The following is an outline of the steps the Planning Department follows for all applications it reviews, including zoning or land use text or map amendment, site plan review, special permitted use, or subdivision:

- **Application Submittal.** When an application is submitted, a Planner reviews the application to preliminarily determine that it contains the minimum required items for beginning the review process.
  - If it does, the Planner will accept the application and assign it a docket number. Then, within three business days, the Planning Director will make a final determination of completeness. Upon a determination that the application is complete, the Director will forward the application to the Land Use Review Technical Committee (LURTC) for review.
  - If it does not contain the minimum required items, the Planner will advise the applicant of what items are required and return the application to the applicant.
- **LURTC Review.** The LURTC will have 5-10 business days, based on the type of application, to review and provide comments, but more time may be granted at a committee member's request. Once the review period is complete, the Planning Department shall transmit the LURTC comments to the applicant.
- **Advertising for PAB or OMC Public Hearing.** For applications that require a public hearing, the applicant shall have 10 business days from the date that the Planning Department transmits the LURTC comments to respond to the Planning Department in writing about addressing the LURTC comments. The Planning Director shall then, based on the applicant's response, determine whether the application can be advertised for a public hearing. Any delay in addressing comments may delay the processing of the request.
  - For Planning Advisory Board (PAB), the notice must be advertised three times (once per week) prior to the PAB public hearing.
  - For Old Metairie Commission (OMC), the notice must be advertised one time at least five business days before the OMC public hearing.
- **Cancellation of Applications.** From the date that the Planning Department transmits the LURTC comments, the applicant shall have 30 business days to address the findings with revised plans if plans are required or a written response that states how the applicant will address the findings. If the applicant does not respond within 30 business days, then the Planning Department shall issue the applicant a letter of notification that the Planning Department shall cancel the application 30 business days from the date of the letter if the applicant fails to address the LURTC's findings or to withdraw the application by letter submitted to the Planning Director. Reactivation of an application that the Planning Department has cancelled or that the applicant has withdrawn shall occur through submittal of a new application including repayment of all fees.
- **Action by Parish Council.** The PAB and OMC are recommending bodies; final action rests with the Parish Council.
  - For items requiring a recommendation from the PAB, following the PAB public hearing and recommendation, an ordinance stating the request will be placed in summary for action by the Parish Council. Once the ordinance has been placed in summary, it can be heard by the Council at a following hearing (to be determined by required layover time and Council hearing schedule). Please note that an ordinance cannot be placed in summary and acted upon within the same meeting.
  - For items requiring a recommendation from the OMC, following the OMC public hearing and recommendation, and the Board of Zoning Adjustments public hearing if applicable, a resolution stating the request will be placed on the next available Council agenda.  
The Council may approve, deny, or defer the ordinance or resolution. If approved, the appropriate documents (survey, site plan, etc.) will be forwarded to the Council Clerk's office for recordation. If denied, the Planning Department will not take further action on the application.
- **Extensions.** In meeting the timeframes specified above, the applicant may submit a written request to the Planning Director for additional time, and the Planning Director may grant additional time for good cause shown.

*I, the undersigned, have read and understand, and have asked questions if I didn't understand, and hereby acknowledge the policy as stated above.*
