uses included in the development shall be provided in accordance with Article XXXV, Off-Street Parking, Loading, and Clear Vision Area Regulations in Chapter 40 Zoning of this Code, in addition to the required truck parking;
 - (6) Have diesel and gasoline fuel facilities that meet all building codes and fire safety codes;
 - (7) Have on-site repair service facilities for eighteen-wheel tractor-trailers;
 - (8) Be owned or leased by a person with a Class A general retail permit or a Class A restaurant permit to serve or sell alcoholic beverages for on-premises consumption;
 - (9) Have four (4) of the following amenities:
 - a. A separate trucker's lounge;

 - c. Private showers for men and women located in an area that is not open to general public restroom facilities;
 - d. A travel store with items commonly referred to as truckers supplies;
 - e. Truck scales;
 - f. Separate truckers' telephones; or
 - g. Permanent storage facilities for fuel;
 - (10) Provide a twenty-foot setback from all property lines for parking and vehicular use areas and all structures except fences;
 - (11) Have a traffic plan showing egress and ingress approved by Public Works traffic engineering.
 - (c) The sign regulations shall be the same as those set in Sec. 40-477 in Article XXVI, Commercial Parkway Overlay Zone, of Chapter 40 Zoning of this Code; and
 - (d) Sec. 33-6.25 Landscaping, buffering, and screening shall apply.
- Sec. 33-5.3.5.1.4. Car washes. (LBCS Function Code 2119)**
- (a) Car wash structures within one hundred (100) feet of the following residential zoning districts: Suburban District (S1), Single-Family

Residential District (R1A), Suburban Residential District (R1B), Rural Residential District (R1C), Rural Residential District (R1D), Manufactured Home District (R1MH), Two-Family Residential District (R2), Three- and Four-Family Residential District (RR3), Townhouses (R1TH), Condominiums (R1CO), Core District-Residential (CDR), and Multiple-Family Residential (R3), as measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of the car wash facility to the closest lot line of the residential zoning district; shall meet the following additional criteria:

- (1) No car wash structure shall be closer than fifty (50) feet to a residentially zoned lot; and
 - (2) No openings of car wash bays, other than stationary windows, shall face any residentially zoned lot.
- (b) Equipment accessory to car washes including but not limited to air compressors and vacuums, shall not be located on any side of a development abutting a residential zoning district and shall not be closer than fifty (50) feet from any residential zoning district.
- (c) Noise:
- (1) All regulations of the Jefferson Parish Code of Ordinances regarding noise shall be met.
 - (2) Two (2) signs per car wash bay, no less than four (4) square feet or greater than six (6) square feet in area each, informing patrons of the noise ordinance shall be conspicuously posted around the site.
 - (3) Any violation of Sec. 20-102 Noise in Chapter 20 Offenses and Miscellaneous Provisions of this Code involving the mechanical operation of a car wash is subject to the penalties of Sec. 19-61 Penalties in Chapter 19 Nuisances of this Code.
- (d) Outdoor illumination shall not be aimed, directed or reflected, focused, or mounted to cause direct light from the luminaire to be directed toward residential uses or adjoining uses, or to create up light, spill light, or glare perceptible to persons operating motor vehicles on public ways
- (e) Access to car washes shall be located on a major or minor arterial, or a collector or neighborhood collector street as shown on the Jefferson Parish Thoroughfare Plan.
- (f) *Environmental.* All discharges of waste water from car wash operations must comply with current Building and related Codes as well as all applicable state and federal environmental regulations.
- (g) No variances or exceptions to this section shall be permitted by the parish council, or any parish agency, board, or commission.

Sec. 33-5.3.5.1.5. Drive-through facilities. (LBCS function codes 2211, 2521, 2531, 2541).

- (a) *Applicability.* Drive-through facilities in the CPZ-Ped and TCMU zoning districts are subject to the standards outlined in this section.
- (b) *Size.*
 - (1) The development site shall have a minimum area of ten thousand (10,000) square feet; and
 - (2) There shall be a maximum of one (1) drive-through facility per development site.
- (c) *Where adjacent to residential uses.*
 - (1) Stacking lanes, order boxes, and drive-in windows shall be set back a minimum distance of eighty (80) feet measured in a straight line from the outside edge of the stacking lane to the nearest residential zoning district; and
 - (2) Sites shall be designed to orient vehicular headlights, lighted signage, and building lighting from intruding on nearby or adjacent residential properties.

(d) Pedestrian access.

- (1) At least one (1) customer entrance shall provide direct access from the public sidewalk without pedestrian access through a parking lot; and
- (2) The use of landscaping is encouraged to delineate pedestrian walkways, pedestrian access to buildings, parking areas, and driveways.

(e) Stacking lanes.

- (1) Stacking lanes are not allowed between the principal building and any street or adjacent to an outdoor seating or play area; and
- (2) To minimize on-site conflicts and avoid blocking traffic along streets, the following provisions are required where practicable given site conditions:
 - a. An escape lane;
 - b. Location of the starting point of the stacking lane at the rear or as close to the rear of the site as possible.

Sec. 33-5.3.5.1.6. Parking garage (LBCS Function Code 2642).

(a) Applicability. This section shall apply to any structure that contains parking within or under the structure, as either accessory parking or a stand-alone parking garage.

(b) Ground floor design and uses.

(1) Garage entries:

- a. Shall not be more than twenty-four (24) feet in width;
- b. Shall be located at least fifty (50) feet from the projected intersection of curb lines of any street intersection; and
- c. Shall be open or secured by decorative garage doors or security gates that complement the building's architecture.

(2) Ground floor retail, service, or restaurant uses required. In the FC-1, FC-3, and CPZ-Ped districts:

- a. A parking structure shall have retail, service, or restaurant uses along the ground floor frontage at any street intersection and for a minimum distance of fifty (50) feet from said street intersection measured from the projected intersection of curb lines; and
- b. Said uses shall occupy a space with a minimum depth of thirty (30) feet.

(3) Ground floor retail, service, or restaurant uses not required. Where ground floor retail, service, or restaurant uses are not required, parking may be located along the ground floor frontage; however, in the FC-1 and CPZ-Ped districts, said parking shall be:

- a. Located behind a full-height wall that meets all requirements of the applicable district; and
- b. In segments of no more than one hundred (100) linear feet of frontage. When two or more segments are contiguous, the segments shall be separated by a building entrance foyer measuring at least twenty-five (25) feet wide and at least twenty (20) feet deep (including space for elevators and steps).

(c) Upper floor design.

(1) Shall have a minimum forty-two (42) inch tall solid wall to screen headlights.

(2) Sec. 33-6.8.3.4 Openings shall apply.

Sec. 33-5.3.5.2. Veterinary clinics and animal hospitals. (includes LBCS function code 2418)

(a) All areas where animals are housed shall be totally contained within an interior space.

(b) There shall be no exercise runs, yards, pens or other facilities for the care or housing of animals in any exterior space.

(c) The structure where animals are kept or housed shall be insulated or

soundproofed, including windows and doors, in order to minimize or reduce sounds emanating from within the structure and shall comply with Sec. 20-102, Noise, in Article V. Offenses against public peace, of Chapter 20 Offenses and miscellaneous provisions of this Code.

- (d) There shall be no openings facing adjacent residentially zoned property other than the main entrance to the hospital.
- (e) There shall be an air ventilation system capable of filtering out objectionable odors associated with an animal hospital. Such filtered air shall be vented into the atmosphere above the roofline or parapet.
- (f) Overnight boarding of animals is permitted for veterinary care and as an accessory use for non-veterinary purposes, provided that in no case shall the area used for boarding exceed twenty-five (25) percent of the floor area of the primary structure.
- (g) The maximum area of the structure or structures in which the animal hospital or veterinary clinic is located shall be twenty-five (25,000) square feet.
- (h) The site shall be landscaped in conformance with Article XXVI, Commercial Parkway Overlay Zone (CPZ), Sec. 40-476, Landscape and Buffer Requirements in Chapter 40, Zoning of this Code. Where landscaping is required by both a zoning district and this specific use, the landscaping requirements of the zoning district shall apply.
- (i) For animal hospitals and veterinary clinics not meeting the criteria outlined above due to site related or other hardships, requests for approval of veterinary clinics and animal hospitals shall be processed pursuant to Sec. 33-2.243. Special permitted Conditional uses in Article 2. Procedures of this UDC.

Sec. 33-5.3.5.3. Dry cleaning and laundries (includes LBCS function code 2622).

No steam shall be dis-charged directly into the atmosphere, and shall not employ more than five (5) persons on the premises.

Sec. 33-5.3.5.4. Self-storage (LBCS Function Code 2660).

- (a) The use or storage of flammable, combustible, or hazardous materials, as classified in Chapter 13 Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials of this Code, is prohibited.
- (b) No business or activity other than self-storage shall be conducted from any self-storage unit in the facility.
- (c) Where allowed, outdoor storage shall comply with the following standards:
 - (1) Sec. 33-6.25. Landscaping, Buffering, and Screening shall apply to the outdoor storage area(s) where it abuts or faces the following residential zoning districts: Suburban District (S-1), Single-Family Residential District (R-1A), Suburban Residential District (R-1B), Rural Residential District (R-1C), Rural Residential District (R-1D), Manufactured Home District (R-1MH), Two-Family Residential District (R-2), Three- and Four-Family Residential District (RR-3), Townhouses (R-1TH), Condominiums (R1-CO), Core District-Residential (CDR), and Multiple-Family Residential (R-3); specifically:
 - a. Where abutting residential, shall be buffered and screened in accordance with Sec. 33.6.25.C. Property Buffer and Sec. 33-6.25.5.E. Screening.
 - b. Where across the street from and facing residential, shall be screened in accordance with Sec. 33-6.25.5.B. Streetscape.
 - (2) The unenclosed or unsheltered storage or keeping of any stripped, wrecked, partially dismantled, or otherwise non-operating vehicles, machinery, implements, equipment, building materials, or personal property of any kind, which is no longer in good operating condition or

safely usable for the purposes for which it was manufactured, is prohibited, pursuant to Article III Trash, vegetation and property maintenance in Chapter 19 Nuisances of this Code.

(d) The following additional standards shall apply in the BC-2, FC-3, and U-1S districts:

(1) Purpose. It is the intent of these standards to promote design practices that blend self-storage facilities more effectively into the community and support the purpose and character of the zoning district.

(2) Ground floor general sales or service uses required. One (1) or more general sales or service use(s) shall be provided on the ground floor of the self-storage building, subject to the following standards:

a. Minimum area. At least twenty-five (25) percent of the ground floor of the building shall be designed for the purpose of and occupied by the required general sales or service use.

b. Building Façade. The required general sales or service use shall occupy usable space along the:

1. Façade of the building parallel to the primary frontage for a minimum distance of:

(i) Fifty (50) percent of said building façade in the BC-2 and U-1S;

(ii) Seventy-five (75) percent of said building façade in the FC-3;
and

2. Corner side façade, to wrap the corner, for corner lots.

c. For the purpose of this subsection, general sales or service uses shall include any LBCS Function Code 2000 use allowed in the base zoning district, which may be associated with the self-storage facility but shall not include self-storage units, and except the following uses:

1. Automobile sales (LBCS Function Code 2110)

2. Car washes (LBCS Function Code 2119)

3. Filling and service stations (LBCS Function Code 2116)

4. Garages (LBCS Function Code 2117); or

5. Parking lots and parking garages (LBCS Function Code 2641 and 2642).

(3) Ground floor access.

a. A self-storage facility shall have a pedestrian-accessible entrance foyer on the ground floor of the building with at least one (1) customer entrance door facing the abutting street, and coordinated with customer entrance door(s) for other ground floor use(s).

b. Each self-storage unit shall be accessed only from the interior of the building.

(4) Minimum height. Any new self-storage facility or addition to an existing self-storage facility shall be two (2) or more stories.

(5) Building design. Sec. 33-6.8.3. Multiple-Family, Commercial, Industrial, and Civic buildings shall apply.

(6) Site design. Sec. 33-6.9.3. Multiple-Family, Commercial, Industrial, and Civic sites shall apply.

(7) Outdoor storage. Outdoor storage is prohibited.

(8) Landscaping, buffering, and screening. Sec. 33-6.25. Landscaping, buffering, and screening shall apply.

(9) Site plan review. Site plan review is required in accordance with Sec. 33-2.25. Site plan of this UDC. Site plan review is not required for:

a. Interior renovations;

b. Any routine exterior maintenance as determined by the Planning Director, including excavation, filling, or grading; or

- c. Sign permits for signs, except monument or freestanding directional signs, meeting all requirements of the applicable base zoning district.
- (10) Renovations and additions.
 - a. Exterior renovations of buildings or structures, or alterations to the extent of existing parking or landscaping areas, shall result in greater compliance with the development standards for the portion of the building, structure, or site area that is proposed to be renovated or altered, to the maximum extent practicable given the type and extent of the renovation or alteration, and the constraints of the site, as determined by the Planning Director after considering LURTC comments.
 - b. For additions to existing buildings or structures, the addition shall fully comply with these regulations.
- (11) Ministerial exceptions. The Planning Director is authorized to approve the following ministerial exceptions in accordance with Sec. 33-2.27.
 - a. The building façade frontage of required ground floor general sales or service uses in consideration of existing site conditions, including unusual building or lot configuration, to the minimum needed to create usable space.
 - b. Openings for buildings elevated to meet or exceed base flood elevation (BFE) by the minimum needed to accommodate BFE.
 - c. For buildings located on a site with frontage on more than two (2) streets, openings for one (1) of the facades that fronts a street that is not the primary frontage, by up to fifty (50) percent.
 - d. Self-storage unit access on the ground floor from the exterior of the building if the self-storage unit doors are not visible from the street.

Sec. 33-5.3.5.5. Adult use (includes LBCS function code 2650)

- (a) The distance between any adult use and any residential district or dwelling, shall be a minimum of one thousand (1,000) feet, measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of the adult use to the closest property line of the residential district or dwelling, whichever is greater.
- (b) The distance between any two (2) adult uses shall be one thousand (1,000) feet, measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of each business.
- (c) The distance between any adult use and any existing school, day care center, church or place of worship, park or recreational area, public library, museum, or community center, shall be a minimum of one thousand (1,000) feet, measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of the adult use to the closest property line of the school, day care center, church or place of worship, park or recreational area, public library, museum, or community center.

Sec. 33-5.3.5.6. Kennel (includes LBCS function code 2720).

Any commercial structure in which animals are boarded overnight shall be located a minimum of one hundred (100) feet measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of the structure to the closest property line of the residential zoning district and comply with the standards listed in Sec. 33-5.3.18 Veterinary clinics and animal hospitals.

Sec. 33-5.3.6. Manufacturing and Wholesale Trade.

Sec. 33-5.3.6.1. Breweries, distilleries, micro-breweries, micro-distilleries, micro-wineries, and wineries (LBCS function codes 3121-3126)

- (a) The establishment shall include a restaurant, bar, and/or tasting room within the same building. The minimum size of the restaurant, bar, and/or tasting

room shall be 20% of the total square footage of the use or 1,500 square feet, whichever is less.

- (b) Facilities may include retail areas for the purchase of beverages manufactured on-site and related items.

Sec. 33-5.3.6.2. Chemicals manufacturing/Chemicals, plastics, and rubber products (LBCS function code 3320) - Basic chemical manufacturing (3321); ammonia and acid manufacturing (3322); resin, synthetic rubber (3323); pesticide, fertilizer, and other agricultural chemicals (3324); adhesive (3325); explosives and pyrotechnics (3326)

- (a) All requirements of Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials, are complied with.
- (b) The site has a minimum of one hundred thousand (100,000) square feet and the total floor area of all structures used for bulk storage of hazardous materials does not exceed fifty percent (50%) percent of the total site area.
- (c) The street system, ingress and egress, off-street parking, loading and pedestrian ways, are adequate and in accordance with the Code of Ordinances of Jefferson Parish. A traffic impact analysis may be required as per Section 33-7.5.10, subject to the thresholds of that section.
- (d) There is ready access for fire and emergency equipment in accordance with Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials.
- (e) In the event the use for which a special permitted use is being sought pursuant hereto requires any air emission or water discharge permit from any state or federal agency, the application therefor, together with proof of submission, and the issued permit, if available shall be made a part of the application for the special permitted use.
- (f) The proposed use complies with the standards of the National Fire Protection Association Code, as adopted by the Jefferson Parish Council, and applicable standards of the National Association of Corrosion Engineers (NACE), the American Petroleum Institute (API), the American Society of Testing and Materials (ASTM), and requirements found in the Clean Water Act, the Clean Air Act, and Resource Conservation and Recovery Act.
- (g) Adequate safeguards are provided to limit obnoxious or offensive emissions of smoke, gases, vibration, light, noise, glare, dust, and odors or other noxious or offensive fumes or spilled liquids.
- (h) An odor control plan is required, to be submitted to and approved by the Department of Environmental Affairs. At the time of special permit use renewal, if an odor control plan is not in place, it is required as part of the renewal. The odor control plan consists of five components. The Department of Environmental Affairs may modify these plan components.
- (1) Conduct a product odor assessment, including review of product safety data sheets (SDS) to identify odor related information.
 - (2) Identify odor sources within the facility, including temporary odor sources from activities such as cleaning and maintenance.
 - (3) Provide a work program that describes how site monitoring and investigation of odor complaints will be conducted. This should describe processes such as routine inspections and/or odor patrol, as well as how the facility will document odor complaints and conduct follow-up investigations.
 - (4) Describe the operational procedures to control odors.
 - (5) Catalog potential additional emission and odor control equipment that may be necessary if there are excessive offsite impacts of odors from the facility.
- (i) The general location storage of hazardous materials stored in drums, tote tanks, boxes or other intermediate bulk containers (IBC), must be shown on the site plan and/or special permitted use application. If locations are changed, an amendment to the site plan and/or special permitted use is

required. All locations of such storage areas must be updated as part of special permitted use renewal.

- (j) A 24-hour manned hotline number for the public to contact is required and must be posted on the site in multiple locations that are clearly visible to the public. At the time of special permitted use renewal, if a 24-hour manned hotline number for the public is not posted, it is required as part of the renewal. The 24-hour manned hotline number must be that of the state required emergency contact.
- (k) In the event any of the above criteria, standards, or regulations are in conflict with each other or with local, state or federal regulations, the more restrictive shall govern.

Sec. 33-5.3.6.3. Bulk storage of nonhazardous materials (LBCS function code 3631)

- (a) Bulk storage of non-hazardous materials shall mean materials stored or able to be stored (e.g., existing tanks not in use/empty) in the following cumulative amounts that are not classified as hazardous materials as defined by Chapter 13.
 - (1) Gases with a liquid capacity equal to or greater than five thousand (5,000) gallons.
 - (2) Liquids or slurries equal to or greater than ten thousand (10,000) gallons or one hundred thousand (100,000) pounds.
 - (3) Solids equal to or greater than one hundred thousand (100,000) pounds.
- (b) Exceptions. Bulk storage of non-hazardous materials, for the purposes of this definition, does not include the following. However, such storage of materials may still be subject to the standards of Chapter 13.
 - (1) If non-hazardous materials are stored in quantities that meet or exceed the thresholds established above, but are accessory to and essential to operation of the principal use, they are considered part of the principal use and subject to the standards of that use.

Sec. 33-5.3.6.4. Bulk storage of culinary and medicinal materials (LBCS function code 3632)

- (a) All requirements of Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials, are complied with.
- (b) The site has a minimum of one hundred thousand (100,000) square feet and the total floor area of all structures used for bulk storage of hazardous materials does not exceed fifty (50) percent of the total site area.
- (c) At a minimum, bulk storage tanks must be located three (3) times the minimum distance required by NFPA 30 distance in feet from all property lines.
- (d) There is ready access for fire and emergency equipment in accordance with Chapter 13, Fire Prevention and Protection; Emergency Services and Communication; and Hazardous Materials.
- (e) In the event the use for which a special permitted use is being sought pursuant hereto requires any air emission or water discharge permit from any state or federal agency, the application therefor, together with proof of submission, and the issued permit, if available shall be made a part of the application for the special permitted use.
- (f) The proposed use complies with the standards of the National Fire Protection Association Code, as adopted by the Jefferson Parish Council, and applicable standards of the National Association of Corrosion Engineers (NACE), the American Petroleum Institute (API), the American Society of Testing and Materials (ASTM), and requirements found in the Clean Water Act, the Clean Air Act, and Resource Conservation and Recovery Act.
- (g) Adequate safeguards are provided to limit obnoxious or offensive emissions of smoke, gases, vibration, light, noise, glare, dust, and odors or other noxious or offensive fumes or spilled liquids.
- (h) An odor control plan is required, to be submitted to and approved by the Department of Environmental Affairs. At the time of special permit use

- renewal, if an odor control plan is not in place, it is required as part of the renewal. The odor control plan consists of five components. The Department of Environmental Affairs may modify these plan components.
- (1) Conduct a product odor assessment, including review of product safety data sheets (SDS) to identify odor related information.
 - (2) Identify odor sources within the facility, including temporary odor sources from activities such as cleaning and maintenance.
 - (3) Provide a work program that describes how site monitoring and investigation of odor complaints will be conducted. This should describe processes such as routine inspections and/or odor patrol, as well as how the facility will document odor complaints and conduct follow-up investigations.
 - (4) Describe the operational procedures to control odors.
 - (5) Catalog potential additional emission and odor control equipment that may be necessary if there are excessive offsite impacts of odors from the facility.
- (i) Where bulk storage of hazardous material includes or primarily conducts storage of hazardous materials in drums, tote tanks, boxes, or other intermediate bulk containers (IBC), the general location of such storage areas must be shown on the site plan and/or special permit use. If locations are changed, an amendment to the site plan and/or special permit use is required. All locations of such storage areas must be updated as part of special permitted use renewal.
 - (j) A 24-hour manned hotline number for the public to contact is required and must be posted on the site in multiple locations that are clearly visible to the public. At the time of special permit use renewal, if a 24-hour manned hotline number for the public is not posted, it is required as part of the renewal. The 24-hour manned hotline number must be that of the state required emergency contact.
 - (k) In the event any of the above criteria, standards, or regulations are in conflict with each other or with local, state or federal regulations, the more restrictive shall govern.

Sec. 33-5.3.7. Transportation, Communication, Information, and Utilities.

Sec. 33-5.3.7.1. Data mining center. (LBCS function code 4245).

- (a) All noise, exhaust, heat, or humidity in any form shall be carried on in such a manner that it is not perceptible at or beyond the property line. Any data mining center located within five-hundred (500) feet of a residential district or use is required to submit a noise mitigation plan.
- (b) Electric fields and magnetic fields shall not be created that adversely affect the public health, safety, and welfare, including but not limited to interference with the normal operation of equipment or instruments or normal radio, telephone, or television reception off the premises where the activity is conducted.
- (c) The use of cargo containers, railroad cars, semi-truck trailers and other similar storage containers for any component of the operation is prohibited.
- (d) Prior to approving the special permit use, the applicant shall provide written verification from utilities that:
 - (1) Adequate capacity is available on the applicable supply lines and substation to ensure that the capacity is available to serve the other needs of the area.
 - (2) Utility supply equipment and related electrical infrastructure are sufficiently sized and can safely accommodate the use.
 - (3) The use will not cause electrical interference or fluctuations in line voltage on and off the operating premises.

Sec. 33-5.3.7.2. Utility structures.

See Sec. 40-748 Regulations for public utility structures in Article XXXIX

Exceptions and modifications of Chapter 40 Zoning of this Code. For the purpose of compliance, the FC-3 shall be considered more restrictive than the BC-2 Business Core District. When the provisions of Section 40-748 and the provisions of this Chapter are in conflict, the more restrictive shall apply.

Sec. 33-5.3.7.3. Wireless communications facilities (reserved).

Sec. 33-5.3.7.4. Hazardous Waste Collection and Hazardous Waste Treatment and Disposal. (LBCS function code 4341 and 4342)

Nuclear or radioactive waste treatment, storage, and/or disposal facilities are prohibited in the Parish.

Sec. 33-5.3.7.5. Recycling Facilities. (LBCS function code 4349)

(a) All unloading, processing, bailing, or other activities shall be conducted entirely within an enclosed building.

(b) All materials to be recycled shall be stored and monitored adequately to minimize contamination of the environment, particularly, adjacent properties.

(c) Adequate safeguards shall be provided to limit obnoxious or offensive emissions of smoke, gases, vibration, light, noise, glare, dust, and odors or other noxious or offensive fumes and shall minimize adverse impacts and nuisance in accordance with the best practical technology.

(d) On the perimeter(s) of the lot a continuous unbroken barrier is required. The barrier shall be a fence with a minimum height of seven (7) feet consisting of an opaque material.

(e) Any outdoor operations shall be located a distance of no less than five hundred (500) feet from any residential zoning district.

(f) The following information shall be submitted to the Jefferson Parish Department of Environmental Affairs for review and approval prior to the issuance of a building permit:

(1) Site plans depicting: all structures on the site with setbacks; height, materials, and location of all fences and buffering; ingress and egress patterns; location, number and dimensions of parking spaces; location and dimensions of loading and unloading areas; and surrounding land use and zoning within five hundred (500) feet of the subject site.

(2) A description of recycling processes, including a complete list of all by-products and all waste generated.

(3) A materials flow plan outlining the procedures for receipt and storage of used materials, and handling of materials during processing and disposal procedures for any waste products.

(4) A list of methods employed in the facility to safeguard emissions.

(g) All local, state, and federal codes shall be met.

(h) In the event any of the above criteria, standards, or regulations are in conflict with each other or with local, state, or federal regulations, the more restrictive shall govern.

(i) In the event the use for which a permit is being sought pursuant hereto requires any air emission or water discharge or any other permit from any local, state, or federal agency, the application therefore, together with proof of submission and the issued permit, if available, shall be made a part of the application for the permit.

(j) Any proposed changes in use or processing, including changes in the use of the products themselves which may affect emission data previously submitted, shall require resubmission to Jefferson Parish Department of Environmental Affairs for review and approval.

Sec. 33-5.3.8. Arts, Entertainment, and Recreation.

Sec. 33-5.3.8.1. Stadiums and athletic fields.

See Sec. 40-747 Regulations for stadiums and athletic fields in Article XXXIX of Chapter 40 Zoning of this Code.

Sec. 33-5.3.8.2. Gaming establishment (includes LBCS function codes

1340 and 5330).

- (a) The minimum site area shall not be less than seven (7) acres.
- (b) The gaming establishment shall be located a minimum of five hundred (500) feet from any residential district or from the nearest property line of any school, church or place of worship, and park or recreation area; measured radially from the property line of the gaming establishment.
- (c) The gaming establishment shall be located a minimum of one thousand (1,000) feet from any pawn shop or commercial check-cashing establishment; measured radially from the property line of the gaming establishment.
- (d) The building site shall be located on an interstate, or major or minor arterial as identified on the Jefferson Parish Thoroughfare Plan.
- (e) Requests for approval of gaming establishments shall be processed pursuant to Sec. 33-2.243. Special permitted Conditional uses in Article 2 Procedures of this UDC.
- (f) Landscape, buffer and general design standards. Sec. 33-6.25 Landscaping, buffering, and screening shall apply.
- (g) Submittal requirements:

 - (1) In addition to the requirements stated above, the following shall also be submitted:

 - a. A basic site plan depicting the location and dimensions of all existing and proposed streets; existing and proposed structures with setback dimensions; entrances and exits; parking layout including bus parking spaces, pick up and drop off areas; service bays and loading areas; trash receptacles; sidewalks; traffic signals; location and dimensions of fire lanes and handicapped parking spaces; location of all fire hydrants within three hundred (300) feet of the site; statistical data on number of required versus proposed parking spaces and proposed hours of operation.
 - b. A landscaping plan in accordance with Sec. 33-6.25.7. To reduce the number of submittals, the landscaping plan may be added to the basic site plan noted above.
 - c. Elevations of existing and proposed structures showing width, depth and height, use, type of materials and color schemes; and statistical data on building area and dimensions for existing and proposed structures.
 - d. Zoning classification of the site, zoning classifications and land uses of surrounding property within a radius of one thousand (1,000) feet from the petitioned property.
 - e. Utilities inventory showing the locations and size of existing water, sewerage, drainage and power lines, lift stations, canals and watercourses impacting the development site.
 - f. A public facilities and service impact analysis, including but not limited to sewer, water, drainage, transit, sanitation, garbage and utilities.
 - g. A copy of non-proprietary information contained in the application submitted on the gaming establishment to the state gaming commission. The applicant shall be credited with information generated for the state application which is also included in the submittal requirements listed above.
 - h. A traffic and transportation impact analysis which determines all impacts that affect the level of use on the surrounding street system, and any mitigation measures that may be appropriate so that the level of service is improved. This analysis shall include existing traffic counts versus proposed traffic counts generated by the facility as well as provisions for satellite parking.
 - i. Provisions for a loading area for tour buses, taxis, etc., and for off-site parking and queuing of these vehicles sufficient to meet the

projections of the traffic impact analysis.

j. Additional information as required by the Parish of Jefferson to appropriately detail the proposed gaming establishment.

(h) Parking:

(1) On-site parking shall be provided in accordance with provisions specified in Chapter 40 Zoning, Article XXXV. Off-Street Parking, Loading, and Clear Vision Area Regulations, Section 40-662(16). On-site parking for accessory uses of this Code shall be provided as per other provisions specified in Chapter 40 Zoning, Article XXXV. Off-Street Parking, Loading, and Clear Vision Area Regulations, Section 40-662 of this Code.

(2) Off-site parking may be permitted in addition to the minimum requirements specified in Chapter 40 Zoning, Article XXXV. Off-Street Parking, Loading, and Clear Vision Area Regulations of this Code, provided the satellite facility is located within one-half (½) mile of the gaming establishment site and Council approval is obtained as part of the special permitted use conditional use permit for the gaming establishment in accordance with Sec. 33-2.243. Special permitted Conditional uses in Article 2 Procedures of this UDC.

(i) Signs:

(1) The sign regulations shall be the same as those set in Chapter 40 Zoning, Article XXV. Mixed Use Corridor District, Section 40-448 of this Code.

(j) Accessory uses and special events:

(1) Any accessory uses not specifically approved by council in accordance with the provisions of the section shall be prohibited.

(2) All special events and temporary activities, except those conducted in permanent on-site structures intended for such events and activities, shall be prohibited unless otherwise authorized by council resolution. No legally required parking spaces shall be used to satisfy the parking requirements for such events and activities, except those legally required parking spaces already available for permanent on-site structures and uses.

(k) Additions:

(1) Any addition to structures shall be required to receive council approval in accordance with the provisions of this section.

(l) Regulations, requirements or standards set in this section are not subject to appeal to the board of zoning adjustments.

Sec. 33-5.3.8.3. Off-Track Wagering. (LBCS Function Code 5331)

(a) The distance between any off-track wagering facility and the following residential zoning districts: Suburban District (S1), Single-Family Residential District (R1A), Suburban Residential District (R1B), Rural Residential District (R1C), Rural Residential District (R1D), Manufactured Home District (R1MH), Two-Family Residential District (R2), Three- and Four-Family Residential District (RR3), Townhouses (R1TH), Condominiums (R1CO), Core District Residential (CDR), and Multiple-Family Residential (R3); or between any off-track wagering facility and a dwelling, school, day care center, religious institution, park, recreational area, museum, community center or public library shall be a minimum of five hundred (500) feet, measured in a straight line, without regard to intervening structures, from the closest exterior structural wall of the off-track wagering facility to the closest property line of the residential zoning district or dwelling, school, day care center, religious institution, park or recreational area, or museum, community center or public library.

(b) The facility shall be subject to the regulations and requirements of this Code for height, yards, signs, off-street parking, clear vision area, and loading;

and to Sec. 33-6.25 Landscaping, buffering, and screening. Only the Parish Council may grant variances to these development regulations and requirements. If the site is overlaid with the Commercial Parkway Overlay Zone (CPZ), the MUCD standards shall prevail for general design, and the stricter of the CPZ or the underlying zoning shall prevail for all other standards.

- (c) In the C-2 General Commercial, I-MU Industrial Mixed-Use ~~OW-1 Office Warehouse~~, U-1S Unrestricted Suburban, and the Fairfield Overlay (FOD) districts, primary access to the off-track wagering facility shall be located on a major or minor arterial as shown on the Jefferson Parish Thoroughfare Plan; secondary access may be located on a collector street if the access is located within two hundred (200) feet of the street providing primary access to the site, measured in a straight line from the lot line at the primary street frontage, along the lot line where the secondary access is proposed.
- (d) In the I-L Industrial Light, I-H Heavy Industrial, M-1 Industrial, M-2 Industrial, M-3 Industrial, and U-1R Unrestricted districts, primary access to the off-track wagering facility shall be located on a major arterial, minor arterial, collector, or neighborhood collector as show in the Jefferson Parish Thoroughfare Plan.
- (e) A Traffic Impact Analysis in accordance with Sec.33-7.5.10 in Article 7, of this UDC may be required by the Planning Director, Public Works Director, or Parish Traffic Engineer when it is determined that such report is necessary to determine needed road improvements or that no unsafe or hazardous conditions will be created by the development as proposed.
- (f) The off-track wagering facility shall be subject to the development review procedures of Sec. 40-449 in Article XXV Mixed Use Corridor District (MUCD), of Chapter 40 Zoning of this Code.

Sec. 33-5.3.8.4. Club, private or service (includes LBCS function codes 5340 and 6830).

- (a) Lot area shall be a minimum of twenty thousand (20,000) square feet;
- (b) Clubs with recreational uses such as tennis courts, swimming pools, golf courses, but not to include stadiums or athletic fields, shall have a minimum lot area of five (5) acres;
- (c) The required setback of all buildings shall be a minimum distance of fifty (50) feet, measured in a straight line, without regard to intervening structures, from the nearest exterior structural wall of the building to the lot line when abutting property zoned residentially;
- (d) Clubs approved under this provision shall be recognized as conforming uses.

Sec. 33-5.3.9. Education, Public Administration, Health Care, and other Institutions.

Sec. 33-5.3.9.1. Schools, elementary, junior high, or high (LBCS Function Codes 6121, 6122, and 6123).

- (a) Lot area shall be a minimum of twenty thousand (20,000) square feet.
- (b) The required setback of all buildings shall be a minimum distance of fifty (50) feet, measured in a straight line, without regard to intervening structures, from the nearest exterior structural wall of the building to the lot line when abutting property zoned residentially, and twenty-five (25) feet to the lot line when abutting a right-of-way or property zoned nonresidentially.
- (c) Notwithstanding the regulations regarding nonconforming uses, any school in existence on January 10, 2007 shall not be required to meet the above setback criteria for new construction, additions, or alterations to the buildings on campus. Instead, new construction, additions, or alterations shall meet the setbacks required by the zoning district.
- (d) Athletic fields and stadiums shall meet applicable additional criteria established in Chapter 40 Sec. 40-747 Regulations for stadiums and athletic

fields in Article XXXIX Exception and modifications of Chapter 40 Zoning of this Code.

Sec. 33-5.3.9.2. Day care centers (includes LBCS function code 6562).

- (a) All State requirements must be met, and in addition to the requirements of the State, the outdoor play area shall be enclosed by a permanent fence or barrier with a minimum height of four (4) feet.
- (b) The outdoor play area may be located on a separate lot if:
 - (1) Meets the requirements of State;
 - (2) The separate lot containing the play area is legally dedicated and bound to the lot containing the principal structure in an act of dedication that is duly recorded in the Jefferson Parish Clerk of Court's records; and
 - (3) Is located in a zoning district that permits private and public playgrounds by right.
- (c) If an off-site drop-off zone is provided, it shall be continuously connected by a path system to the main entrance of the day care center.

Sec. 33-5.3.9.3. Religious uses (LBCS Function Code 6600).

Religious uses shall have a minimum lot area of fifteen thousand (15,000) square feet.

Sec. 33-5.3.10. Construction Related Businesses

Sec. 33-5.3.11. Mining and Extraction

Sec. 33-5.3.11.1. Borrow pit and nonmetallic mineral products (LBCS function code 8200).

- (a) Any site considered for mineral extraction or borrow pit operations shall have a minimum area of twenty (20) acres.
- (b) Notices shall be posted at intervals no greater than one hundred (100) feet along the property boundaries and along any public rights-of-way that shall warn of the excavation or borrow pit operation on the property and against trespassing on such property.
- (c) The excavation sites or borrow pit shall not be located closer than two thousand (2,000) feet from any existing residential structure or any platted residential subdivision boundary.
- (d) The excavation sites or borrow pit shall not be located closer than two thousand (2,000) feet from any existing or abandoned excavation site or borrow pit as measured in a straight line between excavation sites.
- (e) No excavation site or borrow pit shall be closer than one hundred fifty (150) feet to any property line. Within this reserved perimeter buffer area, existing vegetation shall not be disturbed or removed except for paved access areas and required landscaping and buffering.
- (f) No excavation site or borrow pit shall occupy or disturb more than fifty (50) percent of the site.
- (g) All excavation sites or borrow pits shall be secured with a chain-link fence topped with barbed wire with a minimum height of six (6) feet and a self-closing gate with a locking device at each opening to prevent unauthorized access to the site.
- (h) All areas of operation shall be completely screened from view from public rights-of-way and adjacent properties by trees and shrubs, fences, walls or earth berms or any combination thereof.
- (i) All excavation sites or borrow pits shall allow for and preserve the historic topographical drainage of the area. In so complying, the applicant shall in no way increase drainage and/or runoff water to or from any adjacent property.
- (j) All excavation sites will be required to maintain a side slope of one (1) foot vertical drop for three (3) feet horizontal run to a depth of ten (10) feet.
- (k) Hauling during the period of operation requires all trucks with loads of material exiting the site shall be covered with their tailgates securely latched. In addition, all exiting trucks and trailers will be hosed down of excess mud and dirt on tires, wheels and vehicle.

- (l) Vehicular access to the excavation site or borrow pit may not be provided from residential local or residential collector streets. All driveways which serve the site must be wide enough to accommodate two-way traffic at all times and an area on the site must be provided to accommodate vehicles entering the site so that no traffic waiting to enter the site will be backed up on any public right-of-way. Excess mud and debris shall be removed from any public roadway at intervals necessary to keep the roadway clear and safe for passage at all times within one half (½) mile in both directions of the entrance to the site.
- (m) Excavation sites or borrow pits may not be operated on Sunday, and may not operate earlier than 7:00 a.m. nor later than 6:00 p.m. on any other day except in cases of emergency involving safety on the site.
- (n) The borrow pit shall not be used for the disposal of any material not originally found in the borrow pit or approved by the Director of the Jefferson Parish Department of Environmental Affairs and the Department of Public Works.
- (o) Closed or abandoned excavation sites or borrow pits shall be reclaimed or filled with sand or other approved material to the pre-excavation elevation unless incorporated into a platted subdivision or other permitted use within the district, as a water feature within the development site. Filling will begin within six (6) months of abandonment of operations. Development plans must be approved within twelve (12) months of the abandonment of the operation. The fencing and screening requirements shall be maintained until all improvements are in place and accepted by Jefferson Parish at which time the fencing, screening and complete filling requirements will not be required.
- (p) A performance security bond shall be posted equal to one hundred ten (110) percent of the cost to fill the excavated site and a development agreement shall be executed by the applicant to ensure adequate closure of the site, in accordance with Article 2 Procedures, Division 4 Development agreements of this UDC.
- (q) Existing mineral extraction or borrow pit operations that initiate new excavations after the passage of these regulations shall be subject to all the above criteria for the new operation.

SECTION 32. That Chapter 33 Unified Development Code, Sec. 33-6.8 Building design., is hereby amended, to read as follows:

Sec. 33-6.8. Building Design.

* * *

Sec. 33-6.8.1. Purpose.

* * *

Sec. 33-6.8.3. Multiple-family, commercial, industrial, and civic buildings.

* * *

Sec. 33-6.8.3.1. Architectural principles.

* * *

Sec. 33-6.8.3.2. Façades.

- (a) All façades of buildings visible from the street shall maintain the same standard of design as the front façade. This shall include the continued use of similar materials and architectural details.

This picture shows an example of a building that uses the same standard of design on the side of the building, which is visible from the street, as on the front of the building.

- (b) Horizontal planes shall be disrupted at least every twenty-five (25) feet, except in the I-MU where horizontal planes shall be disrupted every forty (40) feet, of uninterrupted plane. The disruption may be accomplished by a change in plane, material, or opening, or a more significant design element such as a tower or gable, or other vertical elements.

This diagram illustrates the disruption of horizontal planes at least every 25 feet through the use of a change in plane and the use of a tower.

Sec. 33-6.8.3.4. Openings.

- (a) *Ground floor.* Table 33-6.8.3.4-1 provides the minimum percent of the street-facing building façade between the elevations of two (2) and ten (10) feet above the first finished floor that shall be comprised of transparent doors or windows that provide a view of the interior area within three (3) feet of the opening.

* * *

- (c) Calculations for openings and transparency shall be independently computed for and applied to each street-facing building façade and shall not include building façades that are both visible from and perpendicular to a street (see Figure 33-6.8.3.4-3).

Table 33-6.8.3.4-1: Minimum Percent Openings.

| | Ground floor | Upper or above-ground floors |

Sec. 33-6.8.3.7. Materials.

- (a) *Context and Alternatives.* Materials shall be reviewed for compliance with architectural context.
- (b) *Façade.*
- (1) At least eighty (80) percent of each building façade visible from the street, excluding window and door area, shall be clad in brick, stone,

stucco, textured masonry, wood, or architectural pre-cast concrete. This requirement shall be independently computed for and applied to each applicable building façade.

(2) Other alternative materials may be considered depending on overall architectural design.

(3) Prohibited materials are plain concrete block, exposed aggregate (rough finish) concrete wall panels, exterior insulating finish systems (EIFS) or synthetic stucco, plastic, vinyl, and metal with exposed fasteners.

(4) Exception. The material restrictions of this section shall not apply in the I-MU district. In the I-MU district, metal shall be considered a permitted wall material.

(c) *Roof.* Wood shakes, slate/tile, rigid shingles with ridge tiles, asphalt shingles, and metal (corrugated, v-crimp, and standing seam) are allowed. Standard flat roof materials are also allowed.

(d) *Changes in materials.* Changes in materials should have a clear line of demarcation, such as by offset, reveal, or border.

This picture shows an example of the use of borders and offset to denote a change in materials.

* * *

SECTION 33. That Chapter 33 Unified Development Code, Sec. 33-6.25. Landscaping, buffering, and screening., is hereby amended, to read as follows:

Sec. 33-6.25. Landscaping, buffering, and screening.

Sec. 33-6.25.1. Purpose.

* * *

Sec. 33-6.25.2. Generally.

(a) *Interpretation of terms.* Where necessary to interpret the precise meaning of terms used in this division, the following rules shall apply:

* * *

(b) *Expansion.* When a development site or parking lot is enlarged, the requirements of Sec. 33-6.25. Landscaping, buffering, and screening, shall apply on an incremental basis, which means that a landscaping and buffering requirement is applied to the enlargement, or in the case where a requirement is calculated as a percentage of the overall site, is applied in the same proportion that the enlarged site or lot area has to the existing development. However, landscaping, buffering, and screening may also be required in specific circumstances within the specific districts.

* * *

Sec. 33-6.25.4. Applicability.

(a) The requirements of this section apply to the base and overlay zoning districts listed in Table 33-6.25.4-1, Base and Overlay Zoning Districts Requiring Greenspace Areas, and to the uses listed in Table 33-6.25.4-2. Uses or Development Patterns Requiring Greenspace Areas when specifically required by a zoning district.

(b) *Exemptions.* The requirements of Sec. 33-6.25. Landscaping, buffering, and screening do not apply to single-family residential (LBCS function code 1110), two-family residential (LBCS function code 1120), three-family residential (LBCS function code 1130), or four-family residential (LBCS function code 1140) dwelling.

Sec. 33-6.25.5. Greenspace standards.

(a) Generally.

* * *

(b) *Streetscape*. Streetscape landscaping is located along street rights-of-way and intended to enhance the streetscape, define entrances and walkways, provide visual breaks along blank building facades, and screen mechanical equipment and similar appurtenances. Streetscape landscaping shall not apply in the I-L and I-H Districts when located across a street right-of-way from a I-L, I-H, or I-LF District.

* * *

(c) *Property Buffer*. Property buffers are continuous strips of landscape area located along side or rear lot lines and intended to provide separation and screening of adjacent land uses where appropriate.

(1) *Applicability and types*. There are four (4) types of property buffers based on district character, use, and adjacent uses or districts. Table 33-6.25.5-2, Property Buffer Requirements by Use, establishes property buffers required for each use or zoning district, by character if applicable. The "adjacent use or zoning district" is not required to provide the buffer. Where the adjacent lot or development site contains a mixed use or is mapped with more than one (1) zoning district, the buffer requirement associated with the most intense adjacent use or district shall apply. However, specific property buffer requirements in the I-H and I-LF Districts are found within the district standards.

SECTION 34. That Chapter 33 Unified Development Code, Sec. 33-10.2. Definitions applicable to this entire UDC., is hereby amended, to read as follows:

Sec. 33-10.2. Definitions applicable to this entire UDC.

For the purpose of this UDC, certain words and terms are hereby defined.

Bulk plane shall mean an imaginary inclined plane, rising over a lot, drawn at a specified angle, and used in conjunction with yard requirements, lot size requirements, and height limits as delineated in the district regulations, to establish the maximum bulk of a structure. This definition shall not be construed to mean that solid roofing to follow the angle of the plane is encouraged. Where bulk plane is required, upper floors are set back increasingly greater distances from the street or sides of the lot, often creating “wedding cake” style architecture. The bulk plane concept is illustrated in Figure 40.3.1:

Bulk Storage shall mean materials stored or able to be stored (e.g., existing tanks not in use/empty) in the following cumulative amounts:

- (1) Gases with a liquid capacity equal to or greater than five thousand (5,000) gallons.
- (2) Liquids or slurries equal to or greater than ten thousand (10,000) gallons or one hundred thousand (100,000) pounds.
- (3) Solids equal to or greater than one hundred thousand (100,000) pounds.

A. *Bulk storage of culinary and medicinal materials* shall mean culinary and medicinal materials stored in the previous cumulative amounts. These materials may be considered hazardous materials and are not

considered *Bulk Storage of Hazardous Materials*. Bulk storage of food grade and edible products include, but are not limited to:

1. Edible cooking oils including, but not limited to, palm kernel oil, sunflower seed oil, coconut oil, vegetable oil, and peanut oil, cake, and meal;
2. Corn oils and corn by products including, but not limited to, corn starch, corn syrup, glucose, high fructose syrup, corn oil, edible starches, and wheat gluten;
3. Shortening, table oils, margarine, and other edible fats and oils;
4. Animal oils, including fish oil and other marine animal oils, and fish and animal meal;
5. Raw sugar, syrups, or finished (granulated or clarified) cane sugar from sugarcane;
6. Materials for candy and other confectionery products, including chocolate candy, other confections, and related products;
7. Food flavoring extracts, syrups, powders;
8. Prepared foods and miscellaneous food specialties including, but not limited to, baking powder, yeast, peanut butter, tea, spices, vinegar, and dry preparations, such as pasta, rice, potatoes, textured vegetable protein, and similar products, to be prepared and cooked by the consumer;
9. Flour or meal from grain (does not include grain elevators (LBCS function code 9111));
10. Dairy products, such as milk, cheese, yogurt, and ice cream and frozen desserts; or
11. Malt beverages, wines, brandy and brandy spirits, alcoholic liquors, including for blending processes or mixing, soft drinks and carbonated waters, and fruit and vegetable juice (does not include the LBCS Classification Uses breweries, distilleries, micro-breweries, micro-distilleries, micro-wineries, and wineries).
12. Animal, vegetable, and/or plant oils and fats that are not ready for human consumption, including those in a crude, unrefined or unprocessed state.
13. Bulk storage of organic and inorganic medicinal chemicals and their derivatives, and botanical drugs and herbs, such as agar-agar, basic vitamins, and isolating active medicinal principals such as alkaloids from botanical drugs and herbs.

B. *Bulk Storage of Hazardous Materials* shall mean hazardous materials, as defined in Chapter 13 of the Parish Code, not under active shipping papers, stored or able to be stored (e.g., existing tanks for hazardous materials not in use/empty) in the previous cumulative amounts. If thresholds for storage in bulk are amended in Chapter 13 of the Parish Code, the standards of Chapter 13 shall control.

1. *LBCS classification*. The bulk storage of hazardous materials shall be designated as LBCS Function Code 3633, within Section 33-3.4.4. Master use matrix, Table 33-3.4.4-1. Master Use Matrix, unless specified as an exception below.
2. *Types*. Bulk Storage of Hazardous Materials including, but not limited to:
 - (a) Terminals where hazardous materials are received from a pipeline, marine vessels, tank railcars, tank vehicles, or other means; are stored in aboveground tanks; and are shipped out by any of the same means by which they are received or by tank vehicle directly to the end user.
 - (b) Warehouses or yards that store hazardous materials in drums, tote tanks, boxes or other containers containing gases, liquids, solids, or slurries, where the cumulative total of materials stored exceeds the above amounts.

3. Exceptions. Bulk Storage of Hazardous Materials for the purposes of this definition does not include the following; however, such storage of materials may be subject to the standards of Chapter 13.

(1) Retail outlets. Retail outlets that store hazardous materials in drums, tote tanks, boxes or other containers containing gases, liquids, solids, or slurries, for sale, that meet or exceed the thresholds established in above amounts. This is considered part of the principal retail use and subject to the standards of that use.

(2) Accessory storage. The following uses or use categories within Section 33-3.4.4. - Master use matrix, Table 33-3.4.4-1. Master Use Matrix, are not considered Bulk Storage of Hazardous Materials even if hazardous materials are stored in quantities that meet or exceed the thresholds established in above amounts. Storage of such materials must be accessory to and essential to operation of the principal use, and are considered part of the principal use and subject to the standards of that use.

C. Bulk Storage of Non-Hazardous Materials shall mean materials that are not classified as hazardous materials as defined by Chapter 13. Bulk storage of non-hazardous materials, for the purposes of this definition, does not include the following. However, such storage of materials may still be subject to the standards of Chapter 13.

1. If non-hazardous materials are stored in quantities that meet or exceed the thresholds established above, but are accessory to and essential to operation of the principal use, they are considered part of the principal use and subject to the standards of that use.

Caliper shall mean the diameter measurement of the trunk of a tree taken from a point six (6) inches above final grade.

Impervious Area shall mean an area of a lot covered by materials that significantly reduce and prevent natural infiltration of water into the underlying soil, resulting in an increased volume and velocity of surface water runoff. These areas include but are not limited to roofs, streets, driveways, sidewalks, and any concrete, stone, brick, asphalt or compacted gravel surfaces.

Land use action shall mean the following actions as regulated by Chapters 33 and 40 of this Code: text or map amendment; approval of a use, ~~conditional use~~, or special permitted use; site plan review and phasing; subdivision; proposed public improvements or abandonment of public reservation; development agreements; and appeals, exceptions, variances, and waivers.

Landscape Area shall mean any area planted with living groundcover, trees, shrubs, or other plant material, including mulch.

* * *

Truck stop shall mean a structure(s) or land used primarily for the retail sale of fuel for trucks and incidental service or repair of trucks including but not limited to: attendance eating, and truck parking facilities, but not to include the storage of vehicles for the purpose of using parts of such vehicles for sale or repair. Such a facility may include video poker gaming, but only if such a facility is on a site of at least ten (10) acres and meets the criteria listed in Division 1. Specific Use Standards of Article 5. Supplemental Conditions, of this UDC. ~~Article XXX, Industrial District M-4.~~

* * *

SECTION 35. That Chapter 39 Waterways and Beaches, Sec. 39-2 Anchorage and mooring zone on Mississippi River., is hereby amended, to read as follows:

Sec. 39-2. Anchorage and mooring zone on Mississippi River.

- (a) Those areas along the Mississippi River banks on the river side of the levees which are directly across from property zoned C-2 General Commercial, ~~M-4 I-L~~ Light Industrial and ~~M-2 I-H~~ Heavy Industrial are hereby designated as mooring and anchorage areas for the tying up of barges and other vessels, all as per map annexed to Ordinance Number 11562 and made part thereof and marked for identification "Anchorage and Mooring Zone Map I."

* * *

SECTION 36. That Chapter 40 Zoning, Sec. 40-3. Definitions., is hereby amended, to read as follows:

Sec. 40-3. Definitions.

For the purpose of this chapter, certain words and terms are hereby defined. Words used in the present tense shall include the future; the singular number shall include the plural and the plural the singular; the word "shall" is mandatory and not directory.

Unless specifically defined in this Chapter, words or phrases used in this Comprehensive Zoning Ordinance shall have the meaning of common usage which gives this Ordinance its most reasonable application or, when applicable, the meaning provided in other ordinances, including but not limited to the Comprehensive Plan.

* * *

Borrow pit shall mean an excavated area from which soil and unconsolidated materials are removed for commercial purposes for use without further processing or handling as fill for activities such as landscaping, building construction, levees or highway construction and maintenance on-site or off-site.

Brewery shall mean a facility licensed as a "Manufacturer or brewer" as defined in Title 26, Section 241, of the Louisiana Revised Statutes. The facilities may include an on-site tasting room or rooms as an accessory use with retail sales

of only those alcoholic beverages produced at the facility for consumption on or off the premises.

Building shall mean any structure designed or built for the support, enclosure, shelter or protection of persons, animals, chattels or property of any kind.

* * *

Commercial Body Art Facility shall mean any licensed place or establishment which is operated for the purpose of physical body adornment, including but not limited to tattooing, cosmetic tattooing, body piercing, branding, and scarification. This does not include piercing an ear with a disposable, single use stud or solid needle that is applied using a mechanical device to force the needle or stud through the ear.

Commercial kitchen shall mean a certified shared commercial kitchen in which individuals or businesses prepare value-added food products and meals, usually paying an hourly, daily, weekly, or monthly rate to lease a space shared by others.

Composting facility shall mean a facility where organic matter is processed by natural or mechanical means to aid the microbial decomposition of the organic matter. Composting facility as defined in this section shall not include small-scale residential composting for use by the resident.

* * *

Development site shall mean any group of one or more lots occupied or intended for development as a unit.

Distillery shall mean a facility licensed as a "Manufacturer" as defined in Title 26, Section 2, of the Louisiana Revised Statutes. The facilities may include an on-site tasting room as an accessory use with retail sales of only those alcoholic beverages produced at that facility for consumption on or off the premises.

Distribution and fulfillment center shall mean a facility where goods or products are stored on-site temporarily, for the purpose of delivery to a neighborhood retail, fulfillment center or residential or commercial property. Such facilities may include automated systems, office space, and a pick and pack area to be used by employees for sorting and packaging goods and products for delivery from available, on-site inventory. Distribution and fulfillment center may include Warehousing not defined as Courier and messenger services LBCS Function Code (4160) and Postal services (4170).

District shall mean any section of the Parish of Jefferson in which these Zoning Regulations are uniform.

* * *

House trailer shall mean a trailer which is detached movable unit(s) designed for conveyance or transportation after fabrication, on streets or highways on its own wheels or on a flatbed or other trailers and is constructed and designed for use as a place of habitation, living abode, or sleeping place either permanently or temporarily. For the purposes of this section "house trailer" shall include the following:

- (1) Movable unit(s) intended for family occupancy, originally equipped with or having a vehicular chassis but lacking one (1) or more of the following mechanical systems and equipment; plumbing, heating, electrical, cooking and refrigeration.
- (2) Movable unit(s) intended for family occupancy originally equipped with or having a vehicular chassis and provided with all of the following mechanical systems and equipment, plumbing, heating, electrical, cooking and refrigeration, but not constructed in compliance with "the national mobile home construction and safety standard act", 42 USC 5401, et seq., and federal regulations promulgated pursuant thereto.

- (3) "Mobile homes" or "manufactured homes" which are classified by law as movables or chattels or are otherwise subject to the provisions of Louisiana Revised Statutes Title 32, Motor Vehicles and Traffic Regulations.

Industrial design shall mean the design, marketing, and/or brand development of various products that are researched and developed by integrating the fields of art, business, science, and/or engineering. An industrial design establishment may create prototypes and products but does not mass manufacture products from the premises.

Infectious medical waste shall mean that portion of potentially infectious biomedical waste which contains pathogens (living agents capable of producing disease) with sufficient virulence (disease-producing power) and quantity so that exposure to the waste by a susceptible host could result in an infectious disease.

* * *

Joint change, or joint application shall mean an amendment to the Official Zoning Map and a corresponding amendment to the Future Land Use Map, processed concurrently.

Land use action shall mean the following actions as regulated by Chapters 33 and 40 of this Code: text or map amendment; approval of a use, ~~conditional use~~, or special permitted use; site plan; subdivision; development phasing or timeframes; proposed public improvements or abandonment of public reservation; development agreements; and appeals, exceptions, variances, and waivers.

Landscaping shall mean living plant materials collectively referred to as softscape items that include turf, seasonal color, groundcovers, vines, shrubs and trees; and nonliving materials collectively known as hardscape items that include soil, fertilizer, staking materials, mulch and edging used in combination to create landscape beds.

* * *

Medical waste shall mean that portion of potentially-infectious biomedical waste that is generated from the operation of medical programs, offices or facilities.

Micro-brewery shall mean a facility licensed as a "Microbrewery" as defined in Title 26, Section 241, of the Louisiana Revised Statutes. The facilities may include an on-site tasting room with retail sales of alcoholic beverages for consumption on or off the premises.

Micro-distillery shall mean a facility licensed as a "Microdistillery" as defined in Title 26, Section 2, of the Louisiana Revised Statutes. The facility may include an on-site tasting room with retail sales of alcoholic beverages for consumption on or off the premises.

Micro-winery shall mean a facility licensed as a "micro-winery" in accordance with Title 26, Section 2, of the Louisiana Revised Statutes. The facilities may include an on-site tasting room with retail sales of alcoholic beverages for consumption on or off the premises.

Milliner shall mean a person whose occupation is the custom designing, making, trimming, or sale of women's hats.

* * *

Truck stop shall mean a structure(s) or land used primarily for the retail sale of fuel for trucks and incidental service or repair of trucks including but not limited to: attendance eating, and truck parking facilities, but not to include the storage of vehicles for the purpose of using parts of such vehicles for sale or repair. Such a facility may include video poker gaming, but only if such a facility is on a site of at least ten (10) acres and meets the criteria listed in Sec. 33-5.3. SECTION 71. That Chapter 40 Zoning, Sec. 40-747. Regulations for stadiums and athletic fields., is hereby amended, to read as follows:

Sec. 40-747. Regulations for stadiums and athletic fields.

- (a) *General.*
- (b) *Stadiums and athletic fields in residential zoning districts.* Notwithstanding the definition of accessory building or use, or any other provisions related

* * *

to accessory buildings or uses, the following regulations shall apply to any stadium or athletic field accessory to a school or located within a park or playground in a residential zoning district:

- (1) *Site.* Stadiums and athletic fields shall be located on the same lot of record as and contiguous to the school, park or playground, and uninterrupted by public rights-of-way. In the case of a school, the lot of record upon which the stadium or athletic field is located also shall contain at least fifty (50) percent of the square footage of the school dedicated to core educational, academic activities, excluding space used for athletics such as gymnasiums and outdoor fields.

* * *

- (12) *Approval.* Stadiums and athletic fields accessory to schools and private parks or playgrounds shall be subject to site plan review in accordance with Sec. 33-2.25. *Site plan* of this Code.

- a. The applicant shall submit a site plan documenting compliance with all the criteria of this section to the Planning Department for administrative review by the Land Use Review Technical Committee, in accordance with Level 1 site plan review procedures, including the fee, of Sec. 40-449 *Development review procedures in the Mixed Use Corridor District* and applicable requirements of Sec. 40-450 *Site plan submittal*.

* * *

- c. If the site plan does not fully meet the criteria then the stadium or athletic field shall be subject to the provisions of ~~Article XL~~, Sec. 33-2.23. Special Permitted Uses, including the additional fee and approval from the Jefferson Parish Council, and a copy of all documents associated with the approval shall be recorded pursuant to the procedures of Sec. 33-2.25.4 *Recordation of approved site plan* of this Code. However, neither the Parish Council nor any Parish board, commission, department, or administrative agency shall grant a variance to any of the following regulations, and special permitted use applications for stadiums shall not include requests for variances to these regulations:

* * *

- (c) *Stadiums and athletic fields in non-residential zoning districts.* When a stadium or athletic field is a stand-alone recreational use or accessory to a high school in the case of a stadium, any school in the case of an athletic field, or to a park or playground, in a non-residential zoning district (where such uses are permitted) that abuts or is located across the right of way of a local, neighborhood collector, or collector street from a residential zoning district, the following criteria shall apply:

- (1) *Site.* When a stadium or athletic field is accessory to a school, park, or playground, the stadium or athletic field shall be located on the same lot of record as and contiguous to the school, park or playground, and uninterrupted by public rights-of-way. In the case of a school, the lot of record upon which the stadium or athletic field is located also shall contain at least fifty (50) percent of the square footage of the school dedicated to core educational, academic activities, excluding space used for athletics such as gymnasiums and outdoor fields.

* * *

- (8) *Approval.* Stadiums and athletic fields shall be subject to site plan review in accordance with Sec. 33-2.25. *Site plan* of this Code.

- a. The applicant shall submit a site plan documenting compliance with all the criteria of this section to the Planning

Department for administrative review by the Land Use Review Technical Committee, in accordance with Level 1 site plan review procedures, including the fee, of *Sec. 40-449 Development review procedures in the Mixed Use Corridor District* and applicable requirements of *Sec. 40-450 Site plan submittal*.

* * *

- c. If the site plan does not fully meet the criteria then the stadium or athletic field shall be subject to the provisions of ~~Article XL~~, Sec. 33-2.23. Special Permitted Uses, including the additional fee and approval from the Jefferson Parish Council, and a copy of all documents associated with the approval shall be recorded pursuant to the procedures of Sec. 33-2.25.4 Recordation of approved site plan of this Code.
